NUMBER FIVE

Students' Celebrate Chemawa's 63rd Birthday

Chemawa's 63rd birthday was celebrated Thursday afternoon and evening, Feb. 25, at the auditorium and gymnasium.

The assembly at 2 o'clock at the auditorium was opened by the orchestra playing "Indian Boy" and "Rhythm Rascals." The glee club sang "Memories," from the Merry Widow Waltz, and "Smiling Thru." The band played "On Chemawa" as the closing feature of the performance, with everyone singing.

Mr. Warren Wilder conducted the assembly and did the announcing. He presented Mr. Charles Larsen, who gave an entertaining talk on the history of Chemawa; Mr. Larsen also read the names of employees and students who are in the service of their country. He said the school was going to make a flag with a star for each person that is representing our school in the armed forces.

Mr. Jackson spoke on Chemawa's part in the war effort. Some of the things he mentioned were the huge amount of scrap metal the school contributed, the room we furnished at Camp Adair, the airplane watching, the successful harvesting of school crops, and preservation of food in our cannery.

Mr. Wilder announced a basketball game to be held in the gym at 3:30, with our grade school and a team from West Salem. (Our boys won the game.)

At the dance in the evening a huge birthday cake was served with punch. The cake was decorated with red and white. Mrs. Sanders lighted the candles and Miss Dick was given the first piece of cake.

Mr. Robair Thomas, who has resigned as printer to go to Portland for defense work was presented with a present.

Spring-like weather added to the pleasure of the birthday party.

Hi-Y Sponsor Chapel

On Feb. 14, at 7:30 chapel was sponsored by the Hi-Y, Robert Edden presiding. Robert introduced the speaker, Dr. G. Herbert Smith, who is the president of Willamette University.

The orchestra delighted the audience with music which was played in the motion picture "Yankee Doodle Dandy." So many people said they could recall the picture in their mind's eye as the orchestra

unfolded the different tunes of the score.

President Smith commended the glee club girls for their delightful singing of "Sylvia" (Oley Speaks) and "In the garden of Tomorrow." Dr. Smith he said would like to have Miss Rector bring her glee club girls to sing these songs at a Willamette chapel soon.

Mr. Jackson gave a short talk on Willamette and asked Robert Edden to escort to the platform Mrs. Turney who is a graduate of Willamette University.

Dr. Smith gave a very interesting talk about two great Americans who worked their way, starting with what they had---Abraham Lincoln, our 16th president, and George Washington Carver, negro scientist.

Following chapel was a reception held at Winona Hall by the Hi-Y members in honor of their guests.

Is Your Behavior Our Business?

"What I do is nobody else's business and what I do doesn't hurt anybody else."

That is the attitude some girls and boys take. But they don't stop to think of the rest of us here. They may think they hurt only themselves, but they harm all of us indirectly.

Some of these careless students talk about their "good time" encouraging others, sometimes younger ones, to go and "have themselves a good time," That "good time" reflects on us.

When a person is out in public, he should always remember he is a representative of his family, his school, and his race.

So, students, remember you are a representative of the Indians and the Indian race is one to be proud of. Don't lower it by being cheap---by having what you call a good time. You are only trying to fool yourself. You do not fool any one else.

Try to be a good example for the younger boys and girls by being clean---that is, think clean and talk clean.

Girl Reserve Conference

At the Girl Reserve Conference in Portland on Feb. 27 and 28, Chemawa was represented by Miss Margaret Harris, Audrey O'Connor, and Luella Wilson. They brought back many interesting topics to present to the group and we are sure to profit by it.
