

Shop Talk

At the bakery the reporter got an estimate of the amount of bakery goods that Mrs. Sanders and her boys turned out in one week's time; 1,000 loaves of bread, 900 biscuits, 450 cinnamon rolls, 450 cookies, 900 rolls, 75 pies, 8 pound cakes, 450 buns. To make this amount of bakery goods it takes from 1,000 to 1,150 pounds of flour and approximately 75 pounds of sugar. About 42 loaves of bread are eaten at each meal by the students. That is, 72 stacks of bread with 12 slices in each stack.

Two boys, Glenn Scott and Delmar Hickox, are at the power plant this quarter. The boys are taking motor and generator winding also general power plant operation and maintenance work. They have learned how to generate electricity.

In the kitchen the reporter saw a big tub of salmon being prepared for dinner. A peep into one of the cold storage rooms revealed jams, jellies, butter and other such delicious foods. The other held apples, eggs, milk, and meat. The kitchen was very neat, clean and orderly.

Lately the mechanics at the auto shop have been busy wrecking old cars. They have wrecked two old Fords and one old truck.

A new system for getting tools has been installed in the shop. Each boy has been give a number. These numbers are printed on tags and whoever takes out a tool places one of these tags in its place. In this way Mr. Speed hopes to avoid losing tools.

The mechanics have started to reconvert an old truck into a fire engine but this work has had to be discontinued for awhile because of more important jobs. The big job right now is the overhauling one of the Cletracs from the farm.

Each of the government vehicles on the campus gets a complete lubrication job every 100 miles.

The print shop is a busy place. A few of their jobs are mentioned below. They have just completed an order of memo pads for the Portland District office. Besides this they have printed for Chemawa pass-excuse blanks, the membership cards for the agriculture club, imprinted diplomas and completed health inspection report blanks for all departments of the school.

Mr. Mason and his boys have been really busy in the carpenter shop for besides numerous other jobs they have sanded two floors in the high school

Boxers Popular in Seattle

Six of our boxers went to Seattle to compete in the Golden Gloves Tourney. The first night they ran into some stiff opposition.

In the semi-finals Curtis Stacona lost by a T.K.O.

The Seattle paper, Seattle Post Intelligencer, gave the boys a nice write up, also put their pictures in the paper.

After the boys returned to Chemawa from Seattle, Mrs. Brannon received a letter from Royal Brougham, nationally known sports editor. Mr. Brougham complimented our boys on their sportsmanship and general conduct. We appreciate hearing these nice things. Coach Ashcut came in for his share of praise too.

Boxers to Rambler's Club

Chemawa's beakbusters travelled again to Portland Feb. 18 to take part in a smoker put on by the Rambler's Club. Our boxers lost six and won two.

Stacona State Champ

Curtis Stacona left for Boston Monday, March 31, to represent the Oregon A.A.U. in the 112-lb. division. He won a decision over team-mate Carol Gensaw in the state finals in Portland March 14 to gain the flyweight crown. Curtis will appear in the bean town tournament April 7—if all goes well, also on the 8th and 9th.

building, made a book case for the fourth grade, repaired screens, and have been helping to remodel the Totem which has been moved back of Kola Tepee and is being made into offices for the advisers. The boys have made a few things such as picture frames and chests for their rooms at McNary hall.

Spring cleaning has started at Chemawa so we know the painters are busy. The high school building is repentent in its new coat of paint. The students should be proud of the clean rooms and help keep them that way.

Girls Sewing Class

The girls of the Junior class have made several articles in their sewing class, print pajamas, jackets, and top coats. The eighth grade girls have made print dreses. All the girls helped with making the Christmas candy bags.
