

## CAMPUS NEWS BRIEFS

Melvin Eagleman, a 1947 graduate, was a recent campus visitor.

The members of the Senior class journeyed to Salem March 7 to have individual pictures taken at the Kennell-Ellis photo shop.

A recent letter was received from Sgt. Robert Eickmier. Robert was a graduate of the 1946 class. He is in the Marine Force Company, and is stationed in Hawaii.

Mr. and Mrs. Roy E. Peacher and little daughter Nancy were week-end guests of Mr. Peacher's mother, Mrs. Mary Peacher. The Peachers live in Shelton, Washington.

On March 10, the members of the student body and some of the employees had their pictures taken by the School Photo Service, Inc., of Kansas City, Missouri.

Mr. and Mrs. A. C. Adams of Browning, Montana, made a short stop to call on Reverend Wilcox and William, Louis and Ermine Belgarde. It is always a pleasure to have home folks visit us.

The library is justly proud to display the new 13 volume set of encyclopedias "Britannica Jr.", a two volume set of Century dictionaries, Britannica World Atlas, and a Britannica 1948 Book of the year.

Miss Pita Cajete accompanied Milford John to the Tacoma hospital March 18. Milford accidentally fell here at the school and received a head injury. He was taken to Tacoma for treatment. His classmates wish him a speedy recovery.

The campus bridge club met at Kola Tepee Feb. 21 with Mrs. Sanders and Mrs. Faulkner as hostesses. The George Washington theme was carried out and delicious cherry pie was served. Men's high score went to Mr. Kelly and high score for ladies to Mrs. James.

Members of the student body received a letter from a former student, George Charlie, who attended school here in 1944. He is now confined to the Indian hospital in Nanaimo, B. C., where he has been for eight months. Members of the senior class answered the letter and sent him copies of the "Chemawa American" and "Watawah." George writes he is lonesome and would like to hear from Chemawa students.

Mr. and Mrs. C. E. Walker and children, Ellen and Harvey, of Tacoma, were recent campus visitors of Mrs. Sadie Mitchell of McNary hall.

Miss Challis, Miss Koske and Mrs. Rickard were hostesses to the campus bridge club in Miss Challis's apartment at Winona hall on March 8. The prizes were awarded to Mr. Carl Weigle and Mr. Wright Noel. Refreshments of chilled fruit dessert and coffee was served.

## WINONA AND McBRIDE ITEMS

All winter long the weather has been so disagreeable that the girls have not been able to have any kind of outdoor sports to work towards their Chemawa letter "C"; but now that the weather is gradually clearing up we are starting on our athletic sports and games once again. So far we haven't too many choices but when we get a better start and a better assortment of games, we'll really have the hours and points flying in. How about it, girls? Are we in the deal? We'll wear the letters and sweaters next year although we aren't "Lettermen."

It seems as though the girls have done quite a bit of complaining about their aches, pains, and also sprains. Could it be "roller skating"? It must be because the skates have really had a tough breaking-in lately.

Unit 4 and their councillor, Agnes Tahkeal, had an invitational party in our dinette Tuesday night. The girls invited boys from McNary hall. They seemed to be having an awfully good time.

Rosalie Wilkinson has recovered from her ill spell at Tacoma and is back with us again. We're very glad Rosalie is back.

The McBride hall girls' rumpus room and play room has just had an added touch of decoration consisting of Mickey Mouse and circus borders and also new picture panels. Thanks to Mr. Burnette for all his nice work. They also have new linoleum on their back stairway. All of these things make the dormitory so much nicer and all the little girls are so proud of it.

McBride has had a decrease in their girls since Martina and Clara Ives have gone home. Their father came after them because he is living near a public school now.

Well, good-bye until the next edition.

## INTRAMURAL TRACK MEET

Friday, March 11, Sander's field was alive with a mob of excited students cheering their classmates who were participating in the big track meet.

There were many entries of boys from all classes, ages and sizes. There was a great variety of events to enter, as, shotput, track-racing, relay racing, discus throwing, hurdling and many others too numerous to mention.

The winning team was composed of members of the junior and senior classes, the freshmen winning second place and the team made up of seventh and eighth graders came in third.

## HOME ECONOMICS

### FOODS AND HOME-MAKING

Grades 8, 9 and 10 are taking their foods and home-making classes from Mrs. Jeannette Hauser this semester. The eighth graders have their class in the morning so this class has had many visitors from Portland schools. The students and teachers from there tell us that our laboratory is as nice or better than any they know of in their city. So we are proud of our nice work shop.

Our work counters are covered with linoleum and these are now painted with two new coats of "plasti-coat." It preserves the surface and gives the linoleum a polished appearance.

The ninth grade girls have a short period in foods so the food products studied are important fundamentals that can be learned in a shortened period of time. The foremost goals of this group are to learn deft motions, correct handling of kitchen equipment, and to create interest in foods selection and preparation.

The tenth grade girls are studying the foods which one should know how to prepare for dinners of all kinds. At the moment, the study of the value, structure and preparation of meats is preeminent.

Chemawa girls get a wide, varied experience in home-making and they do make an effort to improve each day in their work.

## ATTEND GOVERNOR'S RECEPTION

On the evening of March 7, many Chemawans attended the Governor's Reception in the Mirror room at the Marion Hotel in Salem. The students of the senior class, accompanied by Miss Morse, represented the student body at the reception. After going through the receiving line and meeting Salem's Mayor, and wife, Mr. and Mrs. Elstrom, Oregon's Governor and Mrs. McKay, and other noted people, the guests were ushered into the Marine Room where punch was served and each guest registered in the Guest Book.

## INTERESTING FIELD TRIPS

The sophomore and junior classes have been taking some interesting educational trips lately. The sophomores report of a very pleasant trip to the Forestry building, paper mill, and linen mill, all located in Salem. The juniors journeyed to Oregon City to visit the McLoughlin house. This house was built by Dr. John McLoughlin who was superintendent of the Columbia department of the Hudson Bay Company.
