

SHOP TALK

The barber shop boys are kept busy as they groom all the boys from the first to the seventh grades. The shop has recently been improved by the addition of a new lavatory equipped with hot and cold water. Also, a drinking fountain has been installed.

Buddy Weiser, Robert Patterson and Louis Jerry report that they like the shoe shop work fine. They have repaired 218 pairs of shoes for students during the month of December. They are working on repairing some football shoes which were received from the Willamette university. This is done on a 50-50 basis with the university.

The old 1934 truck used for deliveries to "Pigville" is to be retired as soon as the auto mechanics get the new flat bed 1942 pickup ready for service.

The auto shop has a new fast battery charger. It does the work of charging batteries very quickly, as the new charger does in one hour as much charging as it took two days before to do. The shop has also installed a new lathe which will be used for light machine work. The new tool cabinet is now in operation, too, which makes a neater work shop. The mechanics are doing an overhaul job on the G.M.C. dump truck.

What are the little books that our young mechanics are so diligently studying these days? Ah yes! Mr. Speed says they are going to take the State driving test so they are learning all the kinds of highway signs, etc., etc., so they can make 100 per cent in their written test. Good luck, boys.

The mechanics and their instructor, Mr. Speed, wish to thank Mr. Matt's shop for the neat rack they made for the Operator's Record Books. Mr. Speed says they don't have to shuffle to find the books any more for now they are always in place.

THANKS, WILLAMETTE

Twelve practically new football suits and shoulder pads have been given to Chemawa's football team by the Willamette university.

NEWS FROM EX-STUDENTS

Sgt. Paul Svinth writes from Japan. Paul was a former Chemawa student and Student Body Mayor.

Pfc. Al Slickpoo is located in Kadona, Okinawa. Al writes us that he boxed Inter Island Army Air Force boxing tournament in the feather-weight division (126 lbs.) He was a runner-up and was to represent the 20th Air Force team for the Far East command all-service championship to be held in Guam in January. He writes all winners were presented with trophies by the commanding generals.

Pvt. Jimmie Chockfoot writes from Weaver, S. D. Weaver is an air base located in the Black Hills of South Dakota, near Rapid City.

All these boys say they would like to hear from Chemawa students. Anyone wishing their addresses, call at room 9 in the high school building.

The student body and staff were sorry to learn of the death of Mr. C. S. Aaron, of Salem, Oregon. Mr. Aaron was formerly boys adviser at Chemawa. All of us extend our sincere sympathy to Mrs. Aaron and family.

SOPHOMORE NEWS

The sophomores' main worry is over. This was our assembly the latter part of October. We have a pop sale January 27th for the Infantile Paralysis campaign.

Some of the girls went on a trip to Turner high school. They gave the Round dance, which they had given for our assembly.

Our class (numbering 60) went around to carol after our Christmas program on December 22. After that we returned to our class room for a little party. We had cokes and doughnuts. At 10 o'clock we returned to our dormitories, tired, happy and filled with the Christmas spirit.

Many things happen which make some think that—

Life is always a hard fight,
But you'll find it easy if you
do what's right.

A GOOD CITIZEN

A good citizen always tells the truth. A good citizen takes care of books. A good citizen minds the rules of the school. A good citizen takes care of health and safety rules. A good citizen has good manners.—Warren Conrad, grade three.

CAMPUS ITEMS

Mr. and Mrs. Fred Rickert and Jeannie of Colville Agency were holiday visitors. Mrs. Rickert was formerly employed in the administration office here.

Mr. Abe Holmes was honored at a recent meeting of the meeting of the N.E.F.F.E. A potluck supper was held, after which Mr. Holmes was presented a gift from the members. Mr. Crumley, state president, was the guest speaker at the meeting.

B-R-R-R- — THE WEATHER!

The old proverb, "Mackerel clouds in the sky, expect more wet than dry," was proven true this month as we watched the clouds move over and the snow and rain come down. The native Oregonians tell us we witnessed a silver thaw. We didn't name it ourselves, but it was very icy and dangerous to walk or drive upon.

As every cloud has a silver lining, there was fun with this spell of weather, too, as snow forts made their appearance over the campus, and snow men were lurking everywhere.

One of the large fir trees had to be cut down as it was dangerously uprooting itself.

The snow was fun but all the students welcomed back Oregon's normal winter weather—good old rain.

SPORTS BY PLUMMER

The north end of Marion county "B" League basketball started January 6. Up to date, due to inclement weather, Chemawa has only played two league games.

The scores for our practice games and league games are as follows:

Mills City	38—Chemawa	31
George Fox J. V.	31—Chemawa	30
Sublimity	39—Chemawa	31
Falls City	38—Chemawa	32
Perrydale	27—Chemawa	25
Sublimity	32—Chemawa	26
Presbyterian Ch.	15—Chemawa	60
Naval Res.	40—Chemawa	36

*Oregon State School for Deaf	22—Chemawa	45
Capital Business College	39—Chemawa	37

*St. Paul	25—Chemawa	28
-----------	------------	----

*The Deaf School and St. Paul were league games.
