

HOMEMAKERS CORNER

The new semester found several changes in the Home Economics department. The classes which had been in the Clothing and Laundry divisions are now in the Foods and Production Sewing. The Foods classes in the regular program are having the privilege of using the Senior Foods laboratory which has five unit kitchens this semester as the Navajo girls are using the Junior Foods laboratory. We have several new pieces of equipment for each unit and we are very proud of them. They are new aluminum double boilers and sauce pans, cooky sheets and biscuit pans. We also have some small stainless steel mixing bowls. We are all looking forward to our work this semester—especially, the chance to "cook" and "eat."

NAVAJO TRAIL

WHY I LIKE MY SCHOOL

I like my school because we learn many things in school. Some of the things are new to me. Some of these things teach me how to get along with others, no matter what kinds of people they are. We should all get along with people. If we do not do the right things people will not make friends with us. That is what we learn in school and we also learn to behave. We should behave when someone is talking and not laugh at them when they make a mistake. We learn how to do arithmetic. That is what we learn in the Navajo program. We try to use English but that still is hard for some of us. If we keep on trying we will learn.—Jane Wauneka.

SUNDAY AT GIRLS' DORMITORY

I like to live in the girls' dormitory. There are library books upstairs in the reading room which I like to read. I like to write letters in the living room. Most all of the girls write their letters in the living room. I also like to listen to the radio every Saturday and Sunday.—Lena Claw.

CHRISTMAS ACTIVITIES AT CHEMAWA

Chemawa had a good Christmas. The Salem Lions Club was here to give an entertainment; dances, movies, and programs were enjoyed by the students; classes had room parties or other activities; all the dormitories had programs on Christmas Eve; presents were distributed to the students; friends and relatives visited on the campus; and a big Christmas ham dinner was served to more than 600.

Tap dancing, singing, and magic trips were the numbers on the Lions Club program. During the numbers three clowns did comical acts. After the program each student received a treat.

SIXTH GRADE ACTIVITIES

The sixth grade has two pigs as a class project this year. Delvin Seamon is cattle boss and chooses one boy from the class to help take care of the pigs.

Each Friday at four o'clock the sixth grade sells candy. Billy Sealy is in charge of candy sales and he chooses a student each Friday to help him. Profit from this goes toward financing class parties. Two parties have been enjoyed, one at Thanksgiving and one at Christmas. Mr. Barnette gave us a watermelon feast in September.

Raymond Conrad is captain of the sixth grade basketball team. Thamer Perry, Jessie Hancorne, Kathy Tattooed and Esther Scott are cheer leaders for the sixth grade.

February 27, Johnny McCash, Delvin Seamon and Billy Sealy went to Corvallis to spell over KOAC Oregon School of the Air.

JUNIOR HIGH NEWS

On October 26th the eighth grade elected class officers for the school year. The following were elected: President, Lloyd Sanders; Vice-president, Duke Morton; Secretary, Romona Calvin; Treasurer, Roberta McDevitt; and Reporter, Nancy Jerry.

The eighth graders are glad to welcome Charlotte Moses to their room.

SEMESTER ENDS

EDITORIAL

The first semester ended Friday, January 12th, 1951. Now some of us look cheerfully, yet regretfully, to the starting of the new or second semester on January 15, 1951. As we, the seniors, have half way reached our goals which end at graduation, we are sorry that some of our classmates have fallen by the wayside and have not completed the tasks that were started as freshmen.

This next semester, let's put more effort into our work, so that we may achieve greater understanding and better grades. Another important thing to remember is your book reports. Carefully choose your books and take only those that are worth remembering. Let's get off to a good start and we will not likely be the ones that fall by the wayside.

Spring is just around the corner, although it is snowing today, and before we know it another year of school will be completed. Let's all end this school year with a feeling of having done a job well.—Sylvia Winnier.

THE CHRISTMAS STORY

Grades one, five and six presented the Christmas Story for the student body shortly before Christmas. There was a reader who read the story while the other students acted out the story. It was presented in five scenes. The cast included Mary, played by Roberta Lucia; Joseph, by Delvin Seamon; Angel Gabriel, by Leland Jackson; King Herod, by Frank Lane; Levi Wilbur, Lee Stone and Billy Sealy were the Kings; Doyle Punkun, Everett Weiser, Thomas Jones were the shepherds. The little first graders were the Angels. The reader was Johnny McCash, who took the place of Irvin Lewis, as Irvin came down with the mumps the day the play was presented. Stage manager was Milton Tattooed, assisted by Reggie Edwards.
