

ENJOY VARIED ACTIVITY

School is almost over. It was a happy year. Now is the time to think of all the things that were learned and were done. There were new friends for all of us. There were dances to which you went. You belonged to clubs, played games, and saw many movies that showed you how to do things; some other movies entertained you. In classes, you learned many things.

Twenty-six Navajo students will graduate. They have been here for five years and are the first "5 Year Class" to finish at Chemawa. The girls have learned to cook, keep house, and to sew. Some have made their own clothes. The boys have

learned to paint, to work in service stations, and on farms. Others have learned to fix shoes or to be carpenters. Now some have good jobs. The others can get jobs too, because they came to school and learned how to work at different vocations. Next year, new Navajo students will come to school. You who are in your fourth year now, will graduate. This summer you can think of and plan what you will learn and do when you come back next year. It is im-

portant that all boys and girls go to school.

While you were here, a dentist took care of your teeth. The doctor and nurses kept you from getting sick. If you did get sick, they worked to make you well. Some of you who needed glasses got them so that you could see better. The teachers taught good English, arithmetic, spelling and many other things in the classroom. Five Navajo teacher-interpreters worked with the classroom teachers. They helped the students to learn English. The interpreters
