Basketball

At the beginning of the season about forty boys turned out for basketball. There were eight lettermen and many fine looking prospects. After two weeks of turnouts, the group was cut down to twenty-four boys,—twelve on the varsity and twelve on the junior varsity teams.

The boys on the varsity team at the present are, James Switzler, Ralph Scott, George Umtuch, Allen LaPlant, Farrell Gallineau, Charles Tellier, James Osborne, Louis Benally, Tom Goldtooth, Charles Wyman, Pat Morin, and Joe Coburn.

On the junior varsity are, Frank Pays, Clarence Henthorne, Ken Conner, John Paddock, Harry Thomas, Dayton Blackwater, Carl Brown, Francis Dixie, Dempsey Horn, Sanford Azure, Reynolds Roanhorse, and Robert Sam.

The first game was with Colton. It was a non-league game. The boys made a good showing by keeping the score close throughout the game, and by being in the lead at one time, but lost by a score of 60-52.

The next night, at the jamboree, Chemawa played Detroit, and lost another close game with the score 13-11.

The following Tuesday league playing began. Chemawa was beaten on the home floor by Scio. The score was 54-46. Three days later the team met defeat at Sublimity, 53-48.

Farm Safeguards Health of Swine

There is a state regulation that whenever garbage is fed to hogs, it must be cooked for thirty minutes at a temperature of 212 F. The reason for this is that the process kills germs and so holds down diseases in pigs, which results in meat that is free from trichinosis. Chemawa has set up a small building just for that purpose. The garbage is cooked by running a steam hose into the can containing it.

Rivalry Is Keen For Unit Awards

At Winona Hall, unit awards have been won by Geraldine Hamlin, Unit 1, Beverly Carlson, Unit V, and Lorraine Farmer's Unit II. Unit III is working for the award this month. Charlotte Runningcrane is leader of the unit.

Points may be won in several ways. Every day one point is given for each room with excellent rating; each girl is allowed one point daily for satisfactory detail; volunteer details, such as carrying linens to the laundry, delivering shop orders, taking over McBride Hall Mail, and changing ironing board covers, earn one point each. When competition is keen, girls volunteer for such work as mopping, waxing, and buffing halls, and cleaning linen closets, laundry, showers, and rest rooms.

The award, given each month, is a trip to Salem with movie tickets purchased from Winona Hall funds, for the girls in the winning unit.

Film Strip Premiere

Mr. Edgar L. Wight, Indian Service Education Specialist in Agriculture, visited Chemawa on November 30. At a meeting with the teaching staff, Mr. Wight presented the subject, **Field Trips for Learning**, showing a film strip of that title recently prepared by the Education Film Laboratory of the U. S. Indian Service.

Return of Books Important

Each student is responsible for the book he has checked out of the library. Everyone should get books in on time. If you forget when it is due, the best thing is to check to find out. Let's all try bringing books back on time so that it will not be necessary for Miss Morse to send out notices about them.
