

Girls' Dorm Life

Each year when we return to our school, our dormitory will be waiting for us to move back in. We always find everything we need in our building. It is furnished with nice furniture. We have a pleasant room with nice beds, lockers, dresser drawers, and a mirror where we can check on our grooming. We also have four chairs and one or two study tables in each room. Here we can study during our study hour.

In order to keep ourselves clean and our clothes neat and pressed, we have laundry rooms, washrooms, and toilet facilities. In the laundry rooms we have eight ironing boards, both upstairs and downstairs, and plenty of tubs where we can do our personal washing. We also have two electric washers. In the washrooms we have plenty of private shower rooms. We have three mirrors in each washroom. We have sinks where we can wash our hands and brush our teeth.

Living in our dormitory is always fun. In Winona Hall, we always have activities going on at certain times because, on account of the rain, we can't very well play outside. We have a TV and reading room, and a recreation room where the girls can dance between 6:00 and 7:00 p.m. In our reading room we have many kinds of books and magazines. We check out the book we want to read. We are free to watch TV programs in the reading room every day between 4:00 and 5:00 p.m. In the evening anyone is welcome to watch the programs from 7:00 to 8:00 p.m. The from 8:00 to 9:00 p.m. units take turns watching TV.

When the weather is nice and warm we have a court in the center of our building, where we can roller skate, play tennis, and basketball. In the evening the lights will be turned on so we can dance.

We have two living rooms. One is upstairs where we can visit, listen to the radio, and write letters. The other living room is

Student Realizes Importance of Schooling

I think it is good for us to be at school. We should keep it up until we finish the five year program, so try your best to be back again next year. Let's learn how to hold a job. Let's learn to be dependable, cooperative, and kind.

If we work for somebody we should not be late. If we are late two or three times they don't want us any more. Try not to waste your time.

Let's take the good way of doing things while we have the opportunity in school, so we won't get into trouble.

Let's use our manners always. Be friendly to all people. Don't be looking like mad. Say hello to them. Answer their questions right away. Be sure to use your manners when you go to a party, dance, show, church, or assembly. Also practice good table manners.

—Lucille K. Gould

downstairs. This living room is where the visitors come in when they want to visit. We have a kitchen and dining room. This small kitchen is where the girls can cook whenever they want to make fried bread or coffee, or when they want to have parties. But the food is not furnished here. The girls themselves buy their own flour, salt, baking powder, and coffee when they want to make fried bread. All the kitchen utensils are furnished.

In order to run our dormitory more happily and family-like, we have Miss Challis, head girls' adviser, and Miss Tedlock, assistant adviser. Also we have three matrons. They are the following: Mrs. Lane, Mrs. Murphy, and Mrs. Bartolome. We also have thirteen house councilors to assist the advisers and matrons. They are there to help each one of the girls in Winona Hall. There are 180 girls who live in Winona Hall.

—Jane Badoni

At the Ocean

We saw the ocean. It just looked like the same as the sky. It was very cold out there on the beach and the wind blew from the ocean. Ramona Becenti.

The ocean is a very big sea. We saw fish in the water. Fish live in water. We saw a boat on the water. People can cross the ocean on this boat.

—Robert Tso

I like to go to the ocean. I saw a fish boat. We had a good time at the ocean.

—John Martin

I especially liked the ocean and the boats. I like to see the water.

—Daisy McDonald

I saw a bird called a sea gull, and the ocean waves with foamy whitecaps.

—Joyce Bedah

I went on a long trip to the ocean. Some of the boys and girls ran on the beach.

—Helen Attakai

The ocean is very deep and it is very cold. Some of the boys and girls got shells from the ocean. They were very happy.

We ate sandwiches and drank milk. I drank two cups of milk.

—Paul Johnson

We ate dinner at Wacoma Beach.

—Harrison Tsosie

At the Aquarium

We had fun at the aquarium. Our teacher-interpreter fed the sea lions. She gave them fish.

—Ramona Becenti

We saw many different kinds of flower animals. Their name is sea anemone.

—Larry Yellowhorse

I like to see the octopus and seals.

—Rose Chischilly

I saw some of the boys and girls touch the octopus.

—Nita Valdez

I liked to see the starfish.

—Susie Smith
