

ACADEMIC HIGH LIGHTS

4H ART CLUB WINS SEVEN PLACES

The twenty-six fourth, fifth, and sixth grade children in the 4H art club attended the Marion county fair in Silverton on May 3, where they went to see the exhibits and to compare the art work which each of them had entered, with that of other school children. Ten boys of the club also took part in the parade at the fair on Friday, May 7.

Members of the club won the following awards in the art competition: Joanna Meninick, first; Clarence Moses, first; Leonard McJoe, second; Alvin Cultee, second; Moses Thompson, second; Virgil Seaman, two seconds.

In the parade were more than 1000 Marion county boys and girls. The Chemawa lads, wearing white shirts and dark trousers, made a nice showing as they marched, carrying the U. S. flag and a colorful Chemawa flag.

The club members are looking forward to next year's activities. They are mindful of their slogan: **Make the Best Better.** These boys and girls and their sponsor, Mrs. Lillian Hudson, are to be congratulated on their accomplishments.

EIGHTH GRADE VISITS CORVALLIS

The two sections of the eighth grade went to Corvallis on educational trips; the A section on April 14, and the B section on April 23. Mrs. Hazel Mason, eighth grade teacher, and Mr. Harold Burright, bus driver, took the students. B section students told about their trip as follows:

We left Chemawa at exactly 11:15. We went through Salem, and stopped at Independence for a few minutes. We had sack lunches, and stopped at a park to eat them.

When we got to Corvallis we first went into the KOAC radio station. A lady told us how the things there are operated. We learned how sound effects are made and how the control board is worked. At the time we were there,

SCOUTS ENJOY WEEKEND OUTING

Chemawa boy scouts and explorer scouts troops had a successful weekend camping trip to Hebo Lake, beyond Grand Ronde. The boys left the campus Saturday morning, May 1, at about 9:30.

Arriving at Hebo Lake around noon, the scouts pitched camp and ate lunch. After resting for a while, they rigged up fishing gear and went out to fish. Fishing was poor, with only Mr. Short landing an eight-inch trout.

Camping over night was very comfortable with temperature ranging from about 38 to 43 degrees. The boys slept in tents with three or four in each tent.

After breakfast on Sunday, Mr. Short and twelve boys tried fishing at Cedar Lake about three miles north of Hebo. That fishing was also unsatisfactory.

Lunch was eaten at Hebo Lake. The boys cooked their meals over open fires with two boys to a frying pan.

The scouts returned to Chemawa at about 6:30 p.m. Sunday.

they were broadcasting the program, **Let's Sing, America.** We saw the teletype that brings in the news day and night.

After visiting the radio station we went to the Gill Colosseum, built about two years ago. It can hold 10,000 people. We went to Horner Museum which is in that building. Before we went in, Mrs. Mason gave each of us a list of many different things to look for in the museum. We saw many beautiful and interesting things. There were relics of the pioneers. We saw old vehicles, and a stage coach that General Grant rode in. We saw stuffed animals, bones of prehistoric animals, stones and minerals, Indian things, and different kinds of guns.

If you ever have a chance to go to that place, we advise you to take it. We really had a good trip.

AT THE DORMITORIES

GOOD GROOMING CLUB HAS PICNIC

On Easter Day, Mr. and Mrs. David Bartolome took several of the girls of the good grooming club on a hayride to Clear Lake where they had a picnic. Mrs. Bartolome is sponsor of the club. After fun and a good picnic lunch the group rode to Wheatland ferry. On the return trip the girls were invited to stop at the Bartolome home near Brooks. They enjoyed visiting and listening to Mrs. Bartolome play the piano for them.

Girls who went for the outing were Evelyn Lloyd, Delores Bennett, Julia Nasewood, Katie Yazzie, Alice Frank, Ada Colfax, Patsy Ochiho, and Dorothy Harris.

ORCHESTRA MUSIC APPRECIATED

The Friday night dance held on April 23, was sponsored by the members of the Winona Hall house council and the Lettermen. Music by Lyle and his Westerners was appreciated and enjoyed by everyone. Dancing at the Friday night dances is usually to record music. Refreshments were served at about 8:30 before the younger pupils left.

Miss Alice Seaver's class of senior girls had charge of decorations for the dance. The theme was **April Showers.** A large umbrella was hung upside down in the center of the room, and crepe paper streamers in many colors were looped from it to the six basketball baskets. The decorations were most effective.

Thirteen Brownie scouts with their leaders, Joan Currie and Linda Gregg, came out to McBride Hall after school on May 3 to visit Chemawa's Brownies. Ramona Kewaygeshik was one of the Brownies from Salem.

Isabelle Phillips and Joan Harwood took the girls around to show them the dormitory, and then all the Brownies went out to play. They had a good time together.
