Students Enjoy Lions' Club Party

All the students went to the Lions' Club Party on December 19th. The party was held in the auditorium. First we saw four clowns. They were real funny and goofie. Some of the clowns were playing funny jokes and some of them were frolicking. They made everyone laugh.

The next act was a magician. He showed us some very exciting tricks with his magic. We watched him very closely trying to find out what he was doing with his magic but we still don't understand what he did.

There was some band music. We liked that. Then Santa Clause came in and he passed out bags of candy to all the Chemawa students.

We surely enjoyed the party. All the students thank the Lions' Club for giving us such a nice party.

CHRISTMAS AT CHEMAWA

We boys had a real nice Christmas at McNary. Some rooms were well decorated. Two rooms won prizes. One of the rooms happened to be mine.

On December 24th, right after the program, McNary Hall boys received our gifts and treats. On December 25th, Christmas, some of the boys served coffee and doughnuts.

TRIP TO THE FARM

Mrs. Grape invited eight Alaskan boys to visit her farm. On the trip to the farm we had lots of fun. There were many things to see on the way.

When we got to Mr. and Mrs. Grape's farm we went to the garden. There we had some vegetables. We had lettuce, radishes, carrots, Swiss chard, grapes, tomatoes and one cucumber. We ate some of the vegetables that we got from the garden.

After we went to the garden we went to see the horses. We sat on Copper, a kind horse. The boys who sat on Copper had their pictures taken.

We went out to see the tractor. It was fun to sit on a tractor. The boys on the tractor had their pictures taken.

We walked around the field and chased the cows. Mrs. Grape took us to a neighbor's home across the road to see a calf.

On the way home we stopped at a store. We had a very nice time on our farm visit. Some of the other boys will visit the farm later on. Thank you, Mr. and Mrs. Grape, for the nice farm visit.

OUR BIG CHRISTMAS PARTY

The December 12 Junior High party was the most exciting party I've ever had. We played bingo, games, danced and had refreshments. Everyone had their own likings.

Steven Levi

The decorations for the party were real nice. The girls and boys did a good job decorating. It made some of us girls feel like we were at home. But the party ended too fast.

Lorena Hatch

There were doughnuts, coffee and punch. After the girls returned to their dorm, the boys cleaned up the rooms. Then we went back to our dorm and slept with our stomachs full of sweets.

SPECIAL TRIP

We had a special trip to Salem with our home economics teacher. We went to shop for our project. We made our shopping list. We had to know the size of our pattern and the color of material that we wanted.

When we got to town we went into a store and bought our patterns, material, thread, buttons and zippers. After we bought all this we looked at material for our next project.

These trips teach us how to plan ahead before going shopping. When we are out on jobs it will be easier for us to shop and choose what we want. We won't have to waste our time if we know how to shop.

We will take another special trip when we start another project.
