Look Who's Here!

A new clerk for Chemawa's campus store arrived January 28, Little Rachenda Renee Woods weighed in at 9 pounds 8 ounces. She is the daughter of Mr. and Mrs. Warren Woods, and sister of Cindy Woods.

Another matron for the Boys' Building, Mr. and Mrs. Don Pigsley, announce the arrival of Timothy Layne Pigsley, born March 6, weight 5 pounds 8 ounces.

Rachenda and Timothy are cousins.

OREGON STEEL

The metal shop boys took a trip to visit Oregon Steel. We saw many things. It was interesting to watch old pieces of metal being cut up and melted. The steel can then be used to make many things. I never saw so much metal junk, it seemed to be all over the yard. One boy, who graduated from Chemawa, works for this company. It would be nice if other Chemawa boys could get jobs there.

VISIT TO BLIND SCHOOL

Last Saturday Fred Moses, Wasulie, and I went to the Blind School to visit John Alexie. We saw other boys and girls who cannot see. Some of the boys and girls at the Blind School can see just a little. We visited about one hour.

WHAT A DINNER!

On February 17th all the L.D.S. members were invited to a dinner at Mr. and Mrs. Jarvis's home. The girls went over right after services and helped Mrs. Jarvis prepare the meal. After a short time the boys came.

We had a wonderful dinner, a nice afternoon and we all really enjoyed every minute of it. Thank you Mr. and Mrs. Jarvis.

Mary Frances Bennett.

DRIVER TRAINING

I was in driver training approximately four weeks, as were a few of the boys from my class.

We learned to drive around town, schools, at an intersection and in residential areas.

I also learned about the signs posted along the highways, the traffic lights, the driving laws, and most important was the care necessary at intersections. After we passed a test we returned to the carpenter shop to go on with our training there.

A VISIT TO KEIZER GRANGE

On Wednesday Miss Mitchell and six Eskimo girls were invited to the Keizer Grange for dinner. The dinner was very nice. We ate some foods that we had not tasted before. Some of the people with whom we visited had been to Alaska.

After dinner we did some of our native songs and dances for the Keizer people.

We learned many things visiting with people. It made us think of a village feast in Alaska when someone kills a whale. It is nice to know some of Chemawa's neighbors.

Katie Burnell.

DOLL CLUB

The doll club girls are making dolls to earn money for our pictures. Sometimes we work on the dolls from four to five. We are making Navajo dolls and Alaskan dolls. We have fun making them.

TRIP TO BACHELOR BUTTE

The Unit Leaders from McNary Hall were taken on a trip to Bachelor Butte to spend the day skiing. The boys who made the trip, besides the writers, were Peter Kippi, Hultman Joshua, Raymond Paneak and George Jim.

Bachelor Butte is about 175 miles from Chemawa. We saw wonderful sights along the way among them being Mt. Hood, The Sisters, Mt. Jefferson, Mt. Washington, and Mt. Bruno.

We followed the Santiam Pass highway across the mountains. We saw cattle ranches and horse ranches. We saw little roads leading off through the mountains lined with bushes, pine trees and maple trees. Then we reached Big Cliff Dam, then Detroit Dam and later on Bachelor Butte Ski Run.

What a wonderful day of fun, laughter, snow and excitement. We appreciated the trip and want to thank the staff for making it possible and Mr. Matt for taking us.

NEW DESKS AND CHAIRS

We have new desks and chairs in our classroom. The desks are square in shape. The chairs are soft to sit on, they have rubber tips on the legs. They do not make any noise when you move them. The color of the desks and chairs are blond and pink.

The desks and chairs cost about twenty-four dollars each. Everyone should take good care of his desk and chair. Do not shove your chair back and forth for all you have to do is turn around and get up from the chair. Remember to keep your desk clean. Do not write on your desk or chair. Do not scratch on them.

ARTS AND CRAFTS

An arts and crafts exhibit sale was held in connection with the program. Items made in shops and crafts groups were on display. Several hundred dollars worth of pictures, copperwork, tooled leather, metal and wooden objects, masks, wall hangings, embroidery, beadwork, baskets, and dolls (Alaskan and Navajo) were sold.
