Graduation Program – 1963

Two P.M. on April 17, 1963, was our wonderful, long awaited graduation day. The graduation exercises were held in the auditorium. The class colors of blue and white were used to decorate the seats where the graduates sat.

It was a glorious day for the Class of 1963. Some were lonely because they knew they would be leaving their friends when the day was over.

Some of us are still here in school and some graduates are on the job. It seems strange when you turn around to smile at a friend and he is no longer there. We miss them all but we knew they will keep their promise and do the best work that they can. All of us will remember our motto: "Education is the Key to the Future" and we will try to get more education as we go along. Yes, Graduation makes us happy and sad.

SUPERINTENDENT'S
MESSAGE

To each of you this is another school year just ended. Another page in your life's book of learning has just been turned. We, at Chemawa, hope each of you can say this has been a very happy and prosperous year for you. You can ask yourself this question, "How much do I want a good education and good training?" Do I want to be a good school citizen? We, of course, hope you say, yes. Next fall will bring another new year at Chemawa. There will be many changes. We are sure you will like it. We will be waiting for your return.

GRADUATES RECEPTION
BY HOME ECONOMICS

Immediately following the Graduation exercises the Home Economics Staff honored the graduates with a reception. The Student Council, the Girls' Choir and staff members were guests also.

The serving table was nicely decorated. The refreshments were very good. The graduates really appreciated the reception and wish to say, "Many thanks," to the Home Economics teachers and the girls who helped. The reception will be another added memory. All the graduates should be thankful that they are in Chemawa where they can enjoy such nice activities.
