

Chemawa Wins Grade School Tourney

Supt. Hallie Walters presenting trophies to A and B team captains. L to R: Harry Begay and Wilbur Begay, B team co-captains, Mr. Walters, and Harry Y. Begay, A team captain.

A group of Chemawa's students (30 boys under 14 years of age) were invited to participate in a basketball tournament at Linfield College on March 6 and 7. They had a "B" (under 13) Tournament and an "A" (under 14) Tournament. Our boys from Mitchell Hall and a hand full of Brewer Hall boys made up our two teams.

The boys had fun and all took part in the games. To top this, they also won both tournaments and brought back two very beautiful trophies. Congratulations to them and Mr. Oosterveen, the recreation leader.

Boys who took part in the games: "A" team, Harry Y. Begay, Jimmie Charlie, John Sharkey, Johnson Yazzie, Lee Spencer, Alvin Edenshaw, Dickie Hosteen, Albert James, Phillip Tsaipei, Jimmy Slim, David Morgan Chee, and Steven Arizona.

"B" team, Kee Wilson, Alfred Begay, Harry Begay, Tommy Begay, Wilbur Begay, Larry Dish, Floyd Onesalt, Paul Tsosie, Curtis Johnson, McDonald Boyd, Tom Pete, Phillip Nez, Louis Brown, and Wilfred Ben.

Managers, Kee Babbitt, Albert Harris, and Kee John.

ALUMNI NEWS

Olga Muktoyuk and Rex Kingston were married January 18, at St. Charles Catholic Church in Portland. Olga has just completed her AVT training. Mr. and Mrs. Kingston are living in Portland at present. Congratulations.

Johnny Duncan is attending Edison Vocational School in Seattle.

Bernice Mason recently called from San Francisco where she is employed in a hospital. She would

'ROUND AND 'BOUT

We welcome two new Alaska girls, Alberta Capsul and Kathryn Goomzer . . . they are getting used to this liquid snow . . . LaVerna Gray, Lucy Littlesalt, Mary Roanhorse, Betty Grandson, Etta Billie, Eva Benally, Ruth Nez and Ella Yellowshirt are trying their wings on OJT. . . Good Luck. . . Notice how nice rooms 1, 3, 5, 7, 9 at Winona look . . . anyone need interior decorators? . . . rumor has it that the millionaires of the campus are the Ag boys . . . farming certainly pays off . . . and their parties are good, too. . . Notice how busy everyone is finding a job when it is time to pay for those pictures and annuals? . . . Everyone is talking about pictures . . . notice all the new pictures of the BF's adorning the girls' rooms lately . . . and in living color yet. . . Bunny is off the cigarettes . . . she doesn't want to get cancer . . . but is wondering how to kick the Instant Coffee habit now. . . We hear the Mitchell boys have patented a quick way to dust the stairs . . . just slide down the bannister with a rag in each hand. . . The Winona Fish Farm is getting so productive the girls are wondering about opening a cannery . . . or Susie wonders if canned guppies could ever take the place of salmon. . . and who was the boy who tackled the cow in the fog out on the football field? . . . He really wasn't trying to play football with a cow . . . he just couldn't see on account of the fog . . . Maybe he should take up bull fighting . . . and then there's the girl who was so entranced watching Commissioner Nash eat his breakfast that she forgot to eat her own . . . Notice the "new look" the benches give the campus . . . We wonder why the ones on the boys' side are turned to face Winona Hall . . . is the view better? . . . Some of the girls wonder about the "Beatle" hair styles some of the boys seem to be wearing . . . One young lady warns "We girls don't like them . . . be civilized . . . on the Beatles it's OK on you it's . . . ugh. . ." The Gabber. . .

NOTICE: Hand in your comments. . .

like to hear from former classmates.

Elsie Gonnies who works in Portland was a recent visitor at Winona Hall.

BABY CARE CLASS STARTED

The 10B, 10C and 9A girls have started their class in Mother-Baby Care at the Chemawa Clinic. Mrs. Leona Nopp, a registered nurse, is the instructor. The course prepares girls to be better babysitters and future parents.

Martha Moore

HOME NURSING PRACTICAL CARE

The Home Nursing class stresses the use of household items in the care of a patient, as: making tables, trays, back rests, foot rests out of card board boxes. Changing sheets and giving a bed bath require much skill. Of great interest is the many things about a home which can be put to use in the care of a sick person.

VARIETY GIVES SPICE TO HOME EC

In case someone thinks the Home Ec girls spend all their time eating and giving parties, read my story. For instance, my class has taken a grocery field trip, shopped for sewing materials, made fruit cakes, planned and prepared a variety of meals, made clothing, grooming, Child Care and Home Nursing. We also presented an assembly.

DENTAL TECHNICIAN TRAINING STARTED

Phyllis Young and Diana Shorty have been training as dental assistants, under the direction of Dr. Carr, since school started. Some of the things learned are: cleaning sterilizing instruments, setting up amalgam fillings, silicate set-ups, mixing medications and reporting on patient cards. This is a growing field of work for young women.

AG CLUB HOSTS TOASTMASTERS

January 23, the staff and students of the Ag Club were hosts to the Dallas Toastmasters Club. A staff of girls from Home Ec served and helped prepare the dinner. After the dinner a short program was presented. The boys enjoyed meeting the men of this club.
