

LETTERMEN'S CLUB BUYS NEW UNIFORMS

The "66-67" Boys Basketball teams will be suited up in bright new uniforms. The Lettermen's Club sponsored a staff-varsity basketball game in order to raise funds to purchase new uniforms.

The game was not too skillfully played by the staff and the varsity won easily, but a lot of laughs

were provided by the group and everyone seemed to enjoy themselves.

At half-time the boys raised a few additional dollars by selling a few items of sports equipment which they had purchased for the occasion.

MESSAGE FROM OUR SUPERINTENDENT

Chemawa has come to the end of another interesting and prosperous school year.

During the vacation months, some remodeling will take place on campus to accommodate science classrooms, science laboratories, and larger library facilities.

Next year greater emphasis will

be placed on the curriculum for business education, practical arts, and agri-science.

Summer students are busy at campus beautification around the dormitories and the agri-science area.

See you next September.

Seniors Present A Mystery Thriller

"Daphne" was the play chosen by the senior class for presentation in Chemawa's auditorium, April 19 and 20.

The setting was an old colonial style living room. The conflict was about a young girl trying to convince her Aunt Alice that her great Aunt Daphne left the house to her in her will.

Girls Track Is Growing

Last year there were only six girls on the girls track team, as compared to the 58 this year. The girls track and field events are the same as the boys except for the pole vault. New outfits were bought for the track girls this year by the student council. There were five regular track meets and one district meet.
