

NEW CLUB FORMED

A new club, The Health Career Club, was organized in February. The purpose of this club is to teach students about the many different vocations that can be pursued in the field of health.

Meetings are to be held twice a month at the Health Center and will devoted to speakers and films which will show the many careers that can followed in the field of health.

The club has made a visit to the Oregon State Hospital. This was on March 28, 1968.

APARTMENT LIVING

For two whole weeks, Alfred Andre and I stayed at the Ambassador Apartments. It was wonderful being on our own.

I was surprise when I entered the room we were to stay in. I expected a small room. There was the living room, kitchen, and the bedroom. It wasn't small at all! There was also a television set and a telephone.

During the week, we were to be in the apartment by 10:30 P.M. on Fridays and in by 12:30 A.M. on Saturdays. Every morning between 7:30 and 7:45, Cab number five would pick us up and take us back to Chemawa for the days classes. By 4:45 P.M. we'd be back in town. Our only problem was, "we didn't have a cook!"
