

Drama Club Plans Plays

The Drama Club is expecting an exciting year. Plans are already underway for the production of two three-act plays. Plays selected are "June Mad," a comedy and "Our Town," which is a combination of comedy and tragedy.

A third play, a melodrama, is being considered if time permits.

Plays will again be sponsored by the Drama Club, but participation will not be limited to club members only. Anyone who feels they have a flair for make believe is eligible to try out.

The plays this year will be under the direction of Miss Graham. She is new to the staff and teaches English and speech.

NEW SHOP COURSE OFFERED

Did you ever wonder what made a machine go? For the curious this year there is a new shop course. Beginning Mechanics is what it is called. It teaches students about internal combustion engines. Students who take the course will be given a course on small engines and will have a chance to take them apart and put them back together, just to see what makes them run.

In the future, anyone who is going to take power mechanics or auto shop will have to have this course first.

WHAT IS JANS?

The Junior Auxilliary to Nursing Services, better known as JANS, is an organization of teen-age girls who dedicate themselves to helping others through services at Salem Memorial Hospital. While performing valuable services the girls have an opportunity to view a variety of medical career possibilities.

JANS is open for membership to girls 14 and older in the 9th through the 12th grade. Applications will be taken this spring for girls who would like to work next year. All girls presently in JANS are eligible to work until graduation.

CHEMAWA HAS ART CENTER

The Student Council Cottage has been taken as a student art center. Mr. Belleque is in charge and has developed some long range plans for developing a gallery as well as rooms for students to work on their particular art interests.

Plans also include one portion of the center to be set aside as a sort of a historical museum about the school.

The center is open on Wednesday and Thursday evenings for girls and on weekends it is open to both boys and girls.

FIRST ASSEMBLY PROGRAM PRESENTED BY MALERBAS

If the first assembly program of the year is any indication of what is in store for us this year, we are in for some breath-taking performances.

The Malerba Family led off the season for the National School Assemblies Programs, Tuesday, September 24.

The Malerbas are a Spanish Dance Team who devote their talents to presenting authentic Gypsy Flamenco Dances. Their fast stomping heels and rapidly clicking castanets combined with the gorgeous costumes, grace and charm of the young dancers, and the music of the native guitar to make it a delight for the senses.

BAND IS FUN

I am starting my fourth year in band, and has been one of my main interests here at school.

I play alto saxophone and playing an instrument is a lot of fun for me personally. It gives me a feeling of accomplishment to know that I am contributing something to the school.

The most difficult thing about band is playing your instrument and marching at the same time.

Lorraine Castiana

Mr. Glenn Ford, motion picture actor and director will be visiting the chemawa campus sometime in October.

During his visit on the campus their will be an all school assembly so that all the students can meet Mr. Ford.
