Candle Light Supper Held

On November 1, 1968, we had our Candle Light Dinner.

It was quite a dinner—you had to wait in line before you got to serve yourself.

Everybody must have eaten enough and the light bulbs were changed to red and blue plus there were candles on every table. Thanks to all the kitchen staff.

Journalism Class

White shirts and ties are required of all boys who come to the dining hall for Sunday Dinner.

WINTER WEATHER AT CHEMAWA

When the leaves start to fall, the wind blows them around you—hitting your face, making you feel trapped by colorful designs that dance in the air, yet feeling so happy because it isn't raining. But then the clouds begin to appear, they start to drop their tears upon you, the leaves begin to fall upon the ground, losing the strength to get up.

Then it begins to pour tear drops from the clouds, the leaves are trampled by the tears. Later the sun begins to appear, the leaves dry their backs and are ready for the breeze to lift them up into the sky to dance the rest of the day.
