

Freddie Griest, John Henry, and Carl Friendly look at the three fawns which the Agriculture Club is raising on campus. The fawns are some of the many animals which are being raised by the Ag. Club.

## McNary Prints Money

The McNary Hall students are printing "Funny Money", McNary quarter-dollars, in the print shop this year.

The quarter-dollar project was started as an award for the boys in McNary Hall who have the highest points at the end of the week. The points are given for following dorm rules and helping keep the dorm clean and running smoothly.

The quarter-dollars are being spent in the McNary canteen and at the Chemawa store. The staff at McNary are also trying to see if the Student Union will redeem them. McNary will pay back anyone who redeems the quarter-dollars. The quarter-dollars resemble a regular dollar bill; they are colored purple and red and have a profile of Mr. Schmitz.

The high point students have a choice of either going to eat, going bowling or receiving two dollars worth of McNary quarter-dollars.

## Art Classes Offered Again This Year

Miss Huffman, the new Art teacher, has five different courses for her 91 students.

The five courses she is planning on having are pottery, drawing, beadwork, woodcarving and painting.

She is hoping to have a couple of art shows, and also hopes to show student work at the nearby colleges.

For Christmas, the classes will be making various designs for Christmas cards. The classes don't know what they are going to do with the cards yet, but they will be printed.

Miss Huffman emphasizes Indian designs of the Eskimo, Northwest coast and inland tribes. The students are free to do their own creating.

She says in carving they are hoping to do totem poles, bowls, canoes and anything else they can carve.

## Chickens Killed

Thirty-eight chickens were beaten to death in the Ag. Area on Sept. 22. Four more died the following morning.

Mr. Bunsen and Mr. Morrow found the chickens laying all over the Ag. Area. They have called the Animal Control and apparently the chickens were beaten. Tests showed bruises and stomping marks. They showed no signs of a dog attack.

In spite of the chicken beatings, Mr. Morrow and Mr. Bunsen will be letting some chickens out to roam the campus. They ask all students to please be careful with them.

The Ag. Department received 3 new fawns, 1 buck and 1 doe. They are trying to get a bigger area so everyone can see them. They also will receive poinsetta plants for Christmas.

## Waitresses Training

The girls in the waitress training program are busy preparing and training for upcoming banquets and festivals at Chemawa this year.

Mr. Douglas is the advisor for the club and has been for seven years. Since he will be transferring to Phoenix, Arizona soon, Mr. Knox will take his place.

Mr. Douglas said, "I do believe we have the best waitresses in the BIA." The number of waitresses and waiters Mr. Douglas has trained in one year has varied from 32 to 84.

The waitresses serve close to 50 banquets or 7000 individual meals in a school year. They serve clubs and organizations on campus, work in town and in the Student Union.

On October 30th, all the girls got a trip to Portland for a meal and a movie as a reward for their hard work.
