Work Experience

Seven students participated in the work experience program during the first semester. Each student worked in a Federal building in downtown Salem.

Bill Teeluk worked in the Military Department. Echo BigSpring worked for the Highway Administration. Connie Merculief was at the U.S. Army Recruiting Service, and Miranda Nicholi worked for the Selective Service Local Board #10. Leonard Willoya and Phillip Lestenkoff worked for the Bureau of Reclamation.

This program gives students an

opportunity to earn credits toward graduation while they gain experience for jobs after high school. Each student takes classes for half a day and works in Salem for the other half.

Ten students will be working in the program during second semester. They are Jeff Frank, Rose George, Patty Simpson, Ingram Clark, Dennis Wasuli, Margaret Aloysious, Barbara Phillip, Anecia Ekmaty, Miranda Nicholi and Al Goudy. Hopefully, next year even more students will take an interest in this opportunity to learn on the job.
