

65 Years Ago

(What was football like 65 years ago? It was a lot rougher than now, and the players wore a lot less padding - and no helmets. Chemawa played some pretty tough teams in those days, and the Braves usually came out on top. This schedule is taken directly from the Chemawa American of January, 1908.)

These girls came back to Chemawa

two weeks in advance to prepare for the football season. Full of pep and honor for the Braves, and Chemawa itself, these girls are working their hardest to stir up the old school spirit.

They've been planning pep rallies, skits and little mischievous schemes to brighten up the school year.

As Lorena Thompson put it, "Let's get out there and support both the team and the rally squad, and make this the best year ever."
