## Chemawa Store Gets Another New Owner

The Chemawa store has another new owner. Mr. Gerald Schmitz has left for Las Vegas. He said that the reason he gave up the store was because it was too hard to handle the store alone. The new owner is Mrs. Phyllis Giedd.

The new store hours are: Monday -Friday: 7:30 am to 7:00 pm; Saturday: 10:00 am to 7:00 pm; Sunday: 1:00 to 5:00 pm.

Mr. & Mrs. Giedd have bought new items for the store. They will post the new items on the store bulletin board. They will also post a paper on the bulletin board for the students to write down items they'd like to have at the store.

So far, the new items they have stocked include ice cream bars, pop-sicles, butter, eggs, cheese, cake mixes and frostings. They will soon have new cameras and the price for picture developing will be lowered.

They also plan to rearrange the shelves so that boys' items will be in one area and girls' items in another area. Also, school supplies will be where they can be seen more easily.

After this work is completed they plan to have an open house and give away some prizes.

Top honors for 1st semester grades went to these four students. Nels Martin (left) and Crystal Ketchum (3rd), Barbara Westcoast (1st) and Susie Marchand (2nd)

## Science Lab Works

Robert Henselman is teaching science for the Title One Program in Hawley Hall from 3:00 to 5:00 and 6:00 to 10:00 pm Monday through Thursday and also Sunday from 1:00 to 5:00 and 6:00 to 10:00 pm to help students that have problems with their science materials and homework.

The lab provides activities to help improve the students background in basic science and science vocabulary, some of the lab activities include projects such as building model airplanes, model rockets and electric motors. Word search puzzles, anagrams, scramble, cubic and other games of logic are also popular.

Students who have science classes and attend the lab are able to get credit or points in their daytime science classes for time spent in lab.

## Plays to be Presented

The drama class will be giving its first performance on Stage One, which is new this year. Stage One is located in the English lab in Academic One.

The drama class has been working on one act comedy plays, such as "Not My Cup of Tea," "Girls Will Be Girls" and "If Girls Asked Boys for Dates." The one-act plays will be presented to the students during their English classes. There will be no admission charge.

## Two Vans Added To Chemawa Fleet

Two brand-new fifteen-passenger van have been added to our one-year-old ten-passenger vans for various activities.

The new vans arrived on campus February 4. Each is valued at \$4488.

Mr. Marion Marshall, Director of Student Activities, said, "Now with four vans, we will get more students involved in more activities in the community, and it is less expensive than operating a bus. It will also be a more varied program."

The four vans are used for trips which involve educational, recreational and athletic activities such as swimming, picnics, campouts, spectator sports, roller skating, ice-skating, activities at the Memorial Coliseum, Portland Civic Auditorium activities, professional basketball, special shopping trips, academic field trips and rifle club trips.

## Honor Students Get Nevada Trip

Nine honor students from Mitchell hall went to Reno, Nevada March 8 until March 12, to attend "Reno's First Indian and Western Pow-Wow, Show and Sale."

The boys were Paul Kotongan, Roger Adams, Steve Kaleak, James Morgan, Karl Hoffman, William Bestler, Jr., Andrew Boots, Evan Karl and Norman Moore. They were chaperoned by Mr. Reginald Begay.

While they were there they had a chance to see the Carson City museum, and to visit Stewart Indian School, Virginia City and Lake Tahoe. They also went through many casinos.

It was the first time for the students to see Nevada. When asked what impressed him the most, Paul Kotongan replied, "On one side of the street was Nevada, and on the other side was California. We got a real big kick out of that. Everything was so fascinating."

## Next in the American

A look at some of the unusual classes offered at Chemawa--the American will take a look at commercial fishing, ham radio, and aviation. We will also look at some unusual goings-on in some regular courses. Spring sports and student body elections will be coming up too.
