

Whispers!

DID YOU HAPPEN TO SEE. . .

The Brown Bare Body
Jan. 22. After the boys' basket ball practice a strange brown body was seen scrambling from one show room to the other.

Have you ever heard strange names floating around on campus such as;

Squid
Octopus
Putch Putch
Stout
Suxtion Stud
Peaches (& cream)
The Fonzie

And New Names from the North:

Waldo
Willie

Got anymore?

Do you know how to brown nose?
If not, too bad.

Mid-year Graduate

Kenny Andrews from Wapato, Washington graduated January 17, 1976. He was the only only Senior from Chemawa that graduated.

Clinic Cuts Back Hours

As of 1976, the new Clinic hours are from 7:30 am to 11:30 pm 7 days a week thru May 28. Starting June 1, 1976, the Clinic will only be open 8 hours a day Monday thru Friday.

All of the students that get ill or hurt outside of the new Clinic hours will be referred to their dormitories or go to the Salem hospital for after hours care.

Mr. Heinz, Health Services Dir-said that the reason for the new Clinic Hours is that there are not enough students at Chemawa to keep the Clinic open 24 hours a day.

Seniors

Sponsor

Carnival

The Senior Class will sponsor the annual Carnival on Friday, February 13. Classes and clubs will participate with booths, games, and prizes for a fun-filled afternoon.

Ski Trips Popular

Some of Chemawa's students have found an enjoyable way to spend a winter day. It's a ski trip to Hoodoo Ski Basin. Several trips were organized during the Christmas break for those Students who stayed on campus. Saturday trips have been organized now that school is in session again.

Helping students get equipped and going along have been Mr. Eoff, Mr. Morrow, and Mr. Surmon.

Accidents do happen. Luckily, this one wasn't serious.
