NO MONEY REQUIRED until you receive and approve of your bicycle. We ship to anyone anywhere in the U. S. without a cent deposit in advance, prepaid freight, and allow **TEN DAYS' FREE TRIAL** during which time you may ride the bicycle and put it to any test you wish. FACTORY PRICES We furnish the highest grade bicycles at actual factory cost. You save \$10 to \$25 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. **DO NOT BUY** a bicycle or a pair of tires from anyone at any price until you receive our catalogues and learn our unheard of factory prices and remarkable special offers to rider agents.

YOU WILL BE ASTONISHED when you receive our beautiful catalogue. Fully low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$10.00 profit above factory cost.

BICYCLE DEALERS, you can sell our bicycles under your own name plate at double our prices. Orders filled the day received.

COASTER-BRAKES, single wheels, imported roller chains and pedals, parts, repairs and equipment of all kinds at half the regular retail price.

\$10.00 Hedgehorn Puncture-Proof Self-healing Tires A SAMPLE PAIR TO INTRODUCE, ONLY **4.80**

The regular retail price of these tires is \$10.00 per pair, but we introduce you to a sample pair for \$4.80 cash with order \$4.85. **NO MORE TROUBLE FROM PUNCTURES** NAILS, Tacks, or Glass will not let the air out. A hundred thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture-resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$10.00 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **PULL CASH** WITH ORDER and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at **OUR** expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once. Hence this remarkable tire offer.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of Hedgehorn Puncture-Proof tires on approval and trial at the special introductory price quoted above, or write for our big Tire and Ready Catalogue which describes and quotes all makes and kinds of tires at about half the retail price.

DO NOT WAIT but write us a postal today. **DO NOT THINK** of buying a bicycle or a pair of tires from anyone until you know the saw and wonderful offers we are making. It only costs a postal to learn everything. Write to **J. L. MEAD CYCLE COMPANY, CHICAGO, ILL.**

THEODORE J. GEISLER

Candidate for the Republican
Nomination of
Circuit Judge

Dept. No. 4. of Multnomah County
Mr. Geisler was admitted to the bar of New York State in 1884, where he practiced successfully for five years. He has been a resident of Portland since 1889, and from that time on has been an active member of the Oregon bar. Mr. Geisler was elected justice of the peace in 1894, at which time the first consolidation of the justice district was effected. He served for one term, declining renomination. In 1889 Mr. Geisler was nominated to the office of city attorney, being, however, defeated by the fractional division of the Republican party.

Mr. Geisler is at present actively engaged in the practice of law, with offices in the Henry building. His public life has demonstrated that he has a mind of his own and will carry out his idea of justice "in scorn of consequence," as shown by the following instances:

While justice in 1895, though dependant upon fees for his compensation, he put a stop to a useless and very expensive moral wave round-up by refusing to accept as sufficient mere testimony of common fame, unsupported by evidence of a specific instance.

In his petition for the nomination for circuit judge, Mr. Geisler states: "If I am nominated and elected, I will, during my term of office, strive to so faithfully perform my duties as to hold the confidence and respect of all the people. I believe in sensible, impartial justice, fearless and speedily administered."

Dr. W. I. COTTEL

Candidate for
**State Dairy and Food
Commissioner**

At the request of his many friends throughout the state as well as the city of Portland, Dr. Cotel has consented to become a candidate for the office of state dairy and food commissioner. He is well known to the general public as ex-city councilman, member of the state legislature, is an expert chemist, physician and business man. He has a reputation of being honest and loyal to all power invested in his hands and has a record to be proud of by any honest and trustworthy citizen.

Dr. Cotel has had long and varied experience along the line of testing milk and other foods, having made a special study of tubercular infections so common to milk and other food products produced under unsanitary conditions. He has followed the drug business successfully in Portland for many years and is not seeking the office merely for the remuneration attached thereto, but rather as a specialist advocating purity of milk and other foods.

Dr. Cotel states that 98 per cent of milk and other food-stuffs now infected with tubercular germs can be detected by scientific and systematic research, at a very slight expense if conducted under the direction of a practical man well versed along these lines.

George Rossman

Republican Candidate for
State Representative

George Rossman, a prominent young lawyer of this city, is a candidate for the Legislature. Mr. Rossman is well acquainted throughout the states of Oregon and Washington, having lived in the Northwest practically all of his life. He is an emphatic and convincing public speaker, and a graduate of the University of Chicago Law School. He is a member of several fraternal organizations and has always been active in movements which have for their purpose the general welfare.

From the start Rossman has always stated that he does not care to bump the voter with a long list of promises which no ordinary man could hope to fulfill, and has only promised a sane business-like administration with a square deal all around. He believes that our laws in regard to judicial procedure should be revised so that justice may be more expeditious and certain. He advocates what is known as the Blue Sky Law, preventing fraudulent corporations with no assets except the blue sky over our heads from selling their stocks and bonds, and thus defrauding the public. At the present time a million-dollar corporation can be organized at a cost of about one hundred dollars and can fit its offices with fine furniture bought on the installment plan and proved to sell its stock and bonds; and finally when the crash comes there isn't a dollar of assets to meet its liabilities. It is against corporations of this sort that the Blue Sky Law is aimed; it would prevent corporations of this sort from selling their stock and bonds.

H. A. WILKINS

Republican Candidate for
**REPRESENTATIVE IN
THE LEGISLATURE.**

Mr. Wilkins is one of the candidates for the Legislature and has a brief and concise platform, to the point. He has declared for Statement No. 1, for Good Roads for the entire State, for economical appropriations and general progressive legislation. He promises to honestly represent the people of Multnomah County and to meet every proposition squarely when it comes up, rather than make a large number of campaign promises.

A lawyer himself, Mr. Wilkins has had opportunity to observe some of the needs of the county, and will work for any legislation that will give the average man a "square deal" and make a better Oregon.

Capt. C. P. Stayton

Pioneer Railroad Man,
Candidate for

**State Railway
Commissioner**

Capt. C. P. Stayton, candidate for the office of State railway Commissioner is well known to the general public throughout the state as an honest, truthful and straightforward worker for the best interests of the people. Capt. Stayton claims to be exceptionally well fitted for the office through long experience in railroading as well as political circles, having become a proficient railway locomotive engineer in his younger days and enjoys a very successful career along this line. Capt. Stayton is a practical steamboat man, having owned and run steamboats up and down the Columbia River for a number of years and is thoroughly familiar with the handling of all kinds of freight and passenger traffic. If elected, Capt. Stayton promises at all times to keep the interests of the people at heart and ever work to their best ends. He stands for a good, square, clean administration and solicits your support to accomplish these ends. His slogan which is a good one is "Strict enforcement of law, square deal to all, no interest to serve but the people."

A. L. Watson, ex-state senator, Cowlitz county, Wash., who resides at 603 Ladd Ave., Portland, says: "Capt. C. P. Stayton, who is seeking nomination for State Railway Commissioner at the Republican primary, I have known to be a Republican for twenty years. He is strictly honest and straight in all his dealings, is a fine mechanic, architect and builder, and having knowledge of railroading and steamboating, and being a practical man, well informed and having excellent judgment is well qualified to fill the position with credit and honor; therefore, it is a great pleasure to me to recommend him."

James Muckle, 593 Ladd Ave., Portland, Ore., says: "I have known Capt. C. P. Stayton for a long time and he is well qualified for the office he is seeking."
