**192 BODIES RECOVERED**

Corpses of Titanic's Victims Arrive at Halifax.

Halifax, N. S.—One hundred and ninety-two corpses of victims of the Titanic disaster arrived here aboard the coffin ship Mackay Bennett Monday. Only the relatives of the victims were allowed on the dock when the Mackay Bennett berthed.

A revised list of the identified dead compiled from wireless messages places the total number of the identified on the Mackay Bennett at 184 and those on the Minia at eight. In all ten were reported as recovered by the Minia, but two unidentified bodies were buried at sea. Among the eight bodies identified on the Minia none are of prominent persons excepting that of President Hays, of the Grand Trunk.

**Liquor Bill Is Vetoed**

Seattle.—Mayor George F. Cotterill, who is himself a strong prohibitionist, vetoed the bill making it a misdemeanor for minors to enter saloons with the intention of purchasing intoxicating liquors.

**Russia May Snub Panama Exposition.**

London.—It is reported in Russian circles here that the Russian government is not giving a very sympathetic reception to the invitation to participate in the Panama Pacific Exposition, and that American action with regard to the Jewish passport question has something to do with this attitude.

**DEATH LOSS FROM  
TORNADO IS LARGE**

Oklahoma City, Okla.—First estimates of the number of dead as a result of tornadoes which swept Oklahoma and a part of Kansas Saturday and Sunday were reduced to 31, when telegraphic communication to the town of Foss was restored and it was learned that no fatalities had occurred at that place.

The number of known dead, however, was swelled Monday to a total of 34, when a tornado practically wiped out the village of Rogers, Okla.

It had been reported that 10 persons had been killed at Foss. Approximately 175 persons were injured, but not more than a score are seriously hurt.

Seven persons were killed in the vicinity of Kirkland, Tex., and two at Foulke. A woman and her child probably were fatally hurt near Tallum.

Torrential rains which accompanied the wind caused several streams to top their banks and interrupt railroad traffic. Dispatches indicate the water is subsiding and train service has been restored.

**Many Are Hurt in Rioting in Zion**

Zion City, Ill.—Rioting started here when employes of independent manufacturing concerns attacked a group of 200 Zion men and women at a prayer meeting. Both men and women were clubbed and a number were seriously injured.

**HARVESTER TRUST  
AIMED AT IN SUIT**

Government Charges Monopoly and Demands Dissolution of Company.

St. Paul.—Charging that the International Harvester company is a monopoly in restraint of trade, operating "to the grave injury of the farmer and the general public," the government filed in the United States district court a petition asking for a receiver to take charge of the company's business. The defendants will have until June 3 to plead, and the trial may be set for the October term of court.

The government asks for the following depositions in the Harvester case: That the \$140,000,000 corporation be dissolved on the ground that it is a monopoly in restraint of trade. That injunctions be issued to bar from interstate commerce the products of the International Harvester company or of the International Harvester company of America, its selling agency. That receivers be appointed to take charge of the property and wind up the business of the defendant, if the court finds such action compatible with public interest.

The government alleges the International Harvester company controls at least 90 per cent of the trade in the United States in harvesters or grain binders, 75 per cent of the mowers and more than 50 per cent of the binder-twine.

The International Harvester company was organized in New Jersey in 1902.

**Steamship Blown up by Hidden Mine.**

Smyrna.—The steamship Texas, belonging to the Archipelago American Steamship company, struck a mine at the entrance to the Gulf of Smyrna and sank. One hundred and fifty persons on board were drowned.

**Thirty-Six I. W. W.'s Sentenced**

Kamloops, B. C.—Thirty-six members of the Industrial Workers of the World have been sentenced from one to three months in jail for intimidation.

**Roosevelt Wins in Washington.**

Seattle.—Complete returns from the three counties in which preferential primaries were held give Roosevelt King county's 121 delegates to the republican state convention, Taft Whatcom county's 30 delegates and leave the outcome in Pacific county, where 10 delegates were to be chosen, in doubt.

**TAFT LEADING IN  
MASSACHUSETTS**

Boston.—The struggle for the control of the Massachusetts delegation to the republican convention in Chicago between President Taft and Colonel Roosevelt is so close that with two-thirds of the state tabulated, the two aspirants for nomination are running neck and neck for presidential preference, while incomplete returns showed that the district delegates would be divided, 16 for Taft and 12 for Roosevelt. An official count will be necessary to determine who is the winner, it is indicated.

On the preferential vote, returns from 787 out of 1080 election precincts gave President Taft 52,643, Colonel Roosevelt 51,420.

Returns from the districts showed Taft to be ahead in the first, second, third, eighth, tenth, eleventh and thirteenth, while the Roosevelt delegates led in the fourth, fifth, sixth, seventh, ninth, twelfth and fourteenth districts.

The closeness of the fight in the republican ranks overshadowed the contest in the democratic. Returns from the same districts gave Speaker Clark 26,963, Governor Wilson 11,546.

The La Follette vote was 1271.

**Parisian Bandits Killed by Police.**

Paris.—Bonnot, the leader of an organized gang of automobile bandits who have been terrorizing Paris and the surrounding district for months, and Dubois, a notorious anarchist, were shot to death in the most thrilling encounter in the annals of French crime.

Bonnot and Dubois, after wounding two policemen, took refuge in a garage. They were trapped in the building, which at once was surrounded. Bonnot was captured alive. He was riddled with bullets and died on the way to a hospital.

**Democrats May Alter Two-thirds Rule**

Baltimore.—Probably the most important discussion at the democratic national committee meeting here related to the two-thirds rule of nominating the presidential candidate. Strong efforts will be made to have the convention adopt a rule for a majority vote in the nomination instead of the two-thirds rule beginning with the 1916 convention.

**CAPTAIN A. H. ROSTRON**

**Brief News of the Week**

According to late advices the entire state of Sinaloa, Mexico, like that of Chihuahua, is in rebel hands.

Loss by the Mississippi flood in Louisiana is estimated at \$15,000,000. There is much suffering among thousands of homeless victims.

A wreck commission to examine thoroughly into the cause of the Titanic disaster, and place the responsibility, has been appointed by the British government.

Fears are entertained of further disorders in Canton, China. Thousands of soldiers have returned from the north in a state of discontent and have been disbanded.

A revolt of the populace and soldiery at Fez, Morocco, caused by the new military regulations in connection with the French protectorate, resulted in the massacre of hundreds of Europeans.

**People in the News**

President Madero has appointed as ambassador to Washington Senor Calero, his late minister of foreign affairs.

"Mad King" Otto of Bavaria is 64 years old, of which he has spent 34 in confinement because of his mental condition.

Justin McCarthy, historian and novelist, and for many years a member of parliament, is dead at Folkestone, England, aged 82 years.

Dr. Daniel Kimball Pearsons, of Chicago, 92 years old, who in recent years gave more than \$5,000,000 to small colleges, chiefly in the middle west, is dead.

A fourth attempt is being made to liberate Harry K. Thaw from the Matteawan State Hospital, where he has been imprisoned for the slaying of Stanford White, six years ago, because of "insanity."

Striking at the principles of the recall, particularly the recall of the judiciary, and at socialism, Archbishop Ireland spoke at Galena, Ill., at the Grant celebration on "Some Problems of Democracy." He said the recall was a peril which must not be treated lightly.

**Political News Bits**

New Hampshire primaries went solidly for President Taft, Roosevelt being defeated by nearly a two to one vote.

"I am out of politics," was the only answer that Charles E. Hughes, associate justice of the supreme court, would make in answer to questions as to whether he would accept the nomination for the presidency as a compromise candidate.

The Hadley-Roosevelt combination steam-rolled through the Missouri republican state convention after an all-night session. As an aftermath, Missouri is in the contested column with two sets of delegates-at-large to the national convention.

Speaker Clark is gaining steadily and Governor Wilson is losing some of the big lead he had two and three weeks ago. Late figures give Clark 149, Wilson 118, Marshall 30, Underwood 24, Burke 10, uncertain 101, needed to nominate, 769.

The fight for the republican presidential nomination was enlivened the past week by bitter personal attacks on each other by Taft and Roosevelt. President Taft made several speeches in Massachusetts, devoted mainly to attacks on Colonel Roosevelt and a defense of himself and his administration. Roosevelt followed on the president's trail, making a number of speeches in which he roundly scored Taft and his administration.
