enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award. In accordance with federal requirements, the Port has determined that this contract has subcontracting possibilities and encourages the participation of Disadvantaged Business Enterprises as prime contractors and subcontractors. However, no DBE contract goal has been established for this project. Based on the 9th Circuit Court Decision in Western States Paving Company v. Washington State Department of Transportation, the Port has determined that it is appropriate to use a race/gender neutral goal. The Port encourages all bidders to

take active race/gender neutral steps to include DBE's in this contract. Race/gender neutral steps include: unbundling large contracts, subcontracting work the prime contractor may self-perform, providing bonding or financing assistance, providing technical assistance, etc. This contract can be awarded without the lowest responsive bidder meeting the goal or demonstrating good faith effort to meet the goal.
