What the commission will recommend ing met the king in life, he has since is that the government build a track on the wagon road grant alongside of the locks. A portion of a track is already an organization having been formed in built at the upper end, and it will not Honolulu expressly for the purpose of

Railroad men generally are disposed There is much discussion over the nomination of J. H. Beatty to be United an unreasonable one, and will doubtless as confirming the report of a combination of J. H. Beatty to be United Miss Cronin remarked that teaching early in life made little patriots—a consideration of great importance.

Stater judge for Idaho and a western the government authorities. The road will serve a two-fold purpose—transportation of great importance.

In meet with the favorable consideration of the government authorities. The road will serve a two-fold purpose—transportation of great importance.

In meet with the favorable consideration of with ar intention of coming into Portlement authorities. The road will serve a two-fold purpose—transportation for the government authorities. The road will serve a two-fold purpose—transportation for the government authorities and by way of Spokane, Pomeroy and the Hunt system, also of building into Gray's Harbor and securing Hunt's value. able subsidies, both there and in Port-land. He wants, it is thought, to tap and the subject of geography taken up, by Mrs. E. Meneice in a well written by Mrs. E. Meneice in a well written paper, setting forth the importance of regular order.

Industry will be last before Mandbury, of the United States engineer than by Mrs. E. Meneice in a well written paper, setting forth the importance of regular order. the study and alluding briefly to method of teaching. The general discussion was by Mitchell instruction the indicator of war. Upon the decision of the already been effected, by which Hunt is

LONDON, March 1 .- The Chinese gov-The object of the government in starting these works, which will be followed by the establishment of others in various parts of the empire, is to rebuild most of the cities whose houses are constructed almost wholly of wood. The frequent fires occuring in these places, almost in-variably resulting in the destruction of thousand of buildings, led the autorities to the determination to substitute brick for wood in the future, and to cause the reconstructions of buildings as rapidly as

Cuba in a Bad Way. New York, March 2.-Ex-Minister Foster, who has returned from Havana, says that city is packed with Americans. He says that Cuba is in a bad way. Her business interests are nearly paral-The island represents a loss each We year to the Spanish government in the form of a deficiency. The taxes collected do not pay the expenses of the local government. The greatest falling off has been in the sugar industry. People in Cuba are anxious to secure reciprocity under the McKinley bill, so that they can get their sugar into the United

Mormons Leaving Utah

SALT LAKE, March 1.—A regular exodus of Mormons from Utah to Mexico is taking place. The Mormons have a tract of land in Chihuahua, which they are settling up. All over the territory they are preparing to go south to "live their region." The head of the church is said to be encouraging emigration, and putting up funds. It is estimated that at least 2000 will leave this summer.

NOTICE-TIMBER CULTURE

U. S. LAND OFFICE The Dalles, Or., Feb. 2, 1891.
Complaint having been entered at this office by William Bird against John Anderson for failure to comply with the law as to Timber Culture entry No. 2199, dated June 18, 1886, upon the N. E. ½, Section 14, Township 4 south, Range II east, in Wasco county, Oregon, with a view to the cancellation of said entry; contestant alleging that the said John Anderson has not planted in seeds or cuttings more than 5 acres of the said land. That he has failed to protect any of the said tract by a fence or any inclosure. That he has failed to protect any of the trees or plowed land on the tract, and that the said failure exists at this date. Or that he has caused any of the said improvements to be done.

The said parties are hereby summoned to appear at this office on the 18th day of April, 1891, at 10 o'clock A. Mr, to respond and furnish testimony concerning said alleged failure.
