The prediction was fulfilled. David was missed. His seat was empty. That one vacant chair spoke louder than all the ocupied chairs at the banquet. In almost every house the articles of fur-

niture take a living personality. That picture—astranger would not see anything remarkable either in its design or execution, but it is more to you than all the pictures of the Louvre and the Luxemourg. You remember who bought it, and who admired it. And that hymn bookyou remember who sang out of it. And that cradle-you remember who rocked it. And that Bible-you remember who read out of it. And that bed-you remember nothing in all your house so eloquent and so mighty voiced as the vacant chair. I suppose that before Saul and his guests got up from this banquet there was a great clatter of wine pitchers, but all that racket was drowned out by the voice that came up from the vacant chair at the table.

Millions have gazed and wept at John Quincy Adams' vacant chair in the house of representatives, and at Henry Wilson's vacant chair in the vice presidency, and at Henry Clay's vacant chair in the American senate, and at Prince Albert's vacant chair in Windsor castle, and at Thiers' vacant chair in the councils of the French nation. But all these chairs are unimportant to you as compared with the vacant chairs in your own household. Have these chairs any lesson for us to learn? Are we any etter men and women than when they first addressed us?

It was a beautiful chair, but the most significant part of it was the letter "N" embroidered into the back of the chair in purple and gold. And your father's old chair sits in the throne room of your heart, and your affections have embroidered into the back of that old chair in purple and gold the letter "F." MOTHER'S CHAIR. I go a little further on in your house and I find the mother's chair. It is very apt to be a rocking chair. She had so many cares and troubles to soothe that it must have rockers. A young man went off and broke his mother's heart, and while he was away from home his mother died, and the telegraph brought the son, and he came nto the room where she lay and looked upon her face, and he cried out: "Oh, mother, mother, what your life could not do your death shall effect!
