

LOCAL AND PERSONAL.

Stock Inspector Rice returned to the city Monday night.

Dan Crowley of Antelope was in the city Monday.

The fire bell has been again erected on a tower at the old stand.

Christman Brothers can be found in the store back of Newman's bakery.

I. C. Nielsen has opened in the store next to Crum's confectionary store.

Gibbons, McAllister & Co. can be found in the Masonic building on Third street.

J. W. Blackburn of Grant has been appointed county judge of Sherman county.

Mrs. E. Wingate has opened in one of Hugh Fraser's stores on Union street north of the court house.

M. V. Harrison of Hood River will prepare and forward an exhibit of fruit to the Portland Mechanics fair.

The Columbia meat market can be found in the Masonic building on Third street, nearly opposite the old stand.

A reader of the East Oregonian recently presented its editor with a bottle of perfume. Now that was a very appropriate gift.

The Heppner Gazette has hoisted its flag for Hon. W. R. Ellis as a candidate for congress from the second congressional district of Oregon.

That The Dalles will yet become the leading city of Eastern Oregon is certain and those who have the grit and patience to stay with it will reap a rich reward.

Complaints are very justly made that the U. P. steamers plying between Portland and Astoria charge \$2.50 for the use of a state room for the six hours day trip.

The people of The Dalles very highly appreciate the generosity of Wasco in generously contributing the sum of \$60 to the wants of the sufferers by the late fire in this city.

It is reported that W. S. Ladd and H. W. Corbett, each conditionally offers to give a million to endow a college to be located in Portland under the auspices of the Presbyterian church.

Our attention has been called to the omission of the name of our esteemed fellow townsman Mr. P. E. Farrelly from the list of sufferers by the great fire. Mr. Farrelly's loss is \$4000 without a cent of insurance.

The steamer Baker gave a free excursion, it is said, to a large number of persons from the Cascades to The Dalles last Sunday. This, if true, is an amazing sample of Union Pacific generosity, but it smacks considerably of the influence of the Regulator.

A boat load of salmon, weighing twenty pounds each, was sold in Port Townsend at a cent apiece and the run was so great that the fishermen said they could make big money at that price. One man caught fourteen with a gill net attached to a hoe handle.

Mayor Mays had a telegram today from the mayor of Portland asking what help the people of Portland could render to the sufferers by the fire.

Mr. A. S. McAllister and wife returned Sunday from their ranch on the John Day. Mr. McAllister first learned of the disaster that has befallen The Dalles at Cold Camp, beyond Antelope, and not till late did he learn that all his business and household perishables had gone up in the flames.

The State Insurance company of Salem, Or., paid all their losses in full last Saturday morning, being the first, we understand, to issue cash checks for their policy holders. Fifteen Bros. received \$1000, Sam Stroud \$500 and Mrs. A. P. Brooks \$30. The last amount was for removal expense.

The Forepaugh circus that passed through the city Sunday was undoubtedly the biggest thing of the kind that ever struck this town. They stopped here to feed and rest and while they tarried were visited by hundreds of citizens. They claim to have fifty cars, between 300 and 400 horses, and an army of 530 men and it certainly looked as if the claim were well founded.

The Regulator made her first trip down the river last Saturday evening. She started at 4:45 p. m., met the Baker at Memalohe island, steamed round her and got back to The Dalles with the Baker about three-quarters of a mile in her wake, making nearly 27 miles in less than two hours. A few gentlemen from the city were on board, and everyone was delighted with the graceful, easy motion of the vessel.

Two men named Cohen from Portland were arrested Monday charged with larceny of scrap iron from the old John L. Thompson blacksmith shop. The arrest was made at the instance of Fred Bold who sold them \$40 worth of scrap but who insists that the Cohens took more than was rightfully coming to them. The men had \$1200 on their persons and deposited collateral for their appearance before the justice court this afternoon.

A modest but earnest young Christian lady who was very unwilling to give her name but which is believed to be Miss E. Taylor, last Sunday contributed the sum of \$12, her entire month's wages, as a contribution to the building funds of the three churches destroyed by fire, to be equally divided between them.

The contract has already been let for the rebuilding of the burnt stables at the fair grounds and the fair will go on, the people may rely upon it, just the same as if nothing had happened. To show how much the people of The Dalles, notwithstanding their adversity, are interested in the success of the fair, it may be said the citizens have offered subscriptions to the Fair Association to help them to rebuild the burnt stables, which however they have recently declined. Let the country now get inspired with a

tending to probate business.

T. H. Johnson of Dufur, Frank Pike of Sherman county and S. R. Husbands of Mosier are in the city.

George Von Borstel has been appointed administrator of the estate of Theodore Von Borstel deceased. The estate is valued at \$700.

W. S. Graham, the restaurant man, will open again about the end of the week in the store next door east of Billy Jones' cigar store on First street.

Louis Rorden has rented a part of the Bettington tin store and will be ready for business tomorrow. A stock of crockery and glassware will arrive today.

James White has opened his restaurant at the old Baldwin place on First street, where he is furnishing good meals in every respect for the old price of twenty-five cents.

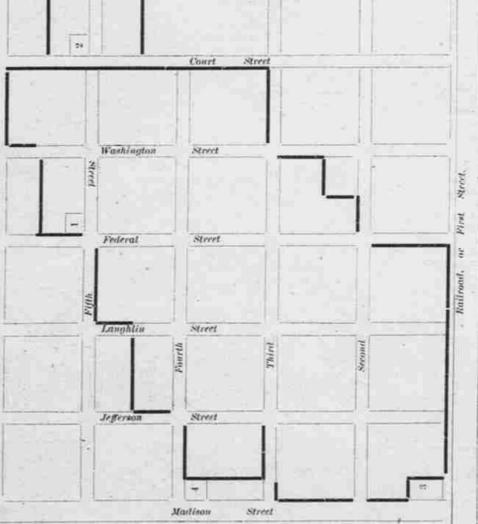

Mrs. J. H. Covert informs us that a hog came to her place last Monday which she has now in a pen and the owner can have the same by proving property and paying expenses.

C. G. Bills, whose insurance was \$400 on about \$900 worth of property, received the full amount of his insurance today from the Northern Assurance company. Mr. Bills is much pleased with the prompt and generous action of the company.

B. Wolf will give free of rent charge for six months time, any and all of his lots in the East End, to any person who wants to put up a dwelling. At the end of that time the building can be removed or purchased by B. Wolf, as may be agreed on.

The mayor of Walla Walla telegraphed to Mayor Mays Wednesday, asking him what help was needed here. Mayor Mays replied that contributions would be

The following diagram is as nearly accurate as can possibly be obtained. The space enclosed by dark lines represents the burned district, seventeen blocks in all:

1, the M. E. Church; 2, the Congregational Church; 3, passenger depot, saved; 4, Ad Keller's residence, saved.

thinkfully received and that our necessities were very considerable.

Our old friend Oliver H. Cole is again in the city, adjusting the losses of that reliable corporation, the Liverpool, London & Globe Insurance Co. His frequent visits here have made him familiar to many of our citizens, and especially so to the policy holders of that company, as his settlements have always reflected not only credit to him but to the company and its resident representative.

When the walls of the Vogt block fell outward at the great fire, two pieces of ornamental iron from the cornice were thrown through the heavy plate glass of the windows of McFarland & French's store to a distance of perhaps twenty feet. One of these lodged in a show case, breaking its way through the glass, and the other lodged on the counter, and, as it must have been red hot, it so melted the varnish that when it cooled off it remained stuck to the counter as if glued there.

The secretary of the relief committee, acknowledges the receipts of the following cash subscriptions: From F. A. McDonald and Mrs. Baldwin of Seattle \$31. From C. W. Fulton and A. S. Sherneck and committee of Astoria \$212, and from Forepaugh's circus \$50. Outside subscriptions are thankfully received and appreciated but will not be listed until it is demonstrated that our citizens cannot take care of the sufferers. The committee soliciting aid in the way of clothing and supplies are meeting with gratifying success and offers of vegetables and produce are being received from farmers in our vicinity, all having an article to contribute will confer a favor on the committee by leaving the same in the county court room. The secretary requests that all members of the relief committee be present at the meeting tomorrow evening. The last mail brought a subscription of \$60 from V. C. Brock contributed by the citizens of Wasco county.

Alfred Ganger held up. Alfred Ganger, who lives near Crater's Point, left this city last week to take his sister, Mrs. Ike Moore, to her home in Prineville. On his way back, and when about twenty-five miles south of Bake Oven on the Prineville road, Alfred was held up by two men, one of whom held his horses while the other rifled his pockets. Fortunately the robbers got nothing, as what money Alfred had was concealed in a small pocket in the lining of his coat which the thieves entirely overlooked.

Astoria to the front. This afternoon Hon. George A. Liebe received a check for \$213.35, signed A. Scherneck of Astoria, which is the sum of a contribution by the citizens of Astoria, raised by the kind efforts of Mr. Scherneck and Hon. C. L. Fulton. This is very kind of our friends in Astoria and it will be long and gratefully remembered by the people of The Dalles.

Good News From Portland. PORTLAND, Sept. 10.—We send by telegraph \$1000 for the benefit of the sufferers. More to follow.

W. S. Mason, Mayor. The world's fair property will be covered by \$300,000,000 insurance.

return to The Dalles between five and six o'clock this evening. The following persons were on board: Joseph Pagnot, Hugh Glenn, W. E. Garetson and child, F. Liebe, D. L. Cates and wife, Mrs. DeHuff and daughter, Mrs. A. Keller and child, S. L. Brooks and wife, Miss Smith, M. T. Nolan and wife, C. W. Smith and four children, J. Freeman and daughter, Miss Schano, A. J. Anderson and wife, C. L. Phillips, Sam Campbell, C. Corson and Miss Cram, H. C. Nielsen and wife, Leslie Butler and wife, Mrs. Stuiding and two children, W. H. Taylor, Mrs. B. S. Hunt, Mrs. H. S. Wilson, George Fillson and wife, N. Morris, wife and daughter, F. C. Middleton, Mrs. H. Glenn and daughter, A. S. McAllister and wife, Mrs. M. W. Peasley, Mrs. C. G. Bills, Dr. Suddall, J. M. Patterson and wife, Mrs. Cap. Wilson and child, N. Harris, H. H. Hall, O. Kinsley, Miss Drew, John Bonn, and A. J. Hoy.

A Narrow Escape From a Bear. Mike King, a well known sheep owner of this county had a close call the other night from a bear. Mr. King was camped with his sheep near what is known as the McClure cabin at the head of Mosier creek and during the night he was waked by a disturbance among the band. Snatching up his rifle he ran out into the night, and seeing in the darkness, what he took to be a bear he fired. Mr. King's dog then took after the animal and drove it into the brush. Supposing the bear had been killed Mr. King went to the brush and began pulling it with his hands when he actually ran one of them into the mouth of the wounded animal. The beast then struck King a vicious blow on the thigh tearing away a strip of flesh about two inches wide. King's hand was badly mashed but his partner came to his aid and succeeded in dispatching the bear.

News from Mosier. MOSIER, Or., Sept. 8, 1891. Editor of the Chronicle: Items in Mosier seem to be rather scarce this week.

Farmers are busy taking care of their fall fruit.

We had a shower of rain Sunday morning; enough to settle the dust a little.

Mosier grange had a very pleasant meeting last Friday. Have taken in several new members in the first and second degrees and have several more to come in soon.

Mr. Rush Sellinger came home Saturday evening, returning to Bridal Veil on Sunday where he is at work.

Mr. W. Easterbrook paid Mosier a visit Sunday. He was inquiring after his uncle Mr. James Easterbrook, who is now in Massachusetts.

Another Card of Thanks. The board of directors of school district No. 12, desire on their own behalf and on behalf of all the taxpayers and patrons of the district to publicly express their thanks to the principal, Prof. M. W. Smith, all the teachers and the janitor, Mr. Wm. Glasius of the public school, for the persistent and heroic fight they made on Wednesday, September 2, to save the high school building from destruction, and we are confident that it was only through their efforts that the building was saved.

H. M. BEALL, S. B. ADAMS, O. KINSELY, Directors.

A False Rumor Corrected. To Whom it may Concern: It having been erroneously reported that Dr. O. D. Doane had taken advantage of the fire to raise my rent, it is only just to him to state that the house was much larger than needed for my small family and that I myself proposed to Dr. Doane that he should rent such part of the house as I did not use to other parties. Under the present arrangement he receives an additional rent of five dollars per month which comes from other tenants, and the rent of the part I occupy has not been increased.

F. W. BOLD.

Mr. and Mrs. T. W. Sparks visited this city last Sunday to see for themselves the desolation wrought by the great fire. They remarked to the writer that neither they nor the people of Portland had any conception of the extent of the destruction of property. Today a kindly sympathetic letter was received by Mrs. Hugh Gourlay informing her that Mrs. Sparks had shipped to her address a box of clothing for those who were in need. The box will be placed, on its arrival, in the hands of the relief committee.

The Chronicle congratulates Signal Service Observer C. S. Pague on the fact of an addition to his family of a boy, which he has christened Donald Mitchell Pague. May the lad's voyage through life be blessed with "fair weather" and "cloudless skies" and may he never be called upon to "observe" from the standpoint of practical experience any of the "storms" and "cyclones" that so often make up the sum of human existence.

French & Co. received a telegram from Mr. and Mrs. J. H. Sherar, dated Nicholasville, N. Y. It read as follows: "One hundred dollars for relief if necessary. Charge to me. Our heartfelt sympathy to citizens J. H. Sherar." This is so characteristic of Mr. and Mrs. Sherar that we can pay them no higher compliment than to say, "It is exactly like them." May a shadow never cross their path.

During and since the fire seven births have occurred among those who were its victims. A number of persons are now suffering from pneumonia and some are afflicted with measles. The relief committee is doing everything in its power to meet the needs of the sufferers but a great deal of suffering will never be known.

A Word to Ladies. Ladies who desire a beautiful, clear skin, free from pimples, boils, blotches and other eruptions, should commence at once to use Dr. Gunn's Improved Liver Pills. They will also remove that heavy look about your eyes and make them bright, and will cure headache from whatever cause it arises. Remember, you are only required to take one small pill at bed time, which is coated with pure sugar and will not gripe or produce any unpleasant sensation. Sold at 25 cents by Blakeley & Houghton's.

Farley & Frank have a tank of machine oil which they intend at future to keep only oils used in their business.

The business of the city has been paralyzed from the effects of the fire, and the past week has been taken up in adjusting losses and damages, which is put down at a round million dollars. The insurance companies have been very fair in their settlements, which gives better confidence to our people and withal a progressive spirit. With this issue of our market report, trade is assuming its usual tenor of activity, and a better feeling prevails.

WHEAT. The wheat market here is inactive owing to the depressed reports from our Eastern grain centers. The bears are on top and are using every device to control the bulls and keep them under. The general situation in the old world is somewhat easier as the weather has become settled in a measure, and an easier feeling prevails in England and also in Scotland. The Paris quotations are a little off, but the weakening tone is believed to be caused by the large quantity on passage to foreign ports at the present time. The agricultural statistical reports have not been materially changed and the great difficulty in the world's breadbasket is considered an undoubted fact, which must cause a firm and better market before another harvest can be made available. We understand a large portion of the wheat of Eastern Oregon and Washington has passed into the hands of shippers and that those that have not sold are holding for higher prices. The condition of the wheat of western Eastern Oregon will only be classified, as a rule, as No. 2, although there is some that will pass as No. 1. Our market is a bit off from last week's report. Yesterday 74 cents was paid for No. 1 wheat, and 70 cents offered for No. 2; grain sacks are still high without any probability of a decline.

Eggs are firm at 20 cents. Butter is scarce and dearer; 60 cents per roll was paid yesterday for extra good, and a dealer remarked that he had difficulty in supplying his customers. Fruits of all kinds are steady in price; cooking apples sell from wagon at 25 cents per box. Peaches are quoted at 50 to 60 cents per box; grapes at 3 cents per pound. The vegetable market is stocked up well on steady prices, and show no probability of a decline. Melons are plentiful and a limited sale at \$1.00 to \$1.25 per dozen.

If the charges in the partisan press be true, the Ohio campaign, which the world was recently assured was to be conducted on high-toned principles, bids fair to degenerate into a vulgar struggle for "boodle." The "boodle," according to the aforesaid partisan press, to be contributed to one side by the New York importers and to the other by the "boodle" manufacturers. We are loath to believe these charges, and will not until proof is submitted higher than has yet appeared; we do not believe that the vote of the average American is for sale, nor do we believe that the average American candidate would willingly agree to have votes purchased for him.

They Speak From Experience. "We know from experience in the use of Chamberlain's Cough Remedy that it will prevent croup," says Messrs. Gadbury & Worley, Percy, Iowa. They also add that the remedy has given great satisfaction in this vicinity, and that they believe it to be the best in the market for throat and lung diseases.

ANNISTON, Ala., Sept. 9.—Mr. and Mrs. John Dickson were married and after living together a couple of years obtained a divorce. A few months later John married a fascinating widow. Mrs. Dickson followed suit with a widower, and two weeks later she was Mrs. Thompson. Mrs. Dickson No. 2 lived only a year or so, and after her death Dickson made overtures to his former wife, who repented and deserted her second husband and came with Dickson to Alabama. They located in Anniston in 1881, and had only been here a few months when they again separated and were divorced. Both married again, Dickson taking a young girl not then out of her teens. In the summer of 1886 Mrs. Dickson was married to a Mr. Clarke. They were married for a time and planned to no effect. Finally the opportunity came. Tramped-up charges were brought against her, and so plain a case did they make against the offending girl that Dickson was again divorced. The decree was made last spring, and a few days ago Dickson and Mrs. Baker were married for the third time. How long they will live to gether now one can tell.

Unnecessary Sufferings. There is little doubt but that many persons suffer for years with ailments that could easily be cured by the use of some simple remedy. The following incident is an illustration of this fact: My wife was troubled with a pain in her side the greater part of the time for three years, until cured by Chamberlain's Pain Remedy. It has, I think, permanently cured her. We also have used Chamberlain's Cough Remedy whenever needed and believe it to be the best in the world. P. M. Boston, Pennville, Sullivan Co., Missouri. Something New. The bankrupt sale of dry goods, etc., now going on at H. Solomon's old stand is a "new thing" for The Dalles, where a failure in business is a rare occurrence. Close and careful buyers, however, are improving the opportunity by buying goods at greatly reduced prices thereby proving the rule, "What is one man's loss is another's gain."

The exports of cotton goods from New York for the first seven months of the current year amounted to \$7,327,349 as against \$4,577,552 for the same period last year.

An Old Adage. There is an old adage: "What every body says must be true." Henry Cook, of New Knoxville, Ohio, in a recent letter says: "Chamberlain's Cough Remedy likes it on account of the immediate relief it gives." There is nothing like it to loosen and relieve a severe cold. For sale by Snipes & Kinersly, druggists, dw 8-15-11
