

## STANFORD'S SCHEME.

### He Makes a speech to the Senate in Support of His Measure.

## AGAIN WAITING FOR MONDAY.

### The President Has the Correspondence Ready for Congress.

## IT WILL MEET IN CHICAGO.

### Found in the Bay—Are Anxious for Peace—A Crook County Man Pardoned.

WASHINGTON, Jan. 21.—At the close of the morning hour, Mr. Stanford addressed the senate in support of his bill to provide the government with means sufficient to supply national wants of a sound circulating medium through the instrumentality of a land bureau.

Mitchell asked Stanford whether, under the proposed bill, any large corporation that was a large owner of land—land-grant railroads, for example—could not borrow to half the assessed value of the lands. Stanford replied in the affirmative. Morrill inquired whether there was to be more than one place in each state where money was to be loaned by the government. Stanford said the idea was to have an agency of the land bureau in every large city and town of a state. Morrill suggested that would entail a very large expense, and Stanford replied the agencies would not be necessary in every state. Pfeiffer made a long speech in advocacy of the bill, which was then laid aside, and the La Abra bill again taken up, but without disposing of it, the senate went into executive session and soon adjourned until Monday.

## NOT UNTIL MONDAY.

### The Chilean Correspondence Not Sent to Congress.

WASHINGTON, Jan. 21.—The adjournment of the senate until Monday next settles definitely the question whether the Chilean correspondence and the accompanying message of the president would go to congress this week. Unless there are some new developments in the situation before Monday, the correspondence will in all probability be sent in that day. It has been prepared for transmission to congress, and can be sent at the president's pleasure. There were no new developments tonight. Messrs. Blaine, Tracy and Montt, had no news for publication. A rumor that gained some credence tonight, was that Minister Montt had received a dispatch from his government instructing him to request the United States to recall Mr. Egan. If the request was complied with it was stated he would be followed by an apology for the Baltimore affair. Senator Montt, when asked tonight about the rumor, greeted the question with a laugh, and said he had received no such dispatch.

## Will Meet in Chicago.

WASHINGTON, Jan. 21.—The various delegations appointed to fix the time and place for holding the democratic national convention, met early in the day and selected orators to present the claims of the respective cities. Promptly at noon the national committee was called to order. The roll call showed the various states and territories represented. The committee then went into secret session for the purpose of settling all questions of proxies and contest. At 4 o'clock the orators commenced their pleas for their respective cities. Honorable William Ramsey spoke for Cincinnati. The claims of Detroit were presented by ex-Representative Maybury; those of Indianapolis by Senator Turpie; those of Kansas City by Mr. Putnam and Senator West; those of Milwaukee by Governor Peck; those of New York by James Breslin, Comptroller Meyers and Colonel Fellows. M. F. Tarpey spoke for San Francisco; Hon. T. W. Lawler and ex-Representative Wilson spoke for St. Paul. The balloting resulted in the selection of Chicago.

## FOUND IN THE BAY.

### How a Wood Chopper Ended a Christmas Day Spree.

SEATTLE, Jan. 21.—The body of George B. Mahoney, who has been missing from Everett since Christmas, was found floating in the bay this morning. Mahoney was chopping wood for E. Bast at Everett, and a few days before Christmas drew \$25, went to Marysville, blew it in and

returned for \$25 more. Since then his whereabouts have been a mystery. The remains had evidently been in the water for some time, and were mutilated terribly. Mahoney's relatives are not known. Foul play has been suggested, but the coroner thinks without foundation, and decided that no inquest was necessary. The remains were buried today.

## THE SANTIAM MINES.

### A Party From That District Report Everything Satisfactory.

ALBANY, Or., Jan. 21.—Dr. G. W. Maston, C. G. Rurkhart, W. F. Read and H. Ames, leading stockholders in the Albany Mining and Milling company, have returned from their mines in the Santiam district. They brought back gold bricks amounting to \$200, the result of a few days' run, testing their new ten-stamp quartz mill, which they say runs perfectly. The company is naturally elated over the outlook at the mines. They have fifteen men at work, and this force will be increased and the mill will run night and day in a short time. The gold taken out was free gold only. Concentrates will probably be shipped out for reduction. The party traveled fifteen miles through the mountains on snow-shoes. The snow is now rapidly disappearing.

## Also Anxious for Peace.

PHILADELPHIA, Jan. 21.—At a meeting Monday last in this city of the executive committee of the Universal Peace Society, special petitions were sent to President Harrison, Postmaster-General Wanamaker and congress, praying them to avoid a conflict with Chili. Through Private Secretary Halford, the president has acknowledged the receipt of the petition. In reply, Postmaster-General Wanamaker says:

"I do not think there is any danger of war unless Chili refuses to make a recognition of the rights of this country. There will be a careful consideration of every point before action is recommended to congress."

## A Crook County Man Pardoned.

SALEM, Jan. 21.—Governor Penoyer today pardoned John A. Flock from the penitentiary, sentenced from Crook county to serve a two-year term for manslaughter, on account of mitigating circumstances. It was thought his punishment has been sufficient.

Two insane patients for the asylum reached here today from Baker county. Jane Shuck, one of them, is 56 years of age and is suffering her second attack. She has been in the asylum before. Warran Rowley is 60 years old, and sees imaginary people about him.

## Will End the Trouble.

NASHVILLE, Tenn., Jan. 21.—Negotiations are pending for the sale of the three mines at Coal Creek, Briceville and Oliver Springs, where the recent uprising of the miners occurred, and where the militia of Tennessee is encamped. The state is trying to get out of the trouble by selling the mines to the Tennessee Coal and Iron company. If this is done the convict question will be settled and there will be no further disturbances, as the mines will be worked by free labor.

## The Maxwell Will Case.

EUGENE, Or., Jan. 21.—The testimony in the Maxwell will case was concluded last evening, and today the case is being argued before Judge Scott. The argument is exhaustive, and has been in progress all the afternoon, and will probably not be concluded until tomorrow afternoon. The case is exciting considerable interest, the nature of it being to require the probating of a will, which the defendant, who held the will and is supposed to have fared poorly by it, claims to have lost.

## Wants to Fight Jack Dempsey.

SAN FRANCISCO, Jan. 21.—Alex. Gregains has received a message from Arthur Lumley, of New York, asking him if he would meet Jack Dempsey for a \$6,000 purse at the Olympic Club, New Orleans. Gregains has replied, stating that he is ready to fight Dempsey or any middle-weight in the business.

## The Monterey's Big Gun.

LATHROP, Cal., Jan. 21.—The big gun for the cruiser Monterey left here this morning at 7:30, and will arrive at West Oakland at 7 this evening, via Martinez. Orders are to get it to the Union iron works as soon as possible. It was viewed here by a large crowd of people.

## In Favor of the Lottery.

NEW ORLEANS, Jan. 21.—The editor of the Daily States, a Roman Catholic, bitterly attacks Cardinal Gibbons for his recent letter against the Louisiana lottery, and Archbishop Janssens, of this diocese, for approving the letter.

## Could Not Be Convicted.

LIBERAL, Kan., Jan. 21.—When the district court met yesterday, the case against James Brennan, the alleged slayer of Sam Wood, was dismissed on the suggestion of the attorney-general.

## HUNTING FOR GARZA. MUST DO SOMETHING.

### His Whereabouts are Still a Matter of Conjecture.

### HEAVY FIRE IN NEW YORK.

Over a Million Dollars Worth of Property Destroyed.

## WATER FAMINE IN CHICAGO.

### The Anarchists Again Before the Courts—A British Steamer Destroyed By Fire.

AUSTIN, Tex., Jan. 21.—General Maybry has just returned from the Rio Grande. He called on Garza's father-in-law and urged him to use his influence to have Garza surrender to the United States troops. The old man promised he would. General Maybry argued that if he surrendered to the American troops this government could demand that he have a fair trial should he be extradited and turned over to Mexico, but that, if he does not surrender he will be captured within ten days. Garza's wife, General Maybry says, is quite pretty and rather patrician in appearance. She seems very proud of her husband, who evidently has impressed her with the notion that he will eventually be the ruler of Mexico. The young wife does not doubt his success. Garza was undoubtedly traced to Corpus Christi last week, and it is barely possible that he may have been in San Antonio, though General Maybry doubts it. The great majority of the people near the Rio Grande are in sympathy with him. Garza keeps his men so well scattered in squads of not over twenty or thirty, that General Maybry thinks it is not likely that they can be forced together for a general engagement of much consequence.

## Heavy Fire in New York.

NEW YORK, Jan. 21.—A fire which broke out in the fifth story of a building on West Fifteenth street, this morning spread to the Brentanos and Lincoln buildings, and the loss is already far above \$1,000,000. It is estimated the largest losses are: Schneider, Campbell & Co., \$275,000; Brentano Bros., \$100,000; L. Rheimann, \$300,000; E. C. Bentley & Jones, \$50,000; Samuel Green & Co., \$50,000; Tiffany & Co., jewelers, will also lose something. The six-story building adjoining Schneider, Campbell & Co.'s will probably suffer heavily. It is occupied by three firms, Davis, Reed & Alexander, Hoskins & Sewell and A. J. McIntosh & Co. Shortly after 1 o'clock the fire spread to the Lincoln building a magnificent new edifice just completed.

## A Water Famine in Chicago.

CHICAGO, Jan. 21.—This city is suffering with water famine. The trouble extends over the entire city, including the suburbs, and is caused by a stoppage of the inlet pipes in the lake by ice. Private families, factories and business buildings are the greatest sufferers. Elevators are closed down and fires are banked to prevent the explosion of boilers. Business at the stockyards in the great slaughter-houses is at a standstill, and there is no water for the thousands of famishing animals in the pens. Efforts are being made to remedy the trouble, and it will be but temporary.

## The Chicago Anarchists.

WASHINGTON, Jan. 21.—The cases of Samuel Fielden and Michael Schwab, the Chicago anarchists, convicted of complicity in the famous Haymarket riots, and now confined in Joliet penitentiary under a life sentence, were up in the United States supreme court today for argument. Salomon, for the prisoners, maintained the men not having been present when the state supreme court pronounced the sentence of death, was a deprivation to them of the due process of law, and contrary to the provisions of the constitution of the United States.

## Will Be Held in San Francisco.

SACRAMENTO, Cal., Jan. 21.—A special dispatch from the California delegation sent to Cincinnati to consult with the executive committee of the national editorial association, announces that the committee has decided to hold the next convention of the association in San Francisco, May 17. There will be fully 800 delegates to the convention.

## A British Steamer Burned.

LONDON, Jan. 21.—The British steamer Imperial Prince, from New York, January 4, for Leith, has arrived at Portland. Captain Cox reports that the morning of January 16 he saw a burning steamer which later he lost sight of in a storm. He thinks the crew perished, and she has undoubtedly gone to the bottom.

institute was a veritable fire-trap. In one room were two women, both of whom perished. In another there was a man whose lower extremities were paralyzed; although unable to walk, he dragged himself to a window at the rear of the building and threw himself out. He dropped about eight feet to the roof, then to another, and finally rolled off to the ground, saving himself from death. The entire rear half of the Georgia street building fell in. The debris filled completely the first story, and when the firemen began their search for the dead they were obliged to commence work on a level with the second floor. It will be several days before they can reach the bottom.

More than a score of people lost their lives while an equal number received injuries more or less serious. The loss of the building, furniture, etc., aggregates about \$40,000.

## Working for the Appropriation.

WORKINGTON, Jan. 22.—Representative Hermann is doing some earnest work toward obtaining congressional recognition for his portage railway project at the Dalles of the Columbia, for which his bill was recently introduced. This bill is a repetition of the substitute reported by him in the fifty first congress for the senate ship railway bill. In view of the well-defined purpose of this congress to reduce appropriations and especially to discourage all new projects, Mr. Hermann expresses the opinion that, so far as the house is concerned, it will be morally impossible to get anything for a great undertaking like a ship railway or a canal, and says he believes it to be his duty to concentrate all his efforts for the \$431,000 appropriation through the regular river and harbor bill for a portage railway to circumvent the rapids of the Columbia, between The Dalles and Celilo. He has telegraphed the board of trade at The Dalles that a delegation will be heard, and has urged that statistics be forwarded. He today moved in the river and harbor committee that a hearing on this project be given to Tony J. Oltner, of Portland, now here with the democratic national committee, is bringing every possible influence to bear upon the committee. He has submitted to congress and the committee on earnest memorial from the states of Oregon, Washington and Idaho and signed by Governor Penoyer, Governor Elisha P. Ferry and Governor Norman Wiley.

## Joseph P. Bradley Dead.

WASHINGTON, Jan. 22.—Joseph P. Bradley, associate justice of the supreme court of the United States, died at 6:15 this morning at his residence, of general debility. His death was not unexpected as it was known for some months that he was far from being well. An attack of grip last spring left him in a much debilitated condition, from which he seemed to rally. During the greater part of the present term of court he was unable to be present, and with his declining years, and the cold damp weather prevailing it was impossible for him to recover. Two days ago he rallied and it was thought he might shake of the illness, but yesterday he began sinking.

## On the Verge of Dissolution.

OMAHA, Neb., Jan. 22.—There is plenty of evidence that the Union Pacific and Northwestern traffic arrangement is not being lived up to and is on the verge of dissolution. The Union Pacific has brought to Omaha a number of consignments from Colorado, billed for Chicago, but instead of turning them over to the Northwestern at this point, they have been sent over the Missouri Pacific to Kansas City and thence to Chicago, an unnatural and roundabout route. This has been going on for some time and the Northwestern has been retaliating. Railroad men are watching the current of events with interest and predict a break within a short time.

## A Vigorous Old Gentleman.

WASHINGTON, Jan. 22.—Rev. Dr. Scott, the president's father-in-law, celebrated his ninety-second birthday tonight. He is a remarkably vigorous old man, and received many congratulations today on his continued good health. He demonstrated his sound condition by walking several times around the east room at a rapid gait without apparent effort.

## Has not Been Recalled.

WASHINGTON, Jan. 22.—It was reported in Washington tonight that the United States government has recalled Minister Egan. The report created considerable excitement but it was soon learned the story was without foundation.

## Revolutionary Movement Spreading.

SAN ANTONIO, Tex., Jan. 22.—Private advices received from the lower part of Rio Grande border are to the effect that the Garza revolutionary movement is spreading among the people.

## SELLING HORSEFLESH.

### A Man in New Jersey Getting Ready to Butcher Horses.

## A FATAL RAILROAD ACCIDENT.

### The Chilean Cabinet Reported Split on the Settlement Question.

## GOVERNOR MARKHAM ALL RIGHT.

### The Brazilian Congress Dissolved—A Very Narrow Escape—Smuggled Opium Captured.

HACKENSACK, N. J., Jan. 22.—An equine slaughter-house has been discovered in Bergen county, N. J., situated in a dense forest of the Pallsades, at a point between Fort Lee and Leon. The horse butcher is Adolph Shafer, who intends to cater to the Polish colony about to be settled just east of Pallsades Park, a station on the Northern railway of New Jersey. A reporter who visited Shafer's place yesterday was sickened by the peculiar odor that prevailed. A horse was seen in a barrel, the flesh having been cut off. Paul Kuntz, of Pallsades Park, said he had sold an old crippled horse to Shafer for 50 cents a few days ago, but he did not have a thought about the use made of the animal. Shafer is well known along the Northern road, having traveled along it last summer with a hand organ. He is a Pole. The authorities have been notified.

## Four Men Killed.

ALBUQUERQUE, N. M., Jan. 22.—Early this morning a Raymond & Whitcomb special train going west and the Atlantic & Pacific passenger coming east collided at Blue Water, seventeen miles west of Albuquerque, and Engineers Taylor and Moore, Fireman Daggy and Conductor Morgan were killed. The fireman of the special train had a leg cut off. No serious injuries to passengers are yet reported. Both engines were demolished. A special, bearing officials of the road, went to the scene of the accident this morning. A strong feeling is expressed here, as it is believed the accident was the result of criminal carelessness.

## Split in the Chilean Cabinet.

WASHINGTON, Jan. 22.—The apparent inaction of the Chilean government toward settling the dispute with the United States is explained by a dispatch from Minister Egan, stating there is a split in the Chilean cabinet upon the question of withdrawing Matta's note, and that Montt's government is in danger of being overthrown, and has asked the United States for aid.

## Governor Markham is All Right.

SACRAMENTO, Cal., Jan. 22.—There is no truth in the story that Governor Markham is dying. He is much better and expects to be out in a few days. The rumor probably grew out of the fact that the governor was removed from his rooms at the Sutter Club to a friend's house, where it would be more quiet.

## Brazilian Parliament Dissolved.

RIO JANEIRO, Jan. 22.—The Brazilian chambers have been prorogued until May. A bill authorizing the government to assume the responsibility for bank papers issued did not pass the senate, owing to the fact that many senators did not attend the meetings of that body.

## A Very Narrow Escape.

CHICAGO, Jan. 22.—This morning while a force of divers were at work clearing away the ice from the inlet at the crib, one of them became lodged in the mouth of the tunnel. In order to save him, it became necessary to stop the pumps for two hours, and he was finally extricated.

## Opium Seizure in San Francisco.

SAN FRANCISCO, Jan. 22.—A number of cans of opium, bearing the forged signature of Internal Revenue Officer B. M. Thomas, were taken from a dray near Chinatown today, and the driver arrested. It is thought the forged labels were part of the Wong forgeries, discovered last August.

## An International Conference.

WASHINGTON, Jan. 22.—Minister Lincoln has been instructed to invite Great Britain to join in an international conference on the silver question, if, in his opinion, the feeling of the English cabinet is such as to justify the invitation.

## The Quay-Post Libel Suit.

PITTSBURG, Jan. 22.—Argument in the Quay-Post libel suit occupied the entire morning session. This afternoon the judge delivered the charge to the jury. A verdict is expected before evening.
