

INHARMONIOUS CHILL.

Very Close Call for President Montt and Gen. Canto.

FIGHTING THE BLAND BILL.

Russian Relief Resolutions Set Aside by Filibustering.

SENSATION IN CHURCH CIRCLES.

Dubois & Claggett—W. G. Cook Dies in Prescott—New Revenue Cutter.

NEW YORK, Feb. 16.—The Herald's Valparaiso, Chili special cable says: Plots to kill both President Montt and Canto, have been discovered and thwarted. The attempt on President Montt's life took place last Sunday night. The miscreants engaged in it, removed the rails three kilometers north of Male station. Their intention was to wreck the train which Montt was announced to take. Fortunately Montt stopped off at a side station, and moreover the removal of the rails was discovered by the railroad officials before any damage was done. When the Santiago express for this city arrived at Laillai yesterday, General Canto, who was one of the passengers, left his seat in the Pullman car to take his breakfast. Upon returning he found that his seat was saturated with kerosene. Burned matches were discovered near by. There was no clue to the perpetrator.

Dernier Ressort of the Gold Bugs.
WASHINGTON, Feb. 16.—The donations of the western farmers and millers to the starving millions of Russia seem to have served a practical purpose in the house today as a bludgeon for the gold men to oppose the steady march of the lower house toward free coinage legislation. In today's struggle politics had no place, the filibusterers and their opponents being alike members of the democratic party. Tracy, of New York, led the fight against the consideration of a resolution authorizing transportation of donations to the starving Russians, but did it simply because he desired to keep as many measures as possible in the way of the Bland free coinage bill.

How he Increased Contributions.
ADRIAN, Mich., Feb. 16.—A sensation was created last evening at the opera-house union service when Rev. Dr. W. K. Spencer, the Presbyterian pastor, announced that on the previous evening he had made the rounds of the principal saloons and gambling places of the city disguised, and at each had found members of his congregation. These the clergyman proceeded to score right and left. Many transgressors caught their breath expecting to be named; and blessed their stars when they escaped. The contribution after the services was remarkably large.

Dubois vs. Claggett.
WASHINGTON, Feb. 16.—A member of the senate committee on privileges and elections stated today that there had been a careful consideration of the outcome of the Dubois-Claggett contest, and the republicans who would probably vote against Dubois were Stewart, Frye and Hale, but that he would have the bulk of the republican vote and half of the democrats. Senator Mitchell has charge of the fight in favor of Dubois, and expects the matter will be settled according to his report before long. Representative Cutting, appeared before the house committee on interstate and foreign commerce today, and made a statement showing the need of an additional revenue vessel in San Francisco harbor. The committee agreed and report favorably Mr. Cutting's bill appropriating \$50,000 for a revenue cutter to be used as a boarding vessel.

Prince of Wales Coming.
ALBANY, N. Y., Feb. 16.—A private telegram was received tonight announcing that the Prince of Wales, accompanied by a suite of twenty-five, will pass through this city May 27th, on the way to Niagara Falls. Two floors have been secured there at the Clifton. The destination of the prince's visit to America is not known.

Death of W. G. Cook.
PRESCOTT, A. T., Feb. 16.—W. G. Cook, who claimed to have formerly lived at Pendleton, Or., died at the military hospital today of pneumonia. He had only arrived here recently, and claimed to own property in Umatilla county, Oregon, and to have a young daughter living at Pendleton.

Matched for a Big Purse.
BUFFALO, N. Y., Feb. 17.—C. J. Hamlin, the millionaire horseowner, and George Leavitt, of Boston, are arranging to trot their respective horses in a race at Lexington this spring for \$50,000 a side. Hamlin's Chimes Girl, 3-year-old, will be matched against Ralph Wilkes, of the same age.

Telegraph to Fossil.
ARLINGTON, Feb. 17.—George West, a prisoner in the Condon jail, made his escape Sunday last, secured a horse from a livery stable while the owner was at church, and succeeded in reaching the railroad ten minutes before the east-bound train was due, which he boarded. Deputy Sheriff Johnson left Condon as soon as the prisoner was missed, but only arrived in time to see the train depart.

RECOVERING FROM THE WOUND.
Light Morris of Fossil, who accidentally shot himself a week ago, is progressing favorably, and hopes of his recovery are entertained unless blood poisoning sets in. The bullet has not been extracted.

THE FOSSIL LINE.
The question of a telegraph line between this point and Fossil is being agitated, and it is hoped will have a successful issue.

Shall Utah be Americanized.
WASHINGTON, Feb. 17.—The house committee on territories gave a hearing this morning to the opponents of the proposed legislation to give a local government to the territory of Utah, as proposed in the bill introduced by a delegate from that territory. The committee was addressed by O. W. Powers, representing the liberal party in Utah. That party, Powers said, was composed of democrats and republicans, who for the time being had cast aside their national political preferences and had joined hands for the purpose of building up an American state in the mountains. It was because the Mormon people were honest and sincere that the liberal party opposed the measure, the time not having come, in its opinion, for it.

Crazed From La Grippe.
BROOKTON, Miss., Feb. 17.—Charles Hudson, 87 years old, has not eaten anything for thirty-nine days. Early in January he had an attack of the grip, and became impressed with an idea that he would never leave his bed alive. His physician told him that his recovery was certain. He remarked: "I shall only have the same thing to go through with again, and I prefer to die now." From that time he has refused to eat. He takes water in small quantities to moisten his lips, and on several occasions small pieces of ice have been accepted with relief. He is now unable to speak above a whisper. He was one of the pioneer merchants of San Francisco, being interested in the boot and shoe trade, and later identified in the boot and shoe and leather trade of Boston.

The Days of '49 Revival.
SPOKANE, Feb. 17.—The opening of an enormous dancehouse at Sand Point, Idaho, resulted in riot and bloodshed last night. Three hundred railroaders, cattlemen and miners were present. In the midst of dancing a row started, in which one man was shot in the breast, another had his brains blown out, and two dissolute females were probably fatally wounded. In the midst of the affray, United States Marshal Warren and Sheriff Morley, with five men, entered and closed the house, and now twenty-five of the worst characters in the Northwest are penned up in a stockade corral and guarded by deputy sheriffs.

The Man Who Hadn't Heard It.
NEW YORK, Feb. 17.—Under the heading: "The Prince not Coming," a dispatch from Albany printed yesterday said that a private citizen in that city had received a cablegram which stated that the Prince of Wales, attended by a retinue of twenty-five persons, expected to land in New York May 28th, and go hence to Niagara Falls and Canada. William Lane Booker, the British consul-general, said yesterday: "The Prince of Wales has not told me that he is not coming, but I don't believe that he intends to visit this country or Canada."

Unsettled as Yet.
WASHINGTON, Feb. 17.—Zera Snow, of Portland, is in Washington, and is looking after the prospects for the appointment of W. B. Gilbert, as circuit judge. He seems to feel very much encouraged over the prospects, and says, upon investigation here, he finds that matters rest about the same as indicated in the Oregonian dispatches; that Gilbert is now the favorite candidate, and, unless something new should be developed, he has very flattering prospects of success.

Uncle Sam to Russia.
WASHINGTON, Feb. 17.—The sub-committee to whom were referred several Russian Hebrew resolutions introduced in the house, has reached an agreement to be reported, that the American people, express sympathy for Russian Hebrews and their depressed condition, and hope that the Russian government, with which the United States has always been on terms of amity and goodwill, will mitigate as far as possible the decrees lately issued respecting them.

The English Syndicate Again Heard From—Discontent in Germany—Russian Duels.

NEW ORLEANS, Feb. 16.—The president of the Louisiana Lottery was seen yesterday and asked with reference to the report that the lottery intended to remove to Mexico. He said that the story was false, and was evidently started by an enemy of the company for the purpose of booming Mexican lottery stock. The lottery will continue its existence here until the expiration of its charter, and after that time it will not seek a home anywhere.

"It's So English."
SANTA BARBARA, Feb. 17.—Elwood Cooper has sold his olive ranch to an English syndicate for \$200,000. The olive ranch is the largest of its kind, and is noted for being the scene of the earliest attempt at American olive-oil making. The syndicate will colonize the property with immigrants.

Confined to Her Hotel.
DEADWOOD, Feb. 17.—Mrs. Blaine arrived here this morning, and was at once driven to a hotel, where she was confined with nervous prostration. She suffered a hemorrhage of the lungs while on the train this morning, having left a sick bed to attend the trial of her divorce case. The case will not be heard before Saturday.

Just 24.

In just 24 hours J. V. S. relieves constipation and sick headaches. After it gets the system under control an occasional dose prevents return. We refer by permission to W. H. Marshall, Brunswick House, B. F.; Geo. A. Werner, 331 California St., S. F.; Mrs. C. Melvin, 136 Kearny St., S. F., and many others who have found relief from constipation and sick headaches. G. W. Vincent, of 6 Terrence Court, S. F. writes: "I am 60 years of age and have been troubled with constipation for 25 years. I was recently induced to try Joy's Vegetable Sarsaparilla. I recognized in it at once an herb that the Mexicans used to give us in the early 50's for bowel troubles. (I came to California in 1850, and I knew it would help me and it has. For the first time in years I can sleep well and my system is regular and in splendid condition. The old Mexican herbs in this remedy are a certain cure in constipation and bowel troubles." Ask for

Women's Luncheons.
 It is noticeable that at the luncheon rooms of the several woman's exchanges, as well as at several of the restaurants in the shopping districts, broken orders are possible. This is especially true of the menus of the exchanges which are managed by women solely for women. It is a concession to an accepted fact that women ordering and eating alone greatly dislike to pay for a mouthful more than can be consumed. One croquette, a half serving of salad, chocolate without bread—these are some of the ways a woman adjusts her bill to her appetite.—New York Times.

How Man and Nature Use Carbon.
 Man uses carbon for the same purposes as nature uses it. He employs it as fuel; so does she, but he in the crude form of coal, from which, also, he produces for other purposes different useful products artistically applicable as coloring substances, in which art, as he may one day find out, he is following some undiscovered natural design.—Longman's Magazine.

He Locates Oil Wells in His Dreams.
 Butler county has an "oil smeller" who can give points to persons who bring out the power of the hazel rod.
 Some months ago Cunningham & Co. were drilling a well on the farm of Ira Stauffer. One night while the well was drilling Casper Keichner, a crippled jeweler of Zelenople, dreamed that the well was dry, and in the same vision he saw a spot on the farm of John Shriver, near the Stauffer farm, where a well was flowing 1,000 barrels per day.
 Keichner related his dream to Cunningham & Co., but a smile was all he got for his trouble. When the well on the Stauffer farm was completed it was a first class duster. In their adversity the owners of the well went to Keichner and asked him to show them the spot on the Shriver farm where in his dream he had seen the coveted 1,000 barrel well. He accompanied them to the place and a well was started on the spot. A few weeks ago the pay streak was reached, the well actually flowed 1,000 barrels a day and the place is the richest oil farm in Butler county today.—Pittsburg Cor. Philadelphia Times.

A Woman's Strange Bequest.
 A very aged lady, Mme. Guzman, who died on the 30th of June last in Pau, was deeply interested, especially during her last years, in the descriptions of the planet Mars and the theoretical possibility of communication between our planet and the neighbor worlds. Furthermore, expressing in her will a desire peculiarly astronomical, she made the following legacy:
 A prize of 100,000 francs is bequeathed to the Institute of France (science section) for the person, no matter of what nationality, who shall discover within ten years from the present time a means of communicating with a star (planet or otherwise) and of receiving a reply.
 The testatrix has especially in view the planet Mars, upon which the attention and investigation of savants has been directed already. If the Institute of France does not accept the legacy it will pass to the Institute of Milan, and in case of a new refusal to the Institute of New York.—Cor. New York Herald.

Heavy Damages.
 A poor citizen of Nassau, N. Y., sued a rich neighbor to recover damages for the attack of the latter's small dog, which he maintained was a "snapping, snarling, vicious brute." In answer the defendant maintained that the canine was a "great pet and of gentle nature," but he lost his case and must pay \$1,000 damages.—Philadelphia Ledger.

 IS
THE LEADING PAPER

Of the Leading City of Eastern Oregon.

During the little over a year of its existence it has earnestly tried to fulfill the objects for which it was founded, namely, to assist in developing our industries, to advertise the resources of the city and adjacent country and to work for an open river to the sea. Its record is before the people and the phenomenal support it has received is accepted as the expression of their approval. Independent in everything, neutral in nothing, it will live only to fight for what it believes to be just and right.

Commencing with the first number of the second volume the weekly has been enlarged to eight pages while the price (\$1.50 a year) remains the same. Thus both the weekly and daily editions contain more reading matter for less money than any paper published in the county.
