THE DALLES, - - - OREGON

FRIDAY - - - MAY 13, 1892

LOCAL AND PERSONAL.

From the Daily Chronicle, Friday. Mr. C. E. Pratt of Wamic, is in the city today, and paid THE CHRONICLE a pleasant visit.

Dr. Siddall is again at home after a visit to Astoria, which he, and about 15,000 others, greatly enjoyed.

Mr. Jas. M. DeMoss, of Philadelphia, one of the famous concert family, is in The Dalles on business for a few days.

Mr. Geo. W. Lang, one of the U. P. R. R. locomotive engineers, who has been sick for some time, is now improving rapidly.

N. H. Moffet and J. W. Booth, of Moro, who have been in The Dalles for several days on business, left for home yesterday.

The hull for the steam launch, recently built in this city by Mr. Kennedy, took to the waters of the Columbia today, and now rests at anchor in Mill creek.

Mr. Fields' milk wagon team took another turn around the city today on their own responsibility, and the wagon now lays piled up at the blacksmith shop for repairs.

One of the nice things at Astoria this week was the poem, by Col. A. T. Hawley, in commemoration of the discovery of the Columbia. It ought to be read one hundred years hence, annually.

The Rockland ferry boat was compelled to slip her cable this morning, and is now landing on the Oregon side in Mill Creek, crossing as usual but steered by means of rudders.

Judge Chas. H. Carey, of Portland, has notified Hon. M. A. Moody of The Dalles, that Hon. H. B. Miller, of Grant's Pass, will accompany Mr. Ellis on his campaign in Wasco and Sherman counties.

The show window at THE CHRONICLE office yesterday received a fine sample of green peas from the garden of Mr. H. Klindt, about two miles below town, and a bunch of rye four feet tall, from Dr. Taylor's place on the bluff. The rye grew in sandy soil.

The Umatilla House is undergoing a thorough renovation and under the careful manipulation of four artists, directed by R. L. Walton, is beginning to look as white and glossy as the crest of mount Hood. The boys are doing a fine job on this favorite caravansary.

A document has been filed with the county clerk which claims all the water in Clear Lake for navigation purposes. When the people most intimately connected with that region, having their homes there, realize fully what has been done, there will be some kicks coming.

Mr. Brooks brought home with him from Astoria, the menu card of the banquet, the programme of the concert, and the official programme of the celebration, which serves to give a person a fair idea of the good times enjoyed. He says the concert, given by leader J. B. Wyatt, could not be beaten anywhere in point of its elegance.

The steamers Regulator and Dalles City of The Dalles, Portland and Astoria Navigation company, will make quick time on their routes today, taking passengers from this city to Portland and return for \$2.00, tickets good for five days, on the occasion of the visit of the cruisers Baltimore and Charleston to Portland. This is an opportunity which possibly may never be repeated, to see such vessels so near home.

A gentleman from Moro met with a lively experience yesterday on the Sufert road. A cow frightened his team, and they shied into a barbed wire fence, then out of it, and upset the buggy. Things were righted, nobody hurt, and they started again on the road, when the team took another start, threw the occupants out of the buggy, upset it again, and dashed away at the top of their speed, literally breaking the buggy all to pieces. He bought a new buggy of Mays & Crowe and returned to Moro.

Dr. Eliza A. Ingalls, wife of Maj. G. W. Ingalls, has arrived from Portland at the request of several prominent ladies of The Dalles. The doctor has concluded to open an office in this city, and has engaged rooms in the Chapman block, over the postoffice. Dr. Ingalls is a graduate of the university of Michigan, at Ann Arbor, of the class of 1875, and has ever since been engaged in 'active practice'—being a licentiate of the states of Illinois, Arizona and California. We gladly welcome Dr. Ingalls to our city and predict for her a large and successful practice.

Mr. and Mrs. S. L. Brooks and others, who took in the centennial at Astoria on the 11th, have returned home delighted with every event the occasion afforded. Mr. Brooks says the Astorians have been grossly misrepresented by statements of excessive charges, lack of attention, etc. According to his account the celebration was the grandest thing that ever happened on the Pacific coast. The cruisers will be in Portland tomorrow. The Pioneers had the post of honor by land and by sea, in all the processions. The attendance was immense, and everybody returned home well pleased.

Mr. A. J. Anderson, who has a fine place on Chenoweth creek, three miles below The Dalles, was up today and left some samples of his garden truck in the shape of green peas, that it would be hard to discount. He says strawberries are going to be abundant soon.

The Buffalo Express is the Eastern paper which reaches our table and our estimation at the same time, and is most worthy of admiration. The compliment may be construed as you please when we say, upon opening the wrapper "brought to perfection." THE CHRONICLE is no snide. Please X.

Various rumors are current respecting diphtheria in The Dalles, and that physicians may know what is required of them in such cases, at the request of city Marshal Gibbons we call attention to the law. Ordinance No. 12 provides that every practicing physician in the city shall notify the mayor, in writing, of every case within twelve hours after the existence of the disease shall come to his knowledge. Refusal or neglect to do so is an offense punishable by fine. The owner or occupant of any house where diphtheria is known to be, must also notify the mayor in writing or suffer a fine for their neglect. It may be deemed advisable that certain parties in the city read this ordinance, which is to be found on page 86 Dalles City charter, as amended in 1882. Mayor Mays desires that not only physicians, but families afflicted, strictly comply with the provisions of the ordinance in all such cases.

From the Daily Chronicle, Saturday. Miss Adna Helm of Chicken Springs, is in the city.

Filloon & Co. will have a car load of mowers next week.

Mr. H. A. Pratt, of Hood River, passed through today enroute to Ellensburg.

The Wasco Warehouse received about one hundred bales of wool for shipment yesterday.

B. F. Wolfe expects to harvest a fine crop of wheat off his field on Second street next to his pest store.

Mr. J. F. Moore, democratic candidate for prosecuting attorney, is in the city today interviewing the faithful.

Wool is slowly arriving in consequence of the bad condition of the roads through the Cold Creek sticky mud flats.

When the hair has fallen out, leaving the head bald, if the scalp is not shiny, there is a chance of regaining the hair by using Hall's Hair Renewer.

Mr. Benton, of the firm of Maier & Benton, has received the sad telegraphic news of his father's sudden death in Ronova, Pa., at 7 o'clock last evening.

Mr. S. F. Blythe, candidate on the democratic ticket for the legislature, passed through the city and proceeded to his home at Hood River by the steamer Regulator today.

Chief Engineer Jud S. Fish, of The Dalles fire department, has addressed several fire companies belonging to the departments of neighboring cities, asking them to co-operate with The Dalles department in a tournament here July 4th. He has received one answer, from Pendleton today, which will set the ball in motion.

From Mr. Kennedy, a gentleman from Texas, who is leisurely looking over Wasco, Moro and Sherman counties, we are informed that the seasons in the lone Star state are so uncertain that a large immigration of people may be expected to Eastern Oregon from there this year and next. He says the rain making scheme is an absolute failure.

Chief Engineer A. N. Gilmore, of the steamship Oregon, now in Portland, made the trip up to The Dalles by steamers of the D. P. and A. Nav. Co., yesterday, accompanying his sisters Misses Jane and Anna Gilmore this far on their return to their home in Steubenville, Ohio. The ladies have made the tour overland, via California, thence by sea to Portland, and they say that of all the routes traveled, none compare with the Columbia from Portland to The Dalles.

Among the passengers to Portland this morning by steamer Regulator, was Mr. Johnson, of Moscow, Idaho, who informed a representative of THE CHRONICLE that he was taking the boat just for the purpose of putting in a day where he could learn from practical observation, whether this natural highway to the Pacific was ever to be of any direct benefit to the dwellers of the inland empire. He seemed to be very anxious to learn all he could, and was presented with a file of THE CHRONICLE for future reference.

One of the last official acts of Mr. Z. T. Wright, whose death was announced in THE CHRONICLE yesterday, was the correspondence preliminary to the annual meeting of the Grand lodge of Good Templars in Oregon. The meeting was to have been held this year in The Dalles, but for want of a suitable hall, since the fire, session will probably be held in Portland. In the death of one so well known, the bereavement of a household becomes a community's sorrow. Cut off in his prime, Mr. Wright has left an enviable record. His career was a steady unfolding of latent powers and his future was full of promise. But to console his friends and to mitigate the bereavement of his family there may well come the knowledge that his career was that of a faithful, intelligent, conscientious believer in his work.

It would appear that Emperor William changes his mind regularly before every meal.

Rheumatism Cured in Three Days. Miss Grace Littlejohn is a little girl, aged eleven years, residing in Baltimore, Ohio. Read what she says: "I was troubled with rheumatism for two years, but could get nothing to do me any good. I was so helpless that I had to be carried like a babe when I was advised to get a bottle of Chamberlain's Pain Balm. I got it from our druggists, J. A. Kumber, and in three days I was up and walking around. I have not felt any return of it since and my limbs are limber as they ever were." 50 cent bottles for sale by Blakeley & Houghton, druggists. d&w

R. C. Wallis, of Rufus, says he cannot speak too highly of the present wheat prospects in Sherman county.

A Pointer. "I am very much pleased with Chamberlain's Cough Remedy," says H. M. Bangs, the druggist at Chatsworth, Ill. "During the epidemic of la grippe here it took the lead and was very much better liked than other cough medicines." The grip requires precisely the same treatment as a very severe cold, for which this remedy is so efficient. It will promptly loosen a cold and relieve the lungs, soon effecting a permanent cure, while most other medicines in common use for colds only give temporary relief. 50 cent bottles for sale by Blakeley & Houghton, druggists. d&w

Saved from Death by Onions. There has no doubt been more lives of children saved from death in croup or whooping cough by the use of onions than any other known remedy, our mothers used to make poultices of them, or a syrup, which was always effectual in breaking up a cough or cold. Dr. Gunn's Onion Syrup is made by combining a few simple remedies with it which, make it more effective as a medicine and destroys the taste and odor of the onion. 50c. Sold by Blakeley & Houghton.

The naturalization of foreigners who cannot speak English is not surprising. Few newly made voters are so ignorant that they do not understand the deep Ciceronian eloquence of a pint of beer, pale and frothy. Beer is the volapuk of politics.

A Great Liver Medicine. Dr. Gunn's Improved Liver Pills are a sure cure for sick headache, bilious complaints, dyspepsia, indigestion, costiveness, torpid liver, etc. These pills insure perfect digestion, correct the liver and stomach, regulate the bowels, purify and enrich the blood and make the skin clear. They also produce a good appetite and invigorate and strengthen the entire system by their tonic action. They only require one pill for a dose and never gripe or sicken. Sold at 25 cents a box by Blakeley & Houghton.

We do not know which is the more diverting spectacle, the lively efforts of Mr. Hill to run down the presidency or the sinuous grace and alacrity with which the presidency eludes Mr. Hill.

A Sure Cure for Piles. Itching Piles are known by moisture like perspiration, causing intense itching when warm. This form as well as Bilind, Bleeding or Protruding, yield at once to Dr. Bosanko's Pile Remedy, which acts directly on parts affected, absorbs tumors, allays itching and effects a permanent cure. 50 cents. Druggists or mail. Circulars free. Dr. Bosanko, 329 Arch St., Philadelphia, Pa. Sold by Blakeley & Houghton.

DR. MILES' RESTORATIVE NERVINE. HEADACHE! Of all forms, Neuralgia, Spasms, Fits, Sleeplessness, Dizziness, Distresses, Headaches, Stomach Disorders, etc., cured by DR. MILES' RESTORATIVE NERVINE, discovered by the eminent Indiana Specialist in nervous diseases. It does not contain opiates or dangerous drugs. "Have been taking DR. MILES' RESTORATIVE NERVINE for about four months, and now after three months, I feel as well as I have ever felt. I had at least 15 convulsions, and now I feel as well as I have ever felt. I had at least 15 convulsions, and now I feel as well as I have ever felt. I had at least 15 convulsions, and now I feel as well as I have ever felt." - JOHN B. COLLINS, Romo, Mich. "I have been using DR. MILES' RESTORATIVE NERVINE for about four months, and now after three months, I feel as well as I have ever felt. I had at least 15 convulsions, and now I feel as well as I have ever felt. I had at least 15 convulsions, and now I feel as well as I have ever felt." - JOHN B. COLLINS, Romo, Mich.
