

The Weekly Chronicle.

THE DALLAS, --- OREGON

LOCAL AND PERSONAL.

From the Daily Chronicle, Tuesday. Regular monthly meeting of the school board last night. Mr. Thos. Flynn, of La Grande, is visiting friends and relatives in this city. Epworth League will hold its business meeting tonight. All members requested to be present. We regret to learn Capt. Lewis is still very ill at his home, and is in a very precarious condition. Three large schooners, loaded down to the guards with wood, arrived from down the river yesterday. Rev. O. D. Taylor, Mr. N. Whealdon, and D. C. Ireland are among the Dallas people in Portland today. The weather prophet, Pague, of Portland, has honor in his own country. The forecasts hit every time. Mr. A. C. Connelly, former superintendent of schools for this city, is on a visit to The Dalles from Troutdale. Christmas trees can be had any time between now and Christmas at The Dalles Lumbering company's office. The marshal has been instructed to post notices forbidding persons from tying horses at the east end of Third street. The Good Intent society meeting has been postponed until Thursday afternoon, when it will be held at Mrs. W. Magee's. J. M. Cummins, late of the Wasco News, now editor of the Klickitat Leader, has just started a new drug store in Centerville. The funeral of the late William H. Michell will take place from the Methodist Episcopal church tomorrow (Wednesday) at 1:30 o'clock. R. V. Gibbons has been chosen night watchman by the council, in place of Con. Howe, who has been compelled to resign on account of sickness. The wheat haulers report the roads in a terrible condition and that there will not be much more teaming done this season, unless some drying weather puts them in a better fix. Mr. H. J. Maier tendered his resignation at the meeting of the council Saturday evening, because of removal from the first ward, and James Wood was chosen to fill the vacancy. Mr. J. Harrison Mills, artist, New York city, is a guest of Mr. Linus Hubbard. Mr. Mills was the superintendent of the art department at the recent Portland exposition. The Helena Journal, Russell B. Harrison's Montana paper, was sold by the sheriff on judgments for over \$100,000. It was knocked down at \$21,000. There was no room for it in Helena. A man can walk from THE CHRONICLE office to Seufert's and get less mud on his boots and pantaloons legs, than he would get by a walk of four blocks in any other direction. This shows the "drift" of Dallas City mud. All members of the order of Woodmen of the World are specially requested to be present at the regular meeting tonight to consider arrangements for attending the funeral of our deceased neighbor William Michell. The boycotters of the U. P. R. are the Burlington, the Rock Island, the Colorado Midland, and the Denver and Rio Grande Western. The U. P. R. Co. declined to accept business from them for local points on the line at Ogden instead of at Denver. President Cleveland has returned from his "duck hunt." Mr. Weaver has also returned from his celebrated con hunt. Mrs. Lease is said to be out on a still hunt for rats. They all got game. Weaver got the con. K-an-ess tell whether Mrs. L. will get the rat. The snbs will not be responsible for anything nor everything that may appear in these columns during the editor's absence. They, like J. Gould, will gather where they have not sown, and, and pluck where ever and whenever they can. Judge Bradshaw of this city is setting judge in department No. 2, of the state circuit for Multnomah Co., for Judge Stearns, who will visit his parents in southern Oregon, then go to California to be gone about five weeks, for the benefit of his health. The Chatanquan society met at the residence of Mrs. Crowe last evening, and had a very enjoyable season. The entertainment in connection with it was very instructive and pleasing. The next meeting will be at Mrs. B. S. Huntingtons on Monday eve next. The Dallas postoffice is getting sadly deficient for the need of clerk hire. The money-order business alone has so increased this year that it takes all the available time of the force to attend to the business. No blame should be attached to the efforts of the postmaster for errors. It is the fault of the heads of the department in not keeping up with the advances at The Dalles.

We understand there is to be a noted evangelist in this city in the near future who will remain here in revivalistic work for a couple of weeks. The field is a good one and it is hoped that the churches of the city will be richly rewarded through the efforts of these helpers. Brother Ireland disappeared from this city at an early hour this morning for Portland to appear at Judge Bradshaw's court today, provided he is not obstructed by another slide, as a witness in an important suit in that city. His reappearance may be expected in this office between this and the next new moon. We had a very pleasant call today by Mr. V. E. Gobat of Goldendale, Wash. He informs us that the soil is in excellent condition for seeding and the farmers are sowing a large acreage of wheat this season. The Regulator line of steamers has assured them that it pays to raise wheat, now that they can get better prices for their grain through them. Hon. H. B. Parker of Astoria, owner of the new and elegant river steamer Astorian, one of the enterprising citizens of the Venice of Oregon, is at the Umatilla. He came up last night on the Regulator to confer with the managers of The Dalles, Portland and Astoria Navigation Co., and has an eye to business and the looks completion at the cascades. He will remain a few days in the city. The Oregonians Washington correspondent says, Gov. Penney would have been one of President Cleveland's advisers had he continued faithful to democratic principles, in other words, had he not gone con hunting, with Gen. Weaver, as chief. The General and Mrs. Lease captured the governor quite successfully on the proposition of catching coons, on a Canvase-back at Washington. Sherman county has been quite hasty in making her levy on assessments this season. The state board of equalization has not met yet, and it fixes the state levy before counties go through the operation. Wasco county will not make her levy until about the first of January. Sherman counties assessment is less by over \$400,000 this year than last, and as her treasury is about empty, it is after a replenishment early, that she may hold her record, which is a difficult thing. Look out for bad paper. A deft individual has been plying his vocation in the city within the past few days in getting off bogus checks on some of our merchants. The scamp that has done the business knows how to handle the pen very dexterously. So look out. The next thing is likely to be counterfeit money. Spokane and other places are being supplied with counterfeit \$10 pieces and silver imitations that is very cleverly got up. The \$10 piece is a very dangerous one, as it is difficult to detect. Mrs. D. M. French and Mrs. C. H. Brown were earning their dollar each to be given for the organ fund at the experience social New Years eve, a few evenings since, appearing in the costume of needy women, selling popcorn. Their hats were prepared by Miss Anna Peter & Co., and were very "attractive." It is needless to say that they earned their dollar or two. Their appearance and occupation reminded one of Bridget, as she opened a bottle of champagne for the first time, Begorra, the man that filled this quart bottle must have put in two quarts instead of wan!

Appropriate to the gathering at The Dalles armory tonight, we are permitted to say that throughout his inspection, the brigadier-general has been impressed by the excellent martial in most of the companies, but he feels called upon to say that they have not been properly provided for or maintained by the state, and have worked along through discouragements that would have disheartened less patriotic men. "It is only just," he says, "that these men, who sacrifice their time and means to fit themselves to render the state effective service in its hour of need should not be expected to supply the means as well as the service. They need clothing as well as equipments. Any sudden emergency calling them out at short notice, as happened recently to a national guard of a neighboring state, would be sure to cause hardships, suffering and perhaps sickness and death from the lack of proper equipment. Each man of the active militia should be supplied with an overcoat, blanket, canteen, leggings and haversack, containing meatration can, knife, fork, spoon and tin cup. Tents should be provided for each regiment and company." The brigadier-general estimates that \$36,000 would put the troops on a satisfactory footing. The state is indebted to the United States government about \$14,000 for arms and equipments, and until this is paid it can receive no benefit from the annual appropriation made by congress. The state appropriation of one-fifth of the mill is insufficient to meet the emergency, and it is recommended that the military tax be increased to two-fifths of a mill, and an appropriation of \$10,000 be made this year to meet immediate emergencies. At the meeting of the state military board at Portland on the 25th it was decided not to hold an encampment next year, owing to lack of funds. New rules were adopted but as they must be submitted to the attorney general they cannot yet be made public. They work no radical change, however, in the matter of naval battalion it was recommended that two companies be detailed as coast guards. Should the recommendation meet the approval of the governor, companies will be located, one at Astoria and the other at Portland, to be subject to first regiment. From the Daily Chronicle, Wednesday. Rev. E. Baker and wife of Dufer, is in the city. Judge Watkins & family are at the European house. Mr. Maerain, of New York, is a guest of the European house. Dr. Crofret and daughter, of Boston, Mass., are stopping at the European house. Dr. C. M. Balfour, S. Margon, G. Watson, wife and family are guests of the European house. The republican party has done that very thing for over 30 years, and is the party of and for the people. The gypsies who kidnapped the Miller girl have been located, and the child will be recovered it is expected. The wind is blowing quite stiff from the east, with an indication of snow and winter as an unwelcome visitor. Portland is overrun with burglars, cut-throats and foot-pads. Where are the Pinkerton detectives? Mr. C. B. McKinstry, of the new firm of Huntington & McKinstry, and his wife and child are at the European house. Hon. ex-Supreme Judge J. R. Waldo and wife will leave Oregon for a winter's stay on the Sandwich islands on the 15th inst. We are sorry to learn that Mr. Geo. P. Moran of the Wasco sun is seriously ill, we hope to see him at his post again in a few days. Gen. Rosecrans is very ill and is suffering from nervous prostration and a stroke of paralysis of an arm. Hopes are entertained for his recovery. Mr. Emerson called today and reports quite a fall of snow, out on the hills of 15-Mile last night, and the wind is blowing quite strong from the east. The "Dufer Dispatch" has stepped down and out of Dufer. It has picked up its form and gone to Grants, Sherman county, where it will send forth its dispatches regularly if it lives. The Guard Mount ball last evening at their armory was well attended, and with the fine music furnished by the Club orchestra, was very enjoyable. The party was pronounced as a fine affair by those in attendance. If one wants to see something really handsome, just stop at Garretson's show window and see those beautiful Oregon agates and carnations which he has had cut by an expert lapidary, in Denver, Colorado. They are fine. Portland wants the whole world with a barbed wire fence around it, from the newspaper stand point. They want another circle extended so as to take in Mt. Taber, and all the suburban towns south of the Columbia. Already the city area, is nearly as large as that of Chicago. Henry Witte, a rusty old bachelor living near Fellows station, on the Central Washington railroad, was made happy the other day by receiving intelligence from Germany that a legacy of \$31,000 was left to him by a deceased brother. Witte is 45 years of age and a hard-working rancher. The Telegram says no men are now employed at the locks except watchmen. Several draughtmen are employed in the office drawing up the details of the hydraulic machinery, the gates and the final details of the masonry. We presume they are drawing their pay regularly.—Ed. We had the pleasure of a visit from Mr. and Mrs. Havelly of 15-Mile. Mr. Havelly says the roads are bad, and the ground is in fine condition for the plow, which is being used in all directions, and that the seed-drill is following them up in good style. He thinks Wasco will have ahead next year in wheat product. Telegram. The people's party are liable to reap more harm than good from their name. It is so suggestive and means so much, that its requirements are varied and important. It is going to be very difficult for them to live up to that name. The people's party of the future is the one which will benefit the people the most. The D. P. & A. N. Co. have begun work on the enlargement of their wharf. They will drive about 75 piles and raise the dock about 5 feet above its present grade and make the wharf proper, eighty feet square. It is the intention we understand, to build a two story dock in the spring, to accommodate the grain traffic of the coming season. A housekeeper's magazine gives the frugal housewife this succinct and timely advice: "To clean lamp chimneys use warm water and soap, drying carefully with a soft cloth." The prevalent idea that lamp chimneys should be hung on a line and beaten with a gaspise is thus shown to be entirely erroneous, as is also the old-fashioned notion that lamp chimneys should be dried on the roof after running them through a clothes wringer. What would woman do without her "home magazine?"

The D. P. and A. N. Co. steamers are to be hauled off for repairs on the 17th inst., and it behooves our merchants and shippers to improve the time between this and the close of the line at that date, and get in all their winter's stock, or as much as possible, for the experience of the past is, the U. P. will practice cinch whenever they have the opportunity. Spokane Review. The green aphid has cost the fruit raisers of Eastern Washington many thousands of dollars this year. It is a recent importation from California, and should be exterminated by concerted warfare. Some farmers think this can be done by liberal use of the emulsion of kerosene and common soap, while others think kerosene is injurious to the trees. Surely a safe remedy can and will be found, for the interest involved is very great. From The Daily Chronicle, Thursday. Light snows, followed by fair weather and warmer temperature. Mr. H. Sutcliffe of Goldendale was in the city yesterday to attend the funeral of Wm. Michell, jr. Messrs. Hugh Glenn and O. Kinnersly, left for Portland this morning by steamer Regulator on a flying trip. The residence of Dr. Rinehart is nearing completion, and when finished will be the handsomest building in the city. Miss Elizabeth Fitzgerald left the city this afternoon for Sherars Bridge, where she will remain during the winter months. In Portland, Eastern Oregon apples are now selling for \$2 per box and yet people say that it does not pay to raise fruit in Oregon. F. A. Dunsky, of the Chicago Sportsman, is spending a few days at and around The Dalles, looking over and writing up our fast stock. A late dispatch says the international monetary conference resumed the discussion of Rothschild's proposals today. After a speech by Sir C. R. Wilson, one of the British commissioners, Rothschild withdrew his scheme. Mr. Albert Allen informs us he met with quite a loss in the death of his fine Rockwood trotter, Roxy. She was a sister to "Annita," J. O. Mack's celebrated animal, for which he has refused \$1,500. Mr. Allen valued Roxy at \$800. The whist club held its weekly meeting at Kellor's hall last evening. A very pleasant time was spent at drive whist. The first prize was carried off by ex-Senator Hilton, while the booby fell to Mrs. J. S. Fish. The U. P. steamer Bonita, running between Bonneville and Portland, struck a sunken reef of rocks near Bridal Veil falls, and went to the bottom yesterday afternoon. The passengers and crew all got ashore safely. The funeral of the late Mr. W. H. Michell was very largely attended yesterday. The entire orders of the Knights of Pythias, and Ancient Order of Woodmen, were out in uniform, at the church service, which was very solemn and impressive. The remains were borne to their last resting place by these orders and were laid away in accordance with the rites of these Fraternities. Entertainment and Supper. The patrons of Rockdale public school district No. 16, intend holding an entertainment in Fairfield school house, on Friday 16th inst. The amusements will consist of music, vocal and instrumental; dramatic pieces, readings and recitations, and a supper will be given at the close. The best local talent has been engaged, and the most attractive pieces, humorous and pathetic, have been chosen. Admission to entertainment and supper 25 cents. The proceeds will be devoted to the repairs of the school house, and we trust that in aid of so praiseworthy an object, a large attendance will be secured. Doors open at 7 o'clock p. m. To City Subscribers. The DAILY CHRONICLE is now distributed by obliging carriers in the residence portion of the town. This insures the delivery of all papers between 4 and 6 o'clock. We are having neat and substantial boxes made, to be placed on the inside of the gate posts, which will protect papers from the rain and wind. The boxes will take up but little space and will be neatly painted and durable. They will be ready some time during next week and the carriers will furnish them at cost, and the subscriber will then always know where to find his paper dry and readable. An Old Pioneer Gone. Thos. Alfred o. Harrisburg, Oregon, an old pioneer of 1850, died at his home last Tuesday the 29th ult., aged 90 years. Mr. Alfred was born in Virginia in 1802. Will Come West in a Few Days. WASHINGTON, December 6.—Blaine is so much improved in health that he intimates the hope of leaving for California in a few days. Married. At the Umatilla House parlors, Wednesday evening, December 7th, Mr. J. A. Smith and Miss Rebecca Mitchell, both of Wasco, Or., Rev. Father Bronsgeer officiating. The happy couple left for Portland by steamer Regulator this morning. At the Umatilla house, Thursday morning, December 8th, by Justice Schuts, Mr. Charles N. Acker and Miss Clara Neal, of this county.

OBITUARY. WHEREAS: It has pleased God in his all-wise providence to remove from our midst neighbor Wm. Michell, Jr., and whereas our neighbor was in good standing in our order: therefore be it Resolved: That in the decease of Wm. Michell, Jr. our order has lost a worthy woodman beloved and kindly remembered, which loss is felt in all its keenness by Mt. Hood Camp No. 59, The Dalles Ore. since he was the first whom death demanded from our ranks. Resolved: That we extend our heartfelt sympathy to the grief stricken family and share with them in their bereavement, his death is our loss. Resolved: That in memory of our deceased neighbor the charter of our camp be draped in mourning for the period of thirty days. Resolved: That a copy of these resolutions be presented to the parents and relatives of Wm. Michell jr. also that the same be spread upon our minutes and published in The Dalles papers. Fraternally submitted T. A. WARD, G. J. FARLEY, L. BOOTH, Committee. Comments on the President's Message. The democrats as a general thing, pronounce the message as a campaign document, while on the other side, the republicans agree that it is an able presentation of the affairs and condition of the government. Mr. Dockery of Missouri, one of the leading democratic members of the house says: "I sincerely hope that the president is correct in saying that there will be no deficiency in the coming fiscal year." Mr. McMillen of Tennessee, member of the ways and means committee, said: "I believe the only salient points made, were those regarding the tariff and force bill, and they will not change the opinion as expressed at the polls." Mr. Pickler of South Dakota said: It is an able message and shows the country to be in a prosperous condition. It is a fitting document on the close of President Harrison's able administration. Senator Mitchell of Oregon said: I consider it a remarkably strong document. Senator Callon, of Illinois, republican, says: I regard it as an excellent message, an able paper, showing a faithful picture of the present condition of the country. Senator Stewart, of Nevada, populist, says: I think it an overdrawn picture of the countries condition. Senator Washburn, of Minnesota, republican, said: It is good; I endorse every word of it. He thinks it a little long for this time. The English Press comments are of ridicule. The DAILY CHRONICLE, says: It reminds them of a school boys mixiu. If you tell a lie, tell a big one and stick to it. The Morning Post says: It is not wanting in an air of self confidence. The Standard says: It is not meant to be gracious, neither is it impressive. The complaint of the unfriendliness of Canada is a trifle too absurd. Queer world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manner of pain, spending their all on physicians and "getting no better, but rather worse," when right at hand there's a remedy which says it can help them, because it's helped thousands like them. "Another patent-medicine advertisement," you say. Yes—but not of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and it's different from the ordinary nostrums in this:— It does what it claims to do, or it costs you nothing! The way is this: You pay your drug-dist \$1.00 for a bottle. You read the directions, and you follow them. You get better or you don't. If you do, you buy another bottle, and perhaps another. If you don't get better, you get your money back. And the queer thing is that so many people are willing to be sick when the remedy's so near at hand. Notice. The steamers of the D. P. and A. N. Co. will tie up for repairs on the 17th inst. and will not run for about two weeks, after which time tri-weekly trips will be made until spring (weather permitting.) W. C. ALLAWAY, General Agt. B. F. LAUGHLIN, Manager. 12,76d

MONEY TO LOAN.

We have an unlimited amount of money to loan on approved farm security. THORNBURY & HUDSON, The Dalles, Or.

SHERIFF'S SALE.

By virtue of an execution and order of sale, issued out of the Circuit Court of the State of Oregon for the county of Wasco, to me directed, in the suit where the shilshore Loan and Trust Co. is plaintiff, and William F. Geyton, Mary E. Geyton and D. McKelvey are defendants, commanding me to levy upon and make sale of those certain pieces and parcels of land in Wasco county, state of Oregon, known and described as the west half of the southeast quarter and the east half of the southeast quarter of Section four (4) in township one (1) south of range thirteen (13) east of the Willamette meridian, containing one hundred and sixty acres, I have this day levied upon said land and on Friday, February 24, 1892, at the hour of 11 o'clock a. m. of said day, in front of the city of Wasco, in said county and state, I will sell at public auction to the highest bidder therefor. A. A. WARD, Sheriff of Wasco County, State of Oregon.

To City Subscribers.

The DAILY CHRONICLE is now distributed by obliging carriers in the residence portion of the town. This insures the delivery of all papers between 4 and 6 o'clock. We are having neat and substantial boxes made, to be placed on the inside of the gate posts, which will protect papers from the rain and wind. The boxes will take up but little space and will be neatly painted and durable. They will be ready some time during next week and the carriers will furnish them at cost, and the subscriber will then always know where to find his paper dry and readable.

ONE DOLLAR EVERY HOUR

is easily earned by any one of either sex in any part of the country, who is willing to work industriously at the employment which we furnish. The labor is light and pleasant, and you run no risk whatever. We fit you out complete, so that you can give the business a trial without expense to yourself. For those willing to do a little work, this is the grandest offer made. You can work all day, or in the evening only, or you are employed, and have a few spare hours at your disposal, utilize them, and add to your income,—our business will not interfere at all. You will be amazed on the start at the rapidity and ease by which you amass dollar upon dollar, day in and day out. Even beginners are successful from the first hour. Any one can run the business—none fail. You should try nothing else until you see for yourself what you can do at the business which we offer. No capital risked. Women are grand workers; nowadays they make as much as men. They should try this business, as it is so well adapted to them. Write at once and see for yourself. Address H.
