OFFICIAL PAPER OF WASCO COUNTY.

COUNTY OFFICIALS.

Jeel W. Koonts E. F. Sharp ident of Public Schools Troy Speller N. Eastwood

They are to stop flogging female convicts in Siberia. Who would ever have expected that part of the world to move? After awhite Russia will become as civilized as Dahomey. Female prisoners may escape the lash hereafter that semi-starvation may be employed to bring them to a submissive mind. Great is Muscovite civilization.

The United States senatorial fight in Wisconsin will be hotly contested. In the Montana contest yesterday the ballot resulted the same as on Wednesday, except that Beecher, populist, voted for Mulville, populist, instead of Hauser, democrat. Kansas is saie. Those who have given the re-organization of the sonate for the 53d congress to the democrats may yet perhaps, change their views. The G. O. P. "still lives.

The firm action of the republicans at Topeka yesterday, will probably secure the election of a republican United States senator in Kunsas. This was brought about by the grasping desire of lieun postmusters elected, and substitute populists. This would give the populists a clear nujority, and, of course, the republicans would not give in, so the conference adjourned. Other conferences were held, but without result, and finally, like the dog and the piece of meat crossing a stream, they let the passing hope which burely told its flatsenator drop to catch at the shadow of a turing tule.
