

Weekly Chronicle.

DALLES, OREGON

LOCAL AND PERSONAL.

The snow has left Portland in anything but a fine fix. Another snow plow has been sent for today and we may be happy yet.

A Wapinitia letter of yesterday says the snow there is 28 inches deep. The best spoilers of Juniper flat are to have a match this evening.

What makes success? Hard work. What makes wealth? Advertising. The great prospects of our city are all summed up in that one word—Location.

Mr. A. A. Whitney of Portland, is in the city among the delayed passengers. "Belly deep to a horse" the measurement of the snow given to us by a Wapinitia man.

The snow on Dutch flat is from two to four feet deep. It some places it is drifted very much. Mr. C. W. Emerson of 15-Mile is in the city. He reports everything in good shape in his section.

Mr. Pat Brown of 10-Mile is in the city today and reports good health and plenty of snow in his neighborhood. A dance is to be given this evening at Crises place on Wapinitia if the young people don't get frostbitten.

Mr. Sol Durbin, one of the snowbound passengers by the U. P., is in the city today. Mr. Durbin is one of Oregon's early pioneers. Mr. Chas. Allison is cutting and putting up ice from the Stoddeman pond that is ten inches in thickness, and as clear as ice can be.

Today the sky is almost clear of clouds and the maximum temperature was 30°. The average depth of snow in this locality is nine inches. In the Oak Grove section and at Wamic, reports say the snow is eighteen inches deep. Stock are in good condition having plenty of feed.

Sam Duller of Wamac died on the 4th inst. He was a prominent citizen, a grand army veteran, about 50 years of age, and leaves a large family to mourn his death. We are under obligations to Mr. E. H. French for a copy of the Berkeleyan. Its table of contents is very interesting. Mr. Ed. Mays of this city, one of Berkeley students, appears as associate editor. We gladly clip in.

The young people about Milt Norris' ranch on Juniper Flat spent the time very pleasantly at a social dance on the 26th. Music was furnished by the Kesner & Menefee band. A splendid supper was provided. About forty couples were present.

One of the band of steers which crossed the ice yesterday went through and failed to come to the feed rack last night. The ice was very much like the beautiful snow poems, "too thin" in places. Mr. W. J. Roberts of Colfax, came down on the morning passenger. Mr. Roberts came on a summons that his father had died in Los Angeles on Monday eve and the remains would be brought to this city for interment.

Attorneys J. S. Story and H. H. Riddell returned from Grant last evening, where they were engaged in getting some testimony taken before a referee, in reference to an action pending there. They report every thing as being very dull and but little business being done. All are waiting for the long delayed chinook to open business once more.

The young people of Grant enjoy their social gatherings during the long winter, and make the time pass merrily. A merry company met last evening in the hall next the Dispatch office and spent the evening in dancing. It was a very enjoyable affair, and until the "wee sma'" hours the music gave inspiration to the jolly dancers.

A number of persons are in town for the purpose of attending the quarterly teachers examination which was to commence today. But owing to the delayed trains, County Superintendent Shelly was unable to arrive in time, and those who are desirous of attending the examination are compelled to wait until such time as the contrary elements will permit Mr. Shelly to arrive.

L. L. Greenley an insane man was brought in this morning by T. W. Glavey and Wm. Greenley, from Kingsley. He was examined by Dr. Shackelford this afternoon and pronounced insane, whereupon Judge Blakeley committed him to the asylum. Greenley is a man twenty-nine years of age and has been idiotic ever since his birth; his insanity being due to hereditary causes. He at times becomes violent and seems seized with a desire to kill those about him. He has suffered from attacks of epilepsy since childhood, and has required constant watching for years. He was placed in the county jail for safety until such time as he can be taken to the asylum.

From the Daily Chronicle, Thursday. Mrs. Isaac Joles is out again after her recent illness. Miss Grace Crandall is recovering from her late attack of illness. For the year 1892 the annual expenses of Lane county were \$62,415.75.

A horse recently purchased from a farmer near Independence is to be taken to the world's fair, is said to be 20 hands and two inches high. He will out-top all others, and can pick the tallest permissum. Ice breaking up on the Columbia river—next June. Paris panels never

Arlington Safe Robbery.

The Record gives an account of the robbing of Coffin Bros.' safe at Arlington on Monday of last week, but fails to print the name of the offender. We do not know the reason why the Record kept the name secret. We trust the editor of the Record was not implicated. But laying Jakes aside, the only rule to go by is for a newspaper to show no partiality in such matters. If a paper keeps the name back in any case, it will be impertinent to in others and have no end of trouble. It is no more than the readers of the Record ought to expect for that paper to give the name in such a case as this, after the complaint is made and the party bound over. It is not libelous, and seldom ever does harm to publish the facts of judicial criminal proceedings, without comment.

The danger lies in and injury results from publishing rumored suspicions, tinctured with malice, and connecting names of persons with that sort of slander. But the public have a right to the name and charge sworn to in court, and a newspaper has the right to give them, and to publish the complaint, if he choose, or a copy of the proceedings, or any fact connected with the court as a part of the proceedings. The rule for newspapers in such matters is that the publication should not be done with malice, and that the paper is liable for the truth of all assertions it makes that are not strictly matters of record.

Following is the account given by the Record: "The safe of the well known firm of Coffin Bros., was robbed of about one hundred dollars on Monday last. The facts are about as follows: Stanley Coffin left the safe party open and went skating. During his absence a young man who was formerly in their employ came in the store, went to the safe and took out the money, the party in charge, not thinking anything about the matter. When Stanley returned he missed the money and made inquiry, and was informed who had been in. A warrant was sworn out, and Marshall Carlisle soon had the party. He acknowledged the theft and returned nearly all the money. He was taken before Justice Zeigler and placed under \$150 bonds to appear before the next grand jury. We suppose his bondsmen have the money to lose, as we think it very doubtful if the thief will be in the country when the grand jury convenes."

Answered. Mr. Editor—A few evenings since I was enjoying the sleigh riding with my best girl. I took a stone foot warmer with me. It was about 10x14 in size. It came near causing the breaking off of our engagement. The thermometer was about at zero. I attempted to put my feet on the warmer beside the girl (to whom I am engaged) when she kicked. Was I doing anything improper?

ENGAGED. Because you are engaged to the young lady does not give you more privileges than if you were not. On a stone 10x14 there would be no room for your feet after those of the young lady are on it, especially if she is from the Willamette valley. They may be "ducks" of feet, but we doubt if the stone was large enough for her feet alone. Would advise you to get a larger stone or not attempt the same thing again.

Activity of North American Volcanoes. Scientific American. Padernal peak, situated in the wilds of Rio Arriba county, New Mexico, is reported as now in a violent state of eruption, and is belching forth sulphurous fumes and lava at intervals of about three hours, each lasting about thirty minutes. This has been going on since the last week in December. The entire top of the mountain, which was almost square and about a mile in extent, is stated to be blown off, and the lava pouring down the sides has already filled up the valley for about half a mile on each side. A considerable portion of a ruined city of the ancient cliff dwellers will be covered with the slag should the eruptions continue. Padernal peak is one of the most prominent landmarks of the territory. The Mexicans say that it burst forth in violent eruption in 1820 and did not cease for nearly a year afterward. It has lain dormant until the present time. The rumbling noise and lurid light can be plainly heard and seen at Sierra Amarilla, seventy miles distant, and an army of people from there are now at Arizaba to witness the impressive sight. An earthquake shock felt at Orizaba, Mexico, recently, greatly frightened the people living in the vicinity of the Orizaba volcano. The town of Orizaba lies about seventy miles by rail southwest of Vera Cruz and about twenty-five miles south of Mount Orizaba, the snow-clad peak of which is said by some to be 17,380 feet above sea level, and by others to be the highest peak in North America. The residents of Colima, the capital of the Mexican state of that name on the Pacific coast, also feel a nervous apprehension regarding the volcano of Colima, which, reaching a height of about 12,000 feet, looms skyward about thirty miles northeast of the capital. Every night a lurid light illuminates the sky above the mountain, and it is feared that this portends a serious eruption.

The rotary snow plow which has finally opened the U. P. R. between The Dalles and Portland, was the invention of a Dalles City man; but he, like the Salom man who invented the cable-car for city service, was compelled to leave Oregon to get his patent before the world, and never made a cent out of it.

The Union Whist Club

was entertained last evening by Mr. and Mrs. H. Glenn. A very enjoyable time was had as usual in the pleasant hall. The prizes were carried off by Mr. C. E. Bayard, first, and Mrs. L. E. Crowe, second, and consisted of two beautiful paintings, the work of Mrs. Glenn. After the supper were full, all adjourned to the supper room, where a delicious lunch was served, after which dancing was enjoyed till a late hour. Those present were Mr and Mrs Glenn, Mr and Mrs Bayard, Mr and Mrs Brooks, Mr and Mrs Hostetter, Mr and Mrs Crowe, Mr and Mrs Blakeley, Mr and Mrs Hobson, Mr and Mrs Beall, Mr and Mrs Lord, Mr and Mrs Houghton, Mr and Mrs Lochhead, Mr and Mrs Peters, Mr and Mrs Rinehart, Judge and Mrs Bradshaw, Mr and Mrs H. S. Wilson, Mr and Mrs W. H. Wilson, Mr and Mrs Hilton, Mr and Mrs Crossen, Mrs Bennett, Miss Frazier, Dr. Logan and Mr Ed Hostetter.

To Be Trusted. Speaking of trustworthy thermometers, what is the matter with the Columbia river? When it registers such a degree of ice as it has not registered since 1862, the record must be allowed to stand. The ordinary objections that the thermometer is unreliable, or has hung in a draft, don't go.

DIED. This morning at the home of his mother in this city, Mr. Frank Shontell. Aged 24 years, 5 months and 17 days. The funeral services will be held at the M. E. Church on Monday afternoon at 2 o'clock.

BORN. On 3-Mile creek, Jan. 27th, 1893, to the wife of E. F. Sharp, a daughter. All doing well.

A Sure Cure for Itches. Itching Piles are known by moisture like perspiration, causing intense itching when warm. This form as well as Blind, Bleeding or Protruding, yield at once to Dr. Bosanko's Pile Remedy, which acts directly on parts affected, absorbs tumors, allays itching and effects a permanent cure. 50 cents. Druggists or mail. Circulars free. Dr. Bosanko, Philadelphia, Pa. Sold by Blakeley & Houghton, druggists.

Undisputed Authority. The United States Dispensary says that "Onions are a stimulant, diuretic and expectorant; they increase the appetite and promote digestion." The juice made into syrup as in Dr. Gunn's Onion Syrup, has a specific action on the Throat, Lungs and air passages. It not only cures Coughs, Colds, Croup and Consumption, but its stimulating effect, strengthens and builds up the system afterward. As a tonic and restorative it has no equal. We solicit a trial in the most chronic and stubborn cases. Price 50 cents. Sold by Blakeley & Houghton, druggists.

If You want title to Government or State Lands call on C. N. THORNBURY, Late Rec. U. S. Land Office. T. A. HUDSON, Notary Public.

Beams Returning Penit.

Farmers and stockraisers universally agree that deboning cattle is a great advantage. The cattle become more docile and can be handled much easier, and no easier ground for them those with beams. All farmers and stockmen also agree that the better thing to do is to stop the growth of the horns on the calf, thereby avoiding the troublesome and painful operation of using the saw. Deans' Deboning pencil has been thoroughly tested everywhere and thousands of farmers and stockmen can testify as to the advantage of using the same on young stock. It makes no sore and causes no pain. By one application the horn will drop off in a few days. It is guaranteed to give satisfaction if applied as directed. Best of references furnished. Agents wanted. Address: U. R. Johnson, La Grande, Oregon. (P. O. box 169.) general western agent for Eastern Oregon. 1.20 per 4"

American Cholera. From the DAILY REVELLERS, Whatcom, Wash. "T. C. Burnett, the democratic candidate for sheriff, was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician but give their medicine until the physician arrives. If cholera become prevalent in this country next summer this preparation will be in great demand because it can always be depended upon. For sale by Blakeley & Houghton, druggists.

MONEY TO LOAN. We have an unlimited amount of money to loan on approved farm security. THORNBURY & HUDSON, The Dalles, Or.
