since, in the case of R. Dinsmore vs. R. Hardwick, the jury gave Mr. Dinsmore judgment for \$40 and costs, amounting altogether to \$106.90. This case was all about a mare valued at \$75, which ran into a wire fence belonging to Mr. Hardwick, and was killed. He has just paid the full amount of judgment and costs. As there are very few legal wire fences in this region, this case should be a warning that it would be much cheaper to make your fence as the law directs. \$106.90 in each would buy material for considerable good fence.
