

The Dalles Chronicle.

VOL. III.

THE DALLES, OREGON, SATURDAY, OCTOBER 14, 1893.

NUMBER 43.

REBELS GAIN A POINT

of the Forts at Rio Has Surrendered.

DEFERRED BY LACK OF SUPPLIES

Young Italian Mysteriously Murdered and His Body Found in the Street.

JANESBORO, Oct. 10.—One of the boats in the bay surrendered to the insurgent fleet today.

The fort which surrendered is Fort Legation, situated on an island in Rio de Janeiro. It surrendered for lack of supplies. The guns are old style, not capable of doing much damage.

Mysteriously Murdered.

JANESBORO, Oct. 10.—The body of a young man named Daerto, a strikingly handsome Italian, of apparently high class, was found lying in Mulberry street early this morning. Much mystery surrounds the cause of death. It is believed to be another Mafia murder. Several Italians have been arrested on suspicion.

The Peary Expedition Heard From.

LONDON, Oct. 10.—A letter from a member of the Peary expedition has been received by Morganblatt of Christchurch. It says: "The Falcon reached Godhavn, Murchison sound, August 28. By diligent shooting 20 tons of walrus meat for the use of the dogs during the winter have been secured. A cache of provisions has been established on inland ice for the use of the sledge party on the journey in the spring. Lieutenant Peary is going with fifty men to establish other depots, and try to penetrate half way into Independence bay. The house built at McCorkle bay by Lieutenant Peary's party in 1891 has been demolished by the eskimos. Mrs. Peary is enjoying fine health and vigor, and takes part in most of the sporting trips. Mrs. Peary will remain for the present in the house at Bowdoin bay."

Our Superiority Acknowledged.

JANESBORO, Oct. 9.—The Daily News, referring to the second race for the American flag, says: "It seems to be all over with the Valkyrie. She has been beaten again under conditions that furnished a good test of speed and seamanship as could have been desired. It is impossible any longer to believe that she is as well built as well handled as the Vigilant. Her yachtmen and yacht builders must go to school in America. Some pret of the American mind in this branch of sport we have yet to master. The fact that the Valkyrie had to make her tacks than the Vigilant seems to point to the handling rather than the building as the reason for the superiority of the American boat."

The Valkyrie Leads Today.

JANESBORO, Oct. 11.—[Special to THE CHRONICLE]—It was definitely settled tonight that the third race would be held today, as scheduled. The weather conditions are about the same as the result of the first race, viz., no wind, which renders today's race extremely bleak, although there seems to be no diminution of attendance, both on shore and afloat. The race today is little more than a drifting contest, in which the Valkyrie leads. If the wind holds the same as at this writing the boats will possibly finish within the time limit.

President Cleveland Censured.

SAN FRANCISCO, Oct. 10.—The state anti-Chinese convention resolved that President Cleveland and cabinet be censured for non-enforcement of the Geary act. Congress will be called upon to repeal extension of the time of registration. Organizations in sympathy with the movement are requested to insist on the Geary act being enforced, and a committee of eleven members will be formed to carry out the resolutions.

Champion of Tygh Ridge.

EDITOR CHRONICLE—Our usual quiet afternoon was disturbed last Wednesday afternoon by two boisterous individuals whom we will call Bismarck and Brother Jonathan. Bismarck belongs to Kingsley and Brother Jonathan belongs to Nipper Flat. They met at the blacksmith shop and quarreled over some title. Bismarck's temper getting the upper hand of him, he struck out with a right hander, knocking Jonathan out on the first round. After a few seconds Jonathan picked himself up, armed with a club, and took after Bismarck. Bismarck seeing blood in Jonathan's eye, treated at a two-forty gait never looking behind till he found he had himself killed in Mr. Kelly's cellar and held

the fort till Jonathan started for his home. Then Bismarck crawled out of his fort claiming first knock down, first blood and the championship of Tygh Ridge.

We are getting more rain than we were looking for. It commenced a steady down-pour Friday evening and still continues, which will certainly do harm to unthreshed grain, of which there is a great amount yet unthreshed. If we don't get more threshing machines here we will not get done before the snow flies. Those that have summer fallowed grain are getting big yields. Leon Rondeau's grain is averaging forty-two bushels to the acre. UNO.

KINGSLEY, Oct. 8, 1893.

NEWS NOTES.

Ferdinand de Lesseps is said to be dying at his country house.

Prince Bismarck and Ferdinand de Lesseps are both getting better.

Three-quarters of a million people attended the world's fair Chicago day.

Susie Hyde had her thumb pulled off while riding in a buggy leading a horse near Albany.

New Orleans has raised a storm fund of about \$75,000 in all, and steamers, luggers, skiffs and trains have been sent in every direction to extend relief.

The holy men throughout Morocco are preaching a war of extermination. They expect the Moors to drive out all European infidels and give no quarter to Spaniards captured in Batele.

The indebtedness of the world's Columbian exposition has been wiped out. A check calling for \$1,565,310 has been made out, payable to President Mitchell, of the Illinois Trust & Savings bank, which is the trustee of the exposition bondholders.

The second anniversary of the death of Parnell was fittingly observed in Dublin Sunday. The procession was headed by a black draped wagon, upon which were piled memorial wreaths sent from different parts of the country, as well as several from the United States, Canada and from Australia. The officials of Dublin and Cork attended the ceremonies in state.

Mrs. Marie Collins was killed by her husband, Patrick, in San Francisco Monday evening. The murdered woman employed as a janitress in a kindergarten. She was engaged at her work when she was approached by her husband, from whom she had been separated. After a few words he drew a knife and literally cut her to pieces. Collins, who is a drunken, worthless fellow, successfully made his escape.

The fireworks on Chicago day at the fair were probably the finest ever set off. No expense was spared and the magnitude of the display was appalling. Rockets were shot from every corner of the White City, and the continual shower of colored fire fell on every side. The set pieces were brilliant in the extreme. "Old Fort Dearborn," "Old City Hall," "Chicago Triumphant" were the features in front of the peristyle. The largest piece of the evening was the "Burning of Chicago," which covered an area of 14,000 square feet. It was produced in four scenes. The first illustration "Mrs. O'Leary's Cow," the second "Kicking Over the Lamp." The fire starting thence was realistic and the correct view of the burning of a city was depicted. The display closed with a picture of Chicago in ruins.

Mr. Watson's Side of the Story.

MOSIER, Or., Oct. 10, 1893. EDITOR CHRONICLE—I note Mr. Mosier's letter of October 5th, and in reply will call his attention to some of the facts brought out in evidence. Mr. J. H. Mosier and John Martin testified that some seventeen years ago they (J. H. Mosier and John Martin) agreed that road now in dispute should run around a certain hill, on condition that said work was done by Martin, who was acting in the capacity of superintendent of construction of The Dalles and Sandy road, consequently had the right to change and accept the road. As above stated, Mr. Mosier and Mr. Martin testified to those facts. Mr. Mosier further testified that he changed this same road for the purpose of getting it away from other people's property. That this change in road covered a distance of 180 feet; that he put a fence across in two places, where it has since been torn down. Now comes Mr. Mosier's letter in THE CHRONICLE stating that that fence has been where it is now for the last thirty-five years, and the man that says that road has been changed "is a liar and the truth is not in him." It would appear from these facts that Mr. Mosier states his own testimony was false.

The above will represent the consistency of Mr. Mosier's testimony and statements. Yours truly, WILLIAM WATSON.

APPEAL TO HUMANITY

Aid Needed for the Sufferers by the Storm.

WANT THE NECESSITIES OF LIFE

The National Red Cross Association Will Have to Feed 20,000 People for Eight Months.

NEW YORK, Oct. 11.—Miss Clara Barton, president of the National Red Cross Association, sends the following communication from Beaufort, S. C.:

"The problems confronting the American National Red Cross is how to feed, clothe, nurse and shelter upward of 30,000 people for eight months; how we can feed these people, putting their weekly allowance at a peck of grits and a pound of meal for a family of seven, scarcely food enough to keep body and soul together; how we can rebuild 6,000 houses, completely or partially destroyed. Based upon a thorough investigation of 25 per cent. of our district, we will have to feed an average of 20,000 people daily for eight months, and will have to rebuild 6,000 cabins. I quote from our agents' report of one of the islands, a smaller one: 'Nine families have lost their homes; not a board from them can be found. These families are crowded into other houses. I found 20 persons living in one cabin.' The survivors are in corn cribs, under trees and brushwood, and if shelter is not quickly provided death from exposure will be inevitable. Our funds and provisions are not sufficient to last a month, and the problem that confronts the nation can only be answered by the generous people of our country. If the poor, helpless, people of these islands are not helped—not for a day, a week or a month, but eight months—the world will ring with the humiliating news that a famine exists in the United States."

Created a Panic.

NEW YORK, Oct. 11.—A sensational collision occurred in midstream in North river this morning. John Jacob Astor's steam yacht Norwhal, going at full speed down the river loaded with prominent society people bound for the yacht race, ran unchecked into the side of a heavily loaded Pennsylvania railroad ferry-boat, cutting into the side some six feet. The utmost consternation and panic prevailed on both vessels. Women ran screaming up and down the decks and some fainted. The engines of the yacht were reversed and backed away. A hasty examination of the ferry-boat showed that, owing to the projecting deck and the cabin of the boat, the hull was not cut below the water line and was in no danger of sinking. The engines were started up again and the boat proceeded to her dock. The Norwhal sustained no injury beyond having her bowsprit broken and her nose twisted. She proceeded on her way. The blame for the collision appears to have been with the Norwhal.

Will be No Compromise.

WASHINGTON, Oct. 12.—An incomplete canvass of the senate at 2 p. m. indicates the general opinion that the continuous session will last at least through tonight. Voorhees denounced unqualifiedly the statement published in some quarters to the effect that Carlisle and Gorman had agreed on a compromise to be put through the senate by Voorhees. He declares the administration is not seeking a compromise. Harris has proposed an amendment to suspend silver purchases till the silver now in the treasury is coined, then to coin a blank amount monthly, doing away with all small notes. Silver democrats are not inclined to accept the amendment. Jones of Arkansas will introduce an amendment for the coinage of \$2,500,000 for four years. He thinks the silver men will accept it, as it carries silver through this administration.

THE FESTIVE TRAMPS.

A Gang of Them Make Things Lively in Ashland, Or.

ASHLAND, Or., Oct. 12.—A hundred tramps arrived here on a freight train from the north last night, and on the arrival of the freight train from the south this number was increased. About 11 o'clock a body of them moved against Chinatown with the intention of chasing the Chinese out of town. They had broken into the buildings and got 10 of the Chinamen out in line before an alarm was given. Officers, aided by a few armed citizens, succeeded in quieting the disturbance, but the tramps had already stolen some \$40 from the Chinamen and had robbed the wash-house. They left for California on a freight train this morning.

NEWS OF THE STATE.

Thos. Gilbert makes the first conviction from Sherman county for penitentiary honors. Judge Bradshaw gave him two years in Salem.

The Western Association of Baptists has just closed its annual session at Month. The attendance has been excellent, and much interest has characterized every session.

Albert Forrester, who was working upon a boom above G. J. Trullinger's mill, near Oregon City, clearing away drift, when he slipped and went over the dam, and after floating about in an eddy drifted down stream for a considerable distance, and was drowned almost within reach of help. He leaves a wife and one young child to mourn his untimely death.

A band of gypsies recently drove their team and wagon on to the Vancouver ferry from the Oregon side. After the ferry started the team became frightened and backed the wagon and its occupants into the Columbia river. They were rescued by the boat hands and landed on the Oregon side again, where they built a fire and dried their clothes.

A. L. Hembree, who was tried for the killing of John Kinifiek, February 14th, 1893, in Sherman county, was pronounced not guilty by the jury. There was a lack of testimony showing that Hembree was the murderer and the previous bad character of Kinifiek showed that in the melee at J. J. Elliott's house over the card game Hembree's actions were justifiable. Judge Bennett appeared for the defendant and W. H. Wilson for the prosecution.

A RECEIVER IS NAMED

The Union Pacific Goes Into Other Hands Today.

MR. S. H. H. CLARK IS APPOINTED

The Failure Thought to be Due to Watered Stock—Railroad Collision in Michigan.

[Special to THE CHRONICLE.]

OMAHA, Oct. 14.—Railroad circles are agog over the news that the Union Pacific has passed into the hands of a receiver, for such is the fact, the necessary papers having all been made out at 10 o'clock this morning and delivered, appointing Mr. S. H. H. Clark, receiver. Mr. Clark has been president of the road for several months and his well known integrity of character makes his appointment give universal satisfaction. Fifteen years ago he was division superintendent on the mountain division of the Union Pacific, stationed at Cheyenne, but has risen by swift stages to be one of the foremost railroad men of the day. Stock of the Union Pacific has been steadily dropping for several months, until it has reached a point comparatively valueless, but it was supposed that by their recently inaugurated system of rigid economies they would weather the storm. Too much water in their stock, it is thought, is at the base of their failure, as in the present season of depression, the road could not stand it, though safe enough in ordinary times.

FRIGHTFUL ACCIDENT.

Two Trains Collide in Michigan and a Large Number Killed.

JACKSON, Mich.—[Special to THE CHRONICLE.]—Meagre news has just reached this point of a frightful collision near here by which 150 people are killed. Nothing further can be learned at this time.

LATER—A corrected estimate places the number killed at 45 and the injured 60.

J. Arrell Johnson, of Topeka, announces that he has discovered a liquid preparation that will change the color of the African and make him a white man. He says he has experimented on two negroes, and that his preparation did the work. He expects to go south and make his fortune.

O. A. Arithmetic.

10 mills one cent,
10 cents one dime,
10 dimes one dollar,
1 dollar one bottle.

Congo Oil, the great one-day rheumatism cure. Also cures sciatica, neuralgia, swellings, contraction of muscles, stiffness of joints, lame back, and soreness of all kinds. A great household remedy.

Board of Equalization.

The county board of equalization will meet at the court house on October 23d, 1893, for the purpose of equalizing the county assessment roll for this year's assessment. The board will continue in session one week. JOEL KOONTZ, County Assessor.

TEST OF ENDURANCE

Senator Allen Holes the Floor Fifteen Hours.

THE LONG-WINDED RECORD BROKEN

The Silver Men Have the Worst of It in the Matter of Showing a Quorum.

WASHINGTON, Oct. 12.—All night long Senator Allen of Nebraska held the floor, interrupted by an occasional demand for a roll-call, which dragged the sleeping senators from the adjoining cloakrooms. Gray dawn at 6 a. m. found Allen still holding the fort in the great struggle against unconditional repeal, as he had been doing since darkness fell last night. He had broken all previous records. For 12½ hours he held the floor continuously. The longest time any senator had previously occupied the floor was on the occasion of the force bill fight in 1891, when Faulkner remained on guard 12 hours, though the latter had a breathing spell during the absence of a quorum. Allen seemed almost as fresh as when he began. His voice was still loud and strong, and the great strain seemed not to have affected his physical or mental vigor. An effort was made shortly after by the anti-silver men to reach an agreement with the silverites for a recess until 10 o'clock, but the latter declined the offer. As the hours passed, Senator Allen's powers of endurance amazed his auditors.

It was 9 o'clock when Martin began his plea for the free coinage of silver. At frequent intervals he was interrupted by demands for roll-calls when it became evident a quorum was not in the chamber. During one of the intervals Stewart read a letter warning him to desist in "obstructing legislation" or he might be blown up with dynamite. The reading merely provoked a laugh. At 1:30 Martin was still speaking. The programme of the silver men is to have Teller or Jones follow Martin and Stewart follow them. They assert they are in a position to go on, and that the physical endurance question having been forced upon them, they are determined to carry it to a legitimate conclusion. Stewart, Jones, Pugh, Morgan and other silver men who were not present last night were taking their regular rest and came in this morning, while Teller, Wolcott, Dubois and others who were in the chamber all night went home to sleep and rest. They have the best of the situation, as they only need enough men to keep the talk going, while the opponents of silver must at all times be ready to muster a quorum. In this the silver men do not aid them, as they decline to respond on the calls of the roll to establish the presence of a quorum.

Another Horn of the Dilemma.

WASHINGTON, Oct. 12.—A report is current on the floor of the senate that the silver democrats who have acted with the real senators in making a quorum will early this evening announce a determination to no longer pursue this course because of the futility of attempting to get a vote. If this is done it will place the responsibility of maintaining a quorum entirely upon the repeal men, and, of course, increase the difficulty of continuing the session. Blackburn visited Carlisle today for the purpose of urging the necessity of a compromise in view of the evident impossibility of getting a vote by a continuous session. It is said Carlisle expressed the opinion a vote could be reached, and did not promise more than to consider the suggestions.

It is definitely stated that at 10 o'clock tonight Voorhees will move a recess until 10 o'clock tomorrow. It is generally supposed the recess will be used for the purpose of effecting a compromise, though the repeal men say not, but that they will go on indefinitely from 10 a. m. to 10 p. m. daily until the silver men get through with speechmaking.

Spring Medicine.

Dr. Gunn's Improved Liver Pills on account of their mild action are especially adapted for correcting spring disorders, such as impure blood, tired brain and aching and worn out body. They act promptly on the Liver and Kidneys; drive out all impurities from the blood, and malaria from the system. Only one pill for a dose. Try them this spring. Sold at 25 cts. a box by Blakely & Houghton, Druggists, The Dalles, Or. wt6-1

Wanted.

Man and wife wanted to work on farm. Call at Hood's stable. It

Tygh Valley Roller Flour Mill.

Is in complete repair; always in store flour equal to the best. Also old style coarse and fine Graham flour, mill feed, etc. W. M. McCORKLE, Propr. 11.11.3m

No Use for Lard.

That's the happy and healthy condition of thousands of housekeepers who have been bright enough to try

Cottolene

THE NEW SHORTENING, which is a pure, perfect and popular substitute for lard for all cooking purposes.

The success of COTTOLENE has called out worthless imitations with similar color and similar names. Look out for these. "All that glitters is not gold," and all that's yellow is not COTTOLENE.

There is but one valuable new shortening, and that is COTTOLENE. It is healthful, delicate and economical as a single trial will prove.

At leading Grocers.

Watch the name. REFUSE ALL SUBSTITUTES. N. K. FAIRBANK & CO., Sole Manufacturers, ST. LOUIS and CHICAGO, NEW YORK, BOSTON.

Estray Taken Up.

One black pony, branded either 5 or 8 on left hip and left jaw. Owner can have same by proving property and paying for this notice. DELL C. WILDER, Postoffice, The Dalles, Or. 10-12w1m

Two Matrimonial Pennsylvania Ladies.

Gentlemen! Two fine-looking Pennsylvania ladies, excellent reputations, industrious, splendid housekeepers, ages 18 and 20, worth \$3,000.00 each, parents dead, went to go west this fall, and would like to correspond with nice, respectable gentlemen under 40. Object, happy western homes. Gentlemen, if you are matrimonially inclined, send \$1 bill in common letter for photos, names and addresses of these young ladies. Pennsylvania Adv. Co., 10-12w1m Box 322, Lock Haven, Pa.

NOTICE.

In the County Court of the State of Oregon, for Wasco County.

In the Matter of the Estate of William Hamilton Wilson, Deceased. Notice is hereby given that the undersigned, by an order of the County Court of the State of Oregon, for Wasco County, made and entered September 7, 1893, was appointed executor of the last will and testament of the said William Hamilton Wilson, deceased; all persons having claims against said estate are hereby notified to present the same with the proper vouchers therefor to me at the office of Mays, Huntington & Wilson, The Dalles, Oregon, within six months from the date of this notice. Dated The Dalles, Or., Sept. 7, 1893. H. S. HUNTINGTON, Executor of Will of Wm. H. Wilson, dec'd. 9-8w1
