LOCAL BREVITIES.

Wednesday's Daily. ... Local Brevities ... Row is a good time to work the public ... The fruit crop is quite a little injured ... Several men are at work repairing the ...

for five years' time and construction of the mill building at the mouth of Mill creek will begin at an early day. About 3,000 logs have been got out near the mouth of Wind river and a boom formed and the Regulator has received a proposition to tow a load of them, with the object of ascertaining how many can be handled at one time in this way.

SECOND DAY. The Sky Threatening--The Pavilion Reinforced Today--A Creditable Display. Yesterday's saddle race was conceded one of the prettiest ever seen at The Dalles. The entries were Nola G., Till, Chance, Stranger and Mand. The horses were one half an hour starting and they little resembled the way saddle horses start off. They seemed rather like professionals. They finally got started and then a beautiful race followed. When the horses came into the home stretch the cinch of Till gave away and the rider stayed, rode on and won the race in that condition. The rider of Nola G. protested, claiming the extra lead weight carried by Till had dropped soon after the start but the judges decided in favor of Till, giving him first place, Nola G. second and Chance third; time 56 seconds.

not such a fine one has ever been seen in The Dalles. Each piece deserves especial attention. A large number of live stock arrived last evening and this morning. Five horses for the fair came up on the Regulator and many others from the surrounding country. Robt. Kelley, of Kingsley, has some lordly stallions on exhibition. One is named Varney, is five years old, weighs 2000 pounds and is of imported stock. Montfort, 7 years old, weight 1800 is a splendid looking animal. The remaining list includes Bluch, a graded draught mare, 6 years old, weight 1400 pounds. George, graded stallion, 3 years old, weight 1300 pounds, Katty K., non-standard yearling out of Rockford, jr., and is a half sister to Anita. Two registered full blooded Devons, one a four-year-old cow and the other a two-year-old bull. Mr. Kelley's exhibit should be seen by all lovers of good horses.

everyone to get in and pick the winning horse are hearty enough to nearly drown the band. The CHRONICLE reporter made an error in crediting the very large display of Mr. Southwell. It should have been Ben Southwell instead of Joe. We hasten to correct the error. The betting yesterday was of a curious order. One man won all the money and he had to give odds of 3 to 1 to do it. Most every one took the field against Rockland Boy and their money was "gone like a wind that blew a thousand years ago." On some accounts it is a pity that the names of the exhibitors couldn't be attached to their exhibits. Of course this can't be done till the awards are announced, but those who look at the different displays like to know the names of those who make them.

tion some one is sure to be disappointed. There are a great number of displays and in nearly every class there is more than one exhibitor. Some of the premiums are already awarded, and by this evening blue ribbons will dot the whole pavilion. The time for closing the entries was 11 o'clock yesterday morning, so there are no new exhibits today. The CHRONICLE has the best interests of the fair at heart and has endeavored to mention the principal displays. If any have been overlooked it has not been intentionally. One thing of interest noticed today was a deed drawn 120 years ago by Capt. Noah Griswold, the great great grandfather of Mr. S. B. Adams, and a member of the famous Boston tea party. The deed conveys 60 acres of land in Windsor, Hartford county, Conn., and is in good preservation.

Rowe saw mill is an assured fact, Mr. Rowe himself will arrive in The Dalles this evening. A lease has been obtained from the Union Pacific company

Wood! Wood! Wood! Best quality fir, oak and slab wood. Leave orders at 133 Second street or corner Third and Union. All orders promptly attended to.
