THE DALLES, - - - - OREGON

Clubbing List.

The CHRONICLE, which gives the news twice a week, has made arrangements to club with the following publications, and offers two papers one year for little more than the price of one:

Table with 2 columns: Publication Name and Price. Includes Oregonian, Astorian, and others.

GOOD TWIN OZARS.

Only one power can break the deadlock caused by the strike. Everywhere deputy marshals are hooted, disarmed and beaten.

The big daily down in Portland always gets wrothy when a dispute arises between corporations and their employes, and always casts its influence against labor.

The situation just now shows an organization of the railroad companies to crush labor, and an organization of labor to maintain its rights.

A FOOLISH AGENT.

Most of this community is finding fault with the manner in which the mails are delivered, or rather are not delivered here.

so great disregard for the rights of the people of Eastern Oregon. We suggest however, that if the postmaster general can't control the wild exuberance of his special agent's affections, so that he can perform his duties in a manner to satisfy the public that he "call on the troops."

THE END ALL RIGHT

The present strike is probably the best organized affair of the kind ever attempted, yet the results show that the same trouble that has met every strike has afflicted this one.

It is truly unfortunate that this strike was not settled on lines within the law, as it could and should have been.

The amount of bloodshed, of suffering and of sorrow necessary to a final solution of the difficulty depends largely on the action of the strikers.

THE SITUATION SERIOUS.

A dispatch appearing on our front page entitled "An Appeal from Debs" is a sensible statement, a comprehensive grasping of the situation in its true light.

THE PRESIDENT'S PROCLAMATION

The president has proclaimed martial law in Illinois, Indiana, California and Idaho, and the strike in those states will be carried on in a peaceable manner.

When the present troubles are settled the government will do a good thing by arresting and deporting Herr Most.

The Oregonian waxes sanguinary over the strike situation, and wants somebody killed.

Has anyone heard anything of congress and the Wilson bill recently? Or David Bennett Hill, or any other little thing of that kind?

BRONAUGH AS A PROPHET.

Judge Bronaugh of Portland predicts the end of the world in 1899, getting his ideas from the bible. The judge goes back to Moses, Abraham, Noah and Daniel for his proofs, and makes a showing perfectly satisfactory to himself.

Mr. Bronaugh need not go back more than thirty years, or possibly more than ten or twelve, to find abundant reasons for present social and political conditions.

OTHER PEOPLE'S RIGHTS.

Men sometimes become so keen in the pursuit of their own rights that they forget the rights of others.

It is expected that Debs will play his biggest trump card today.

The strike is getting "no better fast." In New Jersey yesterday strikers captured a milk train, uncoupled the engine and ran it up the track half a mile.

It is expected that Debs will play his biggest trump card today.

Prendergast is to be hanged at Chicago Friday, unless Governor Algard intercedes and commutes his sentence.

Special Postal Agent Vaile should be arrested, for he is the only man in Oregon interfering with the transportation of the mails.

County Court.

The commissioners' court will probably conclude its labors today.

Whiskers that are permanently gray or faded should be colored to prevent the look of age, and Buckingham's Dye excels all others in coloring brown or black.
