## Enthusiasm in Iowa.

DES MOINES, July 25.—The largest and most enthusiastic republican state convention ever held in Iowa met here today. John N. Baldwin was elected temporary chairman. The prayer by Rev. J. L. Weaver was sensational. He prayed for the country's enemy, the democratic party, to be as merciful as possible, and appealed to the Omnipotent to assist in expediting the infamous democratic party from power and to restrain them forever from the exercise of government authority.

## A Small Riot in Chicago.

CHICAGO, July 25.—Policeman Lindgren was seriously wounded and two rioters badly hurt in a fight at the Grand Trunk yards on Forty-ninth street this morning. The strikers attempted to stop a freight train. The officer interfered and was felled by a volley of stones and coupling pins. Lindgren died, probably fatally injuring Alexander Hart, and slightly wounding a striker named Donnigan. But one striker was arrested.

## Concerning the Tariff.

WASHINGTON, July 25.—Secretary Carlisle went to the house of representatives today and sought Speaker Crisp, but left for the treasury without seeing him. Prominent members, including some of the radical free traders, have let it be known that free iron ore and free coal are not worth the conflict they are causing. There is no indication, however, that this feeling is shared by Speaker Crisp or Chairman Wilson.

## Church Block Burned at Spokane.

SPOKANE, July 25.—A fire early this morning destroyed almost the entire block owned by All Saint's Parish of the Episcopal church, including the new rectory and a number of tenements. Total loss \$30,000; insurance \$20,000.

## The Strike Still on at Pullman.

CHICAGO, July 25.—The Allen paper-car-wheel works at Pullman started up today with a dozen new men. There is no evidence of weakening among the Pullman strikers. ## THEY ALL TAKE SUGAR

A War of the Races Declared in Indiana.

## THE HEAT COOKED THE CORN

Debs Doesn't Know the Strike is Dead and Expresses a Desire to Rot in Jail.

## Still Jobbing on Sugar.

WASHINGTON, July 26.—By agreement the conference report on the tariff bill was deferred when the senate met today until 2 p. m. for the purpose of giving the republicans time to consider.

The republicans, after consultation, found they could not carry the free sugar amendment proposed by Senator Quay yesterday. It decided that Quay should withdraw all amendments, but they should be renewed in different form by some other republican. Manderson and Perkins expressed the fear that the sugar proposition would go through and the bill would pass, as it is understood in case free sugar is added Peffer would vote for it. The republicans felt that the only proposition that would go through which will endanger the bill is that instructing the conferees to strike out the eighth of a cent differential. This would carry by a margin of one vote if all the republicans, all the populists, and Hill and Irby vote for it. At 2 o'clock Jones called up the conference report on the tariff bill. Quay withdrew the sugar amendments he offered yesterday. Vilas replied to the assault on Cleveland.

## He May Change His Mind.

CHICAGO, July 26.—At a meeting of the American Railway Union today President Debs said: "I have not forfeited my right to free speech and if Judge Woods yesterday enunciated the law, I would rather rot in jail than be a free man. If I alone were concerned, I would permit no defense to be made in my behalf, for I consider it an honor to be in contempt of the court that is going to try me."

## White Against Black.

SULLIVAN, Ind., July 26.—A race war has broken out between the white and colored miners employed at Linton. In the fight last night one white man was killed and the excitement is at a high pitch. The telegraph and telephone wires are cut. The white miners propose to drive out or exterminate their colored competitors.

## Stewart Takes Sugar in His.

WASHINGTON, July 26.—There is little hope that the republicans will be able to strike out the one-eighth differential on sugar. It is understood that Stewart, populist, of Nevada, whose vote is necessary to carry the proposition, will not vote with them.

## Japanese Minister Recalled.

## Baker County Pincer Mines.

BAKER CITY, Or., July 24.—The output of gold from the Baker county placer mines for 1894 already exceeds that of any previous year in the history of the county. The old Jordan bar, on Burnt river, just a few yards away from the road bed of the Union Pacific railway, was reopened this season by Slesley & Henderson, and although thought to have been worked out years ago, is now yielding \$100 per day. Only two or three men are required to operate the claim. Mrs. Squires, of Portland, is making extensive arrangements to crush rock from the Dolly Varden mine. A quartz-mill is en route from Portland. The mill building is ready to receive it. A \$2000 bar was received here this week from Shelton mine, on Burnt river. J. C. Young's group of mines are yielding handsomely since his Crawford mill started. The chloride group, situated on Rock creek, is attracting considerable attention at present. It is base ore, but an excellent proposition, as soon as one smelter is in operation.

## Disastrous Eruption in Coffeyville, Kansas.

COFFEYVILLE, Kan., July 24.—Between 1 and 2 o'clock this morning Coffeyville experienced a subterranean explosion, strongly resembling an earthquake, which terrified the citizens for miles around, and caused much damage. Just north of the town is situated a strong natural gas well. Several distinct explosions, rapidly following each other, awoke the startled citizens, who jumped out of bed to find the town brightly illuminated. As far as known, however, no one was hurt. Horses had been shattered, barns toppled over and masses of earth appeared where before the ground was level. The strange phenomenon is unaccountable.

## Gorman Slapped Hard.

BALTIMORE, July 24.—Queen Anne county, the native county of Senator Gibson and formerly a firm supporter of Senator Gorman, today in convention gave the Maryland senator a hard slap. The convention, held to elect delegates to the district congressional convention, adopted resolutions demanding that "no one in the district shall accord Gorman his support, and shall be sound on tariff reform, as the people are not disposed to true democratic principles."

A tool chest which stands beside the bridge over the estuary, was broken open, a crowbar and sledges were taken out, and the draw moved when the night watchman and a deputy sheriff came along; the miscreants fled in the darkness. The night watchman succeeded in replacing the draw before the night freight arrived, thus preventing a disaster.

## JAPS CATCH THE KING

The Korean Monarch Captured and Sent to Japan.

## CHINESE SOLDIERS DROWNED

The Senate Sends the Tariff Bill Back to Conference, but Refuses Junctions by a Tie Vote.

## War Has Been Declared.

LONDON, July 27.—A dispatch received at 11:30 a. m. today from Lloyds Agent at Shanghai, China, confirms the announcement exclusively cabled to the Associated Press last Saturday, that war between China and Japan had been declared. Both the Chinese and Japanese ministers say they have not been officially informed that war has been declared. They also claim to be ignorant of the fact that the Japanese have captured the King of Corea. The immediate cause of the declaration of war is said to be the fact that the Japanese attacked Chinese transports conveying troops to Corea. It is reported that a number of Chinese ships have been sunk by the Japanese cruisers. Telegraphic communication has twice been completely interrupted beyond Nagasaki Japan and all messages have been delayed. If the treaty ports remain open England expects to make a continuous profit out of the war while the fact that Russia directly or indirectly is giving assistance to Japan is likely to place a perpetual stop upon Russian trade progress with China.

## A Thousand Soldiers Drowned.

TIEN TSIN, China, July 27.—While no formal declaration of war has been made, the governments of both China and Japan recognize that an actual state of war exists and more collisions are expected hourly. The general opinion seems to be that while Japan may be looked upon as likely to score the first victories, the Chinese troops will eventually drive the Japanese out of Corea, even if millions of people have to be sent to the front. The first overt act of war occurred Tuesday, when the Japanese fired upon the junk steamship Kowshung, belonging to Hugh Mathieson of London, which had been chartered by the Chinese government to convey troops to Corea. The Transport was sunk with all hands. It is believed a thousand Chinese soldiers perished.

## The Sugar Investigation.

WASHINGTON, July 25.—Mr. Seymour, of the brokerage firm of Seymour Bros. & Co., was before the sugar trust investigation committee today. Mr. Seymour declined to answer questions put to him as to the purchase of sugar stock by members of the senate, or as to his knowledge of the existence of an order for such stock which former witnesses testified had been made through his firm in the name of Senator Camden, pleading that the committee had no power to compel him to reveal to them his patrons. Mr. Allison's testimony was important, as corroborative of the statements of Mr. Guillaudeau and other witnesses. While the details of his testimony cannot be given, he stated positively that he had seen the Camden order. Another witness of the day was George Bruce, a New York broker. It is understood that he testified to having seen an alleged order for the purchase of sugar stock, which purported to have been given by Senator Camden, and to have also seen a photograph and an electrotype of it.
