THE MARKETS.

FRIDAY, Aug. 31.—Business for the week has improved perceptibly, with a disposition of buyers to enlarge their orders. Prices of merchandise have not changed materially in any one line, unless it be in sugar. Since the passage of the tariff bill, which went into effect on its passage, the sugar market has become stronger, with a decided tendency to advance quotations.

The provision market is active on steady quotations. Country produce is in abundance, and the market is weak in the face of large reserves. Potatoes are sold at 50 cents to 75 cents per 100 pounds, the range of prices being governed by size and quality.

In fruit the market is quite overstocked, and large shipments to other points are a daily occurrence. Peaches are quoted at 35 to 45 cents per box. Apples, pears and plums are in fair request at a range of prices, varying from 25 to 40 cents per box.

Poultry is freely offered, and broilers bring \$1.25 cents per dozen, old fowls being quoted at \$2 to \$2.25 per dozen.

The meat market is down to free trade basis, and live stock are quoted in this market as follows: Beef steers, \$1.50 to \$2 gross weight; mutton sheep, 1 1/2 to 2 cents per pound gross; pork 3 1/2 cents on foot.

There is nothing doing in the wheat market either in Portland or this city. The mills are paying 31 cents per bushel for good milling wheat, and the warehouses when buying pay 30 cents per bushel. Eastern, as well as European advices to present date continue to report dull and weak markets. In England reports indicate a larger yield per acre than last year.

The London Times and Mark Lane Express estimate Great Britain's crop among the best ever made, and yet predicts England and America's product will be less than that of 1893, but admits that Argentine with her surplus of 60,000,000 bushels together with that of most of Southern Europe will close up the deficiency. America's consumption of wheat for all purposes is about 370,000,000, showing a probable quantity for export over and above that carried over from the last year's harvest, of about 230,000,000. A writer says that if the producer could hold his wheat until June 1st, 1895, which is not advisable to attempt, the markets would double in their quotations.

The wool market is nearly knocked out as about all the wool in storage has been sold. Since last report a light flurry in wool was experienced, which was of a short duration, and at the close a lull in transactions showed a falling off and a settling back into the scale of inactivity and depression. The tariff bill which became a law by the inaction of the president even at the last moment completely paralyzed the wool business and those that sold early were the gainers.

POTATOES—50 to 75 cents per 100 lbs.

BUTTER—Fresh roll butter at 35 to 50 cents per roll.

EGGS—Good fresh eggs sell at 13 1/2 to 14 c.

POULTRY—Good fowls are quoted at \$1.25 to \$2.25 per dozen, turkeys 8 cents per lb.

BEEF & MUTTON—Beef cattle are in less demand at \$1.50 per 100 weight gross to \$2.00 for extra good. Mutton is now quoted at 1 1/2 to 2 cents per lb. gross. Pork offerings are light and prices are nominal gross weight at 3 1/2 cents dressed.

Killed by Yaqui Indians.
 SAN DIEGO, Cal., Aug. 30.—Details of another ambushade by Yaqui Indians of Mexican troops have been received. July 18, 45 men of the Fourteenth battalion left a place called The Pilares for Cruse de Piedra, and from there started on the 30th for Rio Yaqui, near the outpost of Los Guasimas. They were ambushed in a thickly-wooded part of the road by a party of about 100 Indians, who had divided themselves on each side of the road. At the first fire, delivered at pistol range, nine federals dropped. Captain Gomez in command rallied his men on the defensive, a little outside the ambush, when the Indians attacked the troops furiously, but were repulsed more than once. The fight lasted more than an hour and a half, the federals remaining in possession of the field. While some of the men were fighting, the remainder got away with the baggage, animals, and ammunition of the troops they could manage to carry off. Twelve were killed, six wounded and the wife of a sergeant killed, a little child of eight and a boy of nine wounded slightly. Four Indians were killed and 27 slightly wounded and taken prisoners. Captain Gomez will be court-martialed at Torres.

The Pullman Investigation.
 CHICAGO, Aug. 30.—Contrary to expectation, rebuttal testimony was heard today by the strike commission. S. C. Wade, an employe of the legal department of the Rock Island road, said much of the blockading of the railroad track was the work of inexperienced railroad men. W. R. Mooney, a Northern Pacific switchman at Blue Island, said Debs and Howard had not advised the men to strike. They told the men to use their own judgment. He was discharged for alleged activity in the strike. Witness told of the fight at Blue Island June 30th, when 400 marshals stood by and saw their chief, Logan, beaten by the crowd.

Wanted to Kill Satelli.
 NEW YORK, Aug. 30.—Edward Stolz, the supposed fanatic who proposes to kill Monsignore Satelli, the papal legate, was arraigned in the Harlem police court today. Stolz appears to be suffering from alcoholic mania. A policeman arrested him on Kingsbridge road last night where he was shouting "Kill him, kill him," and making lunges at imaginary objects. He said he formerly kept a saloon at Meadville, Pa. He said out, God having called him to kill Satelli. A club of ten had been organized to kill all priests, and he had been selected to strike the first blow. He was sent to Bellevue hospital, where he will undergo an examination as to his sanity.

Building Mexican Railroads.
 MONTECALVA, Mexico, Aug. 29.—President C. P. Huntington, of the Mexican International railway, has ordered the line to be immediately extended from this place to Sierra Majedo mining camp. Nearly all the grade was completed two years ago, but the work was suspended owing to financial depression. A branch is also being built from Reata to Monterey. J. W. Robertson, general manager of the Monterey & Mexican Gulf road, is in New York arranging for an extension from Travino to Tierra Majedo, and thence to the port of Mazatlan, on the Pacific coast.

He Differs With Carlisle.
 WASHINGTON, Aug. 30.—Secretary Carlisle received this morning a 1200-word telegram from Collector Russell, of Chicago, in which he takes issue with the secretary of the treasury as to charging the rates of the act of 1890 on goods imported prior to August 23th, forwarded under immediate transportation to be entered for consumption under the new tariff. Secretary Carlisle will give the matter his consideration today, and will probably render a decision this evening.

Steamship Line to Africa.
 PHILADELPHIA, Aug. 29.—The first direct steamship line between America and the west coast of Africa has been chartered in the state of New Jersey. It will be known as the African Steamship Company. About half of its stock is subscribed, and the boats will ply monthly between this city and Liberia, beginning about October 1st. The company, which will receive a subsidy from the Liberian government of \$10,000 a year, intends to carry the United States mail.

The Dutch Loss.
 AMSTERDAM, Aug. 29.—The Dutch loss in the engagement near Mataram, capital of the island of Lombok, it now appears, included only nine officers instead of 30, as announced in the dispatches to the Nieuwe Courant of Rotterdam. The officers who lost their lives included General Van Ham. The number of privates and noncommissioned officers killed or missing is estimated at 175,000.

Preparing to Attack Kassala.
 Addis Ababa, Aug. 27.—It is reported here the Mahdists are concentrating their forces to attack Kassala and wrest it from the Italians who recently occupied the provinces of Eastern Soudan, and Dongola, have been stripped of their troops. The Mahdists are now Omdorman.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to quit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a second spoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

The Shoes are first-class, serviceable, good lasts, made by good shoemakers, such as Burt & Packard and others of like reputation; but they are button instead of lace or congress. Now in these close times can you afford to pass these by at \$1.95 and pay \$5.00 for a pair no better, just because they are not Congress.
