A CRUSHING DEFEAT

The Late Battle Was a Perfect Rout.

MANY CHINESE TAKEN PRISONERS

Revolutionary Plot in Peru Discovered—Lombok Island Troubles Settled by Natives Being Defeated.

LONDON, Sept. 18.—A dispatch from Ping Yang, Corea, says: Every hour adds to the crushing character of the Chinese defeat. The total Chinese loss is now said to be over 17,000 killed, wounded and prisoners. The Chinese prisoners not wounded number 14,500. It is probable the number will be increased the next few days by prisoners being constantly brought in by the Japanese cavalry. Besides General Tso Fonk Fai, commander-in-chief of the Manchurian army, who only surrendered when badly wounded, the Japanese captured Generals Tso Paok Wei, Wei Ink Wei, Nain Kow Eng and Sei Kin Lan, practically all the effective Chinese staff. The Chinese prisoners are to be sent to Japan in batches of 1000 in Japanese transports.

The Shanghai correspondent of the Pall Mall Gazette states the Japanese in the attack on Ping Yang were enabled by brilliant moonlight during the night throughout which the battle lasted to do great execution with their field guns. The Ping Yang garrison numbered 20,000. The Japanese are advancing on Monken. The correspondent adds it is reported Li Hung Chang has been deposed. Another Shanghai dispatch says Chang has been deprived of his three-eyed peacock feather because of his mismanagement of the Korean campaign.

The secretary of the Chinese legation says with reference to the reported suicide of Li Hung Chang, that he received a message from Chang, dated Tien-Tsin today, in which he expressed fears the Chinese would have great difficulty in retaining Ping Yang.

The New York Politicians.

SARATOGA, Sept. 18.—The state republican convention called to nominate a full state ticket, was rapped to order here today at 12:40 p. m. Hon. Lemuel Ely Quigg of New York city, was made temporary chairman. Temporary Chairman Quigg, in his address, arraigned the democratic party for the passage of the new tariff law, and denounced the machine democracy of New York city. He said the outlook for the republican party in the coming election was encouraging. The convention at 1:35 took a recess until 4:30.

The republican platform will stand by bi-metallic, and condemn the attack on American industries in the tariff bill and its purpose of fostering the South and spoiling the commercial interests of the North, and condemn the broken democratic promises. It will denounce the income tax as a rabid and un-American measure, violating personal rights. In relation to the American Protective Association, the convention points to the constitutional provision which permits the free exercise and enjoyment of religious profession and worship without discrimination or preference, and recommends its being strictly followed. As to the work of the constitutional convention, the platform endorses the movement to divorce national and state politics from municipal, so an American may express his will in regard to city government without the sacrifice of his faith upon the political issues of the day.

A Nonpartisan Ticket.

SAN FRANCISCO, Sept. 18.—The nonpartisan movement has taken a definite form, and a committee of citizens will meet this week to make arrangements for holding a convention to nominate municipal officers. If the nonpartisans carry out their plans there will be five municipal tickets in the field. They are republican, democratic, populist, nonpartisan and independent, the latter consisting chiefly of Dr. O'Donnell, who will run for mayor.

A Young Man Found on the Road With His Throat Cut.

CANYONVILLE, Or., Sept. 18.—This morning news was brought to town of a suicide or murder, not yet determined. It appears that two men, an old man and a young man aged about 30, were traveling, and while camped south of Galeville, some 15 miles from here, the report goes, the young man took sick and the old man went on. Afterward the young man was found with his throat cut, and some loose change was scattered about, indicating a robbery also had taken place. A posse of citizens have

gone to the scene today to investigate matters. The names of the parties to this affair are not known.

Governor Flower Not a Candidate.

ALBANY, N. Y., Sept. 18.—Governor Flower announced today that he is not a candidate for renomination. He made known his determination after a long interview with Senators Hill and Murphy. Governor Flower said: "I am convinced my nomination would not be so likely to command the full vote of the party as would the nomination of some other democrat, and I am too desirous of party success to be a candidate under these circumstances."

San Jose Highbinders.

SAN JOSE, Sept. 19.—An attempt was made early this morning to fire Chinatown, but it was extinguished with a few hundred dollars' loss. It was the work of highbinders, as the secret societies of Chinatown are again quarreling, and threats of destruction of life and property are frequent. The fire occurred this morning a few minutes after the special officer who is on duty at night had gone home.

Had His Arm Cut Off.

SAN JOSE, Sept. 19.—Guy Silcox, aged 15 years, went to sleep on the track in a yard where the circus cars were standing. One arm lay across the track. He was awakened by a sharp pain. A wheel had cut his arm off at the elbow. The boy, whose father has a ranch above Los Gatos, came to town and enjoined the circus, which was to leave early this morning.

A Deadly Texas Feud.

KENNEDY, Tex., Sept. 19.—Sam Bradley and Bill Bosworth, who were driving home from town, met R. E. Burris and Theodore and Foster Butler, with whom they had a feud. Bradley opened fire, which was returned by Burris. The two Butlers, Bosworth and Bradley were killed.

BRICE IS CENSURED

An Exciting Scene in the Ohio Convention.

SOME FIERY SPEECHES ARE MADE

John D. Geoghegan Chosen Temporary Chairman of Convention—Coffin for Governor of Connecticut.

COLUMBUS, O., Sept. 19.—The democratic state convention met at 10 o'clock with Frank Hurd, of Toledo, as temporary chairman. In sounding the keynote of the Ohio democrats, Hurd said: "Free wool was worth more than all the other provisions of the tariff law." He gave credit for it to President Cleveland, Secretary Carlisle, Senator Brice and the democratic congressmen of Ohio. The platform proposed praises the efficient, economical, honest administration of President Cleveland; declares protection a fraud and favors such further reduction of the tariff as can be made to the end that purely protective duties be abolished. Business failures, strikes, low wages, low prices of farm products are enumerated as the result of the McKinley law. "We dissent," says one plank, "from the president's view of the construction and treatment of the silver question, and believe silver should be restored to the position it occupied as money prior to its demonetization by the republican party, and to that end we favor the unlimited coinage of silver at the legal ratio, 16 to 1, and with equal legal tender power." The platform denounces the American Protective Association. It favors liberal pensions, a corrupt-practice law limiting the amount of money to be expended by candidates and a law prohibiting free passes on railroads.

The minority committee on platform reported in favor of adding to that document a proposal to elect United States senators by the people. F. M. Gorman, Tom Johnson, V. R. Kline, A. J. Pearson, J. Tyler, Frank Hurd and John H. Clark, of the committee on platform, offered another minority report to the effect that the democrats of Ohio favored honest money, the coinage of gold and silver interconvertible without loss, and opposed the proposed coinage of these metals at 16 to 1.

A dramatic scene occurred during the discussion upon the proposal to elect senators by ballot. John H. Clarke, of Mahoning, declared in bitter terms the senate was a millionaires' club. The convention applauded loudly. Mr. Brice sat upon the platform looking as pale as marble. When Clarke sat down Tom Johnson said he did not believe Brice had bought his way into the senate. This made the matter somewhat personal, and great confusion followed. The chair ruled the proposed amendment was not in order.

The anti-free silver proposition was defeated by a vote of 468 to 319. The convention, by a vote of 467 to 328, declared in favor of the election of United States senators by the people. This is regarded as tantamount to an indirect censure of Brice. Milton Turner, the one-armed soldier, was nominated secretary of state. Other nominations are: Judge of supreme court, James D. Ermiston; member of board of public works, Harry B. Keefer; state commissioner of common schools, Dr. J. A. Leech.

Driven Out by Miners.

GRASS VALLEY, Sept. 19.—Four hundred members of the miners' union proceeded to Osborne Hill mine this morning and ordered Superintendent Adolph Schnabel to leave town immediately. He consented and the committee escorted him to Buena Vista, four miles from town, where he will take an outgoing train this afternoon. All the nonunion men, numbering forty, were brought to the surface and consented to join the union. The machinery is running without interruption. The miners' union are adopting peaceable means. They say the Osborne Hill Company has lengthened the day's labor and in various ways violated the rules in vogue here for many years. The miners have been compelled to board at the company's boarding-house, and even sleep there in bunks. Even men of large families here for years have been compelled to leave their homes to keep their jobs.

Party of "Regulators" Regulated.

NEW ORLEANS, Sept. 19.—For some time a party of regulators, young white men from 18 to 25 years old, have been going through parts of Vermillion parish whipping and otherwise "regulating" negroes who were obnoxious to them. Sheriff Le Blanc determined to

break up the regulators. Hearing that under the leadership of Marshal Duhomene they proposed to "regulate" a negro named Newton Jones, the sheriff, with a posse of deputies, lay in wait Saturday night last. When Duhomene and his gang came in sight, all armed and masked, the sheriff pounced on them and captured the entire party, nine in number. Meanwhile Newton Jones, hearing of their proposed visit, had collected his friends and lay in ambush for the regulators, not knowing that the sheriff was also after them. When the party was returning to Abbeville, and was about two miles from the town, the negroes opened fire on the gang from ambush, firing only two shots. They killed two of the regulators, Romare and Shexnadyre, and narrowly missed the sheriff. As soon as the ambushers found that it was a sheriff's posse they fled.

Washington Republicans.

SPOKANE, Sept. 19.—The republican state convention was called to order at 10:30 o'clock this morning in the Auditorium by C. P. Sullivan, chairman of the state central committee. The hall was crowded with delegates and spectators, many ladies being present. Governor McGraw and party occupied a box, and he was cheered as he entered the convention hall, as was Senator Squire later as he entered the governor's box. Doolittle also got a cheer. As soon as the call was read C. O. Bates of Pierce county, propose John D. Geoghegan of Clarke county, for temporary chairman. Geoghegan was elected by acclamation and he was escorted to the platform. He made a brief speech, which he closed by saying: "If any one has doubts of republican success this year, I will ask if he has heard from Louisiana."

C. P. Roscoe, of Snohomish, was made temporary secretary, on motion of Judge Turner. Committees were appointed and the convention adjourned to 8 p. m.

McBride, of Skagit, was dropped out of the race for supreme judge, and the 17 votes of his county will go to Gordon, of Thurston.

A Firebug Captured.

SAN FRANCISCO, Sept. 19.—William McGreevy, formerly a special policeman, was arrested this morning on two charges of attempt to commit arson. In each instance he endangered the lives of over a dozen people who were sleeping in the buildings which he set on fire. McGreevy was seen lighting a pile of old rags which he had heaped up against the house of Joe Poehim, but the blaze was extinguished without any damage. In the second case the firebug made an effort to destroy a house belonging to Daniel Harney, but was again seen in time and held until a policeman took him into custody. He gives no reasons for his acts.

Barnburners at Work.

SANTA ROSA, Cal., Sept. 19.—A big barn on B street, belonging to C. M. Bumbaugh, was burned last night by incendiaries. In the barn were two valuable horses, a large quantity of hay, harness, tools and other property, and all were destroyed. Loss, over \$1000, partly covered by insurance. There have been a number of barns burned here lately, and suspicion points to the same causes. Efforts are being made to ferret out the guilty parties. Four years ago there were over a dozen fires of the same character. The officers caught the guilty parties, and they were sent to the penitentiary.

The Captured Train Robbers.

MEMPHIS, Mo., Sept. 19.—The captured train robbers, Lincoln Overfield and Charles Abrams, are in jail here awaiting the action of the grand jury. Overfield, beyond admitting he was present at the scene of the attempted robbery, refused to talk. He lies in bed with his head covered, crying most of the time. Charles Abrams, the dying robber, says Informer McDaniel planned the robbery and coaxed the others into it.

A Street-Car Accident.

SAN FRANCISCO, Sept. 20.—The Mission-street electric road has been in operation only a few days, but it claimed a second victim today. James Goncher, while driving a load of rock across the track, was run into by a car, which wrecked the wagon completely and threw Goncher into the air. He fell and was jammed in between the car and the wagon, and is believed to have been internally injured.

Struck by a Train.

ALBANY, Or., Sept. 20.—This morning Fred Burkhardt, a farmer living near Albany, was hauling gravel. When attempting to cross the track of the Lebanon branch of the Southern Pacific, the train struck the team, killing both horses. Burkhardt escaped with slight injuries. The engineer is not to blame for the accident, as it was caused by venturesome driving in trying to cross the track as the train approached.

A FALLING PLATFORM

Went Down With One Hundred People in it.

TWO KILLED AND MANY INJURED

Farmer's Team Struck by a Railroad Train—German Editors in Chicago to Fight a Duel.

AKRON, O., Sept. 20.—Twenty young men were more or less seriously injured last night by the falling of a large wooden platform, between the Vogel block, South Main street, and the building directly in the rear. The more seriously hurt are: Harvey Denaple, leg broken; Walter Perdne, back broken; Edward Swinson, head and face cut. The announcement that the Excelsior Athletic Club would give a free entertainment in its hall, on the third story of the rear building, had attracted quite a crowd to the place. The doors were not opened when the crowd began to gather, and some were obliged to stand on a wooden platform, which connected the two structures. This platform was 40 feet from the ground, and the strain upon it proved too great, and with a crash that could be heard blocks away, it fell, carrying 100 people with it. They were buried under the heavy timbers and a few were unconscious when taken up, but no one was killed.

Joseph Ryan, 18, and Patrick Casey, 22, seriously injured by a falling platform at the Excelsior Athletic Club rooms last evening, died this morning.

New System of Measuring Type.

PHILADELPHIA, Sept. 20.—A new system of measuring the volume of type was adopted by the United States Typographic Association last night. The matter was brought up in the convention by President McFetridge, who pointed out the disadvantages of the "em" standard of measure. It was referred to a committee of three. The committee recommended the adoption of a system of measurement with the whole alphabet as a standard system that would be equitable to both employe and employer. It is stated this system permitted the accurate measure of the work actually done, and customers could be made to understand that the use of broad-face type would cost more than narrow-faced. There is no intention of reducing wages.

Killed by Brigands.

ATHENS, Sept. 20.—Near Limai, on the Turkish frontier, and head of the Gulf of Volo, a procureur du roi, a judge and two secretaries, returning in a carriage, accompanied by two gendarmes, from villages where they had been collecting information in regard to the brigandage, were surrounded by brigands who carried off the procureur du roi and judge to a stronghold on Mount Othrys. Later the prisoners were allowed to send word to friends. The brigands demanded that no pursuit be made until a ransom is paid. A detachment of 100 soldiers was sent to attack the brigands. The brigands were exterminated, but the procureur du roi was killed and the judge mortally wounded.
