THE DALLES WEEKLY CHRONICLE, WEDNESDAY, DECEMBER 5, 1894

\$100 Reward. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure n all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its cultivative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonals. Address.

Equality of Nex.

It is natural for a woman to resent the imputation that the feminine mind is not so strong as the masculine, and this spirit of independence was early manifested in a schoolgirl living in a Massachusetts town. She had, too often. perhaps, been made to acknowledge the superiority of her brothers. One day her mother remarked upon the apparently utter lack of intelligence in a "You can't teach a hen any by the women who are alling and suffer- thing," she said. "They have ruined cattle would.
