

Victor Notes.

VICTOR, OR., Dec. 7, 1894.

EDITOR CHRONICLE:—Thinking you would like to hear from us, I will write you a few lines.

Our little town keeps growing right along.

We have a blacksmith shop and the smith has more than he can do, so he keeps our honorable mayor, A. J. Jones, quite busy throwing the large hammer and it makes the color come to his manly cheeks.

Our friend the harness maker is quite busy. When not working on harness goods, he puts in his time repairing shoes. Any one in need of anything in his line we bespeak the work for him, as he is a thorough mechanic at his trade.

We are having quite a good time attending meeting at the Baptist church, the meetings are conducted by Rev. Jones, from the valley.

Col. Wm. Helm was with us this week. Come again Col.; you are always welcome.

Mr. Riggalls, son-in-law of Emick, got his leg broken, but Dr. Brown of Wamic was called and the patient, we hope, will soon be around again.

Hampton Kelley's folks have been dangerously sick, but by the skilled nursing of Dr. Powne of Tygh Valley they are all getting along nicely.

We are going to have a Christmas tree and we hope it will be a success.

We will try to keep you better posted about our city in the future.

Mr. Jordan of Wamic has a nice, clean stock of merchandise, cheap for cash.

Our first snow fell today to the depth of four inches. It is cold and clear with some indications of a change for the better.

Stock all look well and the farmers are all in good spirits.

I suppose you are tired of me for this time, so good bye until you hear from me again.

The Independent Workers.

Last evening your correspondent visited the I. O. G. T. people at Fraternity hall. On entering the hall the first thing to meet the eye was a beautiful silk banner, which had been placed over the chief templars station. On closer examination we found it to be the new banner of the Juvenile Templars and is "a thing of beauty" and will be "a joy forever" to the little Templars. It is in reality one of the finest works of art in the banner line in the state of Oregon. It was designed by Mrs. E. Joles and our art painter and decorator, Josh Hardy, executed the designs furnished him, in the highest style of the art; and it certainly does him great credit.

The Independent Workers initiated one gentleman on Monday evening, in the most impressive ceremonies of the order. A goodly number were present and the young people as well as the old people of The Dalles, who want a good time once a week, would find a pleasant way to spend a few hours Monday evenings by joining this company of temperance workers. Specimen Cases.

S. B. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinersly.

Orthodoxy—Brethren, I have been asked so many times during the last week to pray for rain that at last I consent, knowing however that it is useless, for the wind is stiff in the west.—Harlem Life.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address:

"My task in life," said the pastor, complacently, "consists in saving young men." "Ah!" replied the maiden, with a soulful longing, "save a good one for me, won't you?"—Scottish American.

Any one who has children will rejoice with L. B. Mulford, of Plainfield, N. J. His little boy, five years of age, was sick with croup. For two days and nights he tried various remedies recommended by his friends and neighbors. He says: "I

thought sure I would lose him. I had seen Chamberlain's Cough Remedy advertised and thought I would try it as a last hope and am happy to say that after two doses he slept until morning. I gave it to him next day and a cure was effected. I keep this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of it." 50-cent bottles for sale by Blakeley & Houghton Druggists.

It would be ever so much better for the democracy to have one good party instead of these numerous at homes.—Philadelphia Times.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottle at Snipes-Kinersly Drug Co.'s Drug Store. Regular size 50c. and \$1.00.

The trusted bank cashier will now have to take a back seat. The trusted bank bookkeeper is having his innings.—Philadelphia Inquirer.

Mr. Ira P. Wetmore, a prominent real estate agent of San Angelo, Texas, has used Chamberlain's Cholera, Cholera and Diarrhoea Remedy in his family for several years as occasion required, and always with perfect success. He says: "I find it a perfect cure for our baby when troubled with cholera or dysentery. I now feel that my outfit is not complete without a bottle of this Remedy at home or on a trip away from home. Mrs. Brown—Since they have become engaged, they just sit in the parlor, and not a word passes between them. Brown—Perhaps there is no room for it to do so.

For the many accidents that occur about the farm or household, such as burns, scalds, bruises, cuts, ragged wounds, bites of animals, mosquitoes or other insects, galls or chafed spots, frost bites, aches or pains in any part of the body, or the ailments resulting from exposure, as neuralgia, rheumatism, etc. Dr. J. The peccanious young man who marries a girl with a substantial check attached may very properly be said to have been checkmated.—North American.

The success that has attended the use of Dr. J. H. McLean's Volcanic Oil Liniment in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable. A small boy in Austin, Texas, Sunday school was asked: "Where do the wicked finally go?" "They practice law for a spell and then they go to the legislature," was the pat reply of the observing youth.—Texas Siftings.

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back.
