JUST SO.

Last night the sound of the jingling sleigh-bells, accompanied by musical laughter of enraptured maidens...

As the playful puppy that chases his tail and tumbles up his bark, while his skin seems not large enough to hold all the pleasure that's in him...

RED TAPE.

The school superintendents have all voted on the school book question, but the result of that vote is not made public because Supt. McElroy has discovered that from Umatilla county two votes were cast, one by Miss Nellie Stevens...

THE ROTARY.

And now there is a blockade on the O. R. & N. in the Blue mountains. The big rotary will soon open it up. For lo! it revolveth, and as the mist before the morning breeze the snow vanisheth.

NOT SHEAR NONSENSE.

Eli Titus, of the Santa Fe, while in Mexico was much surprised when he first saw the Mexican hog, which, instead of having bristles, is covered with a woolly substance.

Up to date, about \$25,000,000 of the gold received for the last bond sale has gone out of the treasury and by the middle of next month the reserve will be down to the old sixty million limits.

There will be a vast array of legal talent before Judge Fullerton Thursday, to argue the advisability of confirming the late O. P. sale. There will be numerous employes present who held claims against the road under former receiverships...

This is the anniversary of the battle of New Orleans. St. Jackson's day, which is kept by all good democrats, when someone reminds them of the date and circumstance. It would be quite proper for the democracy to celebrate the birthday of their patron saint on this particular occasion...

The constitution requires that congress shall close up its business at noon March 4th. On this account it is quite probable a session will be held Sunday, it being by a legal fiction held as of Saturday and being so shown on the journal.

Xenophon N. Steeves was found guilty of manslaughter in the killing of George Sayres, by the jury at Portland yesterday. Judging from the evidence in the case, as furnished by the local papers, we do not see how that verdict could have been reached.

A company has been organized at Goldendale for the purpose of building an air-ship on the plans of E. D. Parrot. Enough money has been subscribed to build a trial ship. We hope Mr. Parrot's scheme will result in something more useful than talk...

Grover's secretary of state Mr. Gresham is evidently not in favor with one of the congressmen. Representative Conn, of Indiana, sizes him up after this style: "Exhibit A: Hawaii—A restoration that did not restore. Exhibit B: Samoa—A protectorate that did not protect. Exhibit C: Japan—A mediation that did not mediate. Exhibit D: Armenia—An investigation that did not investigate. Exhibit E:—In process of preparation."

The Willamette valley papers are agitating the road question and arguing strongly in favor of better roads. Up here in Eastern Oregon our roads are naturally much better than those of our valley neighbors, but there is room for improvement even in ours.

Senator Dolph has come home from Washington to look after his political fences. The fight is getting to be a warm one, and waged over the silver question alone. Mr. Dolph may not be elected, and the silver advocates may possibly congratulate themselves on beating Dolph, but if they do, they can just write it Senator J. Simon for the next six years.

Mr. Downing, who has in a remarkably short time given his paper, The Tomahawk, a high place among the Oregon journals, has, we are sorry to say, severed his connection with that paper. He is one of the most forcible and at the same time most graceful writers in the Northwest, and we hope his versatile pen may soon again be doing newspaper work.

Portland's Committee of One Hundred has now dwindled down to eight members, and that is seven too many. Mr. Strong should be the Committee of One Hundred all by his lonesome and then said committee would have a hard time trying to agree with itself.

As the legislature meets next Monday the senatorial question waxes warmer daily. That senatorial question may be a hard one, or it may be easy, according to circumstances. If a caucus is held, Dolph will be elected; if it is not, the result will then depend on the first ballot, for if Mr. Dolph fails in that, he may as well begin to calculate on taking up his law practice.

Disguised as a Calf.

A miner operating on Sabe creek, Idaho, for some time past has missed a great deal of amalgam from his sluice boxes. He determined to keep watch for the thief and several nights ago he saw a calf nibbling grass near the boxes, often reaching over the rim and drinking the water that flowed over the rifles. He, however, paid no attention to the animal. The theft of amalgam still continued, and a few nights ago when the calf appeared he shot it. He ran to where the calf was lying and saw a human leg with the foot wrapped in sacks protruding from the animal's stomach. It took him but a second to realize that he had shot the thief, who had been cleverly disguised as a calf.

The Albany Herald says that of the five republican legislators from Linn county, three are supposed to be against the financial views of Senator Dolph, one is for Dolph and the other is in doubt. In regard to the situation in Marion county a member of the house from that county, on being interviewed said that in his opinion Mr. Dolph had no assurance of his re-election, and that if he was not elected on the first ballot there surely would be a strong and bitter fight against him.

In Pendleton are several gentlemen who have neglected for all the years past to learn to dance, says the East Oregonian. They have been compelled to set in helpless misery and see others move through the mazes of the waltz and had to content themselves with a few quadrilles or simple schottishes. It was therefore decided by several ladies to teach the unfortunate gentlemen the art of waltzing, and on Tuesday evening they were invited to the home of Mr. and Mrs. Jackson and the first lesson given.

The big red flouring mill near Union burned to the ground at 11 o'clock Saturday morning. The fire department responded quickly and by vigorous work was enabled to save the warehouse situated 70 feet distant from the mill. The mill was a five story structure and equipped with the very best modern machinery. The property belonged to Hutchison Bros. and was leased to Mr. Ed. Kiddle. The cause of the fire is unknown; loss \$25,000.

A Wallace, Idaho, dispatch of Jan 1st, says that the firemen's ball last night was broken up about 11 p. m. by a sad fatality. Mrs. John Breenanam had left her little girl asleep in the carriage in the dressing room. During her absence some lady, whose name is not given, sat on the child and killed it. The little girl was 11 months old and large for her age. The remains will be interred at Mission tomorrow. Mrs. Breenanam is a sister of Mrs. Patrick Clark, of Spokane.

In the 30s: An envious contemporary (to Miss Budlong)—And so you are really engaged to Mr. Timid Smithskins? Miss Budlong (quite provokingly)—Yes, dear; and I want you to suggest something sweet tender to go in my engagement ring. Envious contemporary—If I were in your place, I'd just have the simple word "Eureka."—Tid-Bits.

A Repetition of 1884. BELLAIRE, O., Jan. 7.—The indications today are the great flood of 1884 will be repeated. The river is rising rapidly. The ice in the Ohio river and tributaries broke up and ran out last night. Several barges were lost. Two bridges on the Cleveland, Loraine & Wheeling railway were washed away. Traffic on the road is completely blocked. All the snow has melted and is gone. The lowlands will be flooded by tomorrow morning. The people are moving to higher ground.

Murdered by Mexicans. TUCSON, ARIZ., Jan. 6.—It was learned today from Ramoth that F. M. Doll, a prosperous rancher and merchant; his son, 21 years old, and his wife, were murdered by Mexicans near their ranch on the Aravalpa, Gorham county, last evening. They were driving together, and without warning, the Mexicans opened fire, killing Doll and his son. Mrs. Doll was shot in the face.

An Unprecedented Rainfall. CINCINNATI, Jan. 7.—The unprecedented rainfall of 3.47 inches in 24 hours, ending at 7 a. m., and of 3.81 inches in 48 hours, has had the effect of carrying off the ice from the river without any damage whatever. River men say they never saw a safer break-up. The river here is expected to go above 40 feet, but no disastrous flood is expected.

"How is young Blaggies doing in business?" asked her father. "Splendidly," was the confident reply. "He says that he considers himself very lucky at the store." "Have they raised his salary?" "N-no; but they threatened to discharge him and didn't do it."—Washington Star.

Carlton Cornwell, foreman of the Gazette, Middleton, N. J., believes that Chamberlain's Cough Remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy, I can recommend to all. I have also seen it used for whooping cough, with the best results." 50 cent bottles for sale by Blakeley & Houghton Druggists.

He (at the trying place)—What a time you have kept me waiting! She—Quite the contrary. It is only 6, and I did not intend to be here before 7. He—Just so; but you have mistaken the day. I have been waiting here since yesterday.—Humoristiche Blaetter.

There is good reason for the popularity of Chamberlain's Cough Remedy, Davis & Buzard, of west-monterey, Clarion Co., Pa., say: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they now recommend it with the rest of us." 25 and 50 cent bottles for sale by Blakeley & Houghton Druggists.

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather. Dr. McLean's Volcanic Oil Liniment should be kept on hand at all times for immediate application when troubles of this nature appear. It is a sovereign remedy. 25c, 50c and \$1.00 per bottle.

U. S. Pomologist Coming. Professor Heiges, chief of pomology of the horticultural department at Washington, D. C., who is an old schoolmate of John E. Hough, has written Mr. Hough that he will during the strawberry season visit here a few days and in the meantime inspect the young commercial orchards on the Nessly tract. The visit of such a high functionary is indeed gratifying, for the professor is acknowledged by all scientific fruit-growers to be the best authority on fruits in the United States. He will deliver a free lecture on fruit-growing at the opera house, which will be of great value to orchardists.—La Grande Chronicle.

Little girl—Our baby is smarter than yours. Little boy—Tisn't. "Yes 'tis. Your baby can't say the first word yet. Our baby is beginnin' to talk." "Y-e-e, but your baby is a girl."—Street & Smith's Good News.

KNIGHTS OF THE MACCABEES OF THE WORLD!

The Deputy Supreme Commander Expresses His Gratitude.

Amaraosis Cured by Dr. Miles' Nervine. Deputy Supreme Commander's Office, Knights of the Maccabees of the World. Emporium, Pa., Dec. 15, 1894. Gentlemen:—I feel very grateful to you and your valuable medicine—Dr. Miles' Restorative Nervine. My little daughter, Helen, was almost blind from the power in the optic nerve. Her eyes looked perfectly natural, but there was a gradual fading of sight until on some days she could hardly tell day-light from darkness. We had several prescriptions from oculists and tried several remedies, but without success. We happened to see in a paper accounts of what Dr. Miles' Nervine had done for others, and I purchased a bottle one day of Dr. Lamb. To our great joy it restored her eyesight. I bought two bottles more and they made a final cure. Thanking you for what it has done for us, I can and will recommend it to others. Yours with gratitude, GEO. DICKINSON.

THREE MONTHS LATER. BELIEVING THE CURE PERMANENT HE WANTS EVERYBODY TO KNOW IT. Emporium, March 20, 1894.

Dr. Miles Medical Co. Gentlemen:—What I wrote you last December about our daughter's eyes, still holds good, and we believe the cure permanent. Please publish this for the benefit of others. I hope your valuable medicines will reach the afflicted in every home and hamlet and nation on earth. Thankfully yours, GEO. DICKINSON.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.60 bottles for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
