WILL BE DEPORTED

Queen Lil to Be Sent to Tahiti.

THE SECRETARY KNOWS NOTHING

That Is, He Knows Nothing About the Capture of Armenian Officers by Chinese.

The Rejected Credentials.

LONDON, Feb. 5.—A dispatch to the Times from Yokohama says the credentials of the Chinese peace envoys, which Japan refused on account of the insufficiency of their powers, were as follows: "By decree we appoint you our plenipotentiary to meet and negotiate the matter with the plenipotentiaries appointed by Japan. You will, however, telegraph to Teung Li Yamen, of the Chinese foreign office, for the purpose of obtaining our commands by which you will abide. Members of your mission are placed under your control. You will conduct your mission in a faithful and diligent manner, and fulfill the trust reposed in you."

A dispatch from Peking says that the capture of Leng Chou and Wei-Hai-Wei has made a deeper impression upon the Chinese than the fall of Port Arthur. The dispatch adds that the reported refusal of Japan to treat with the Chinese envoys confirms the belief expressed in Peking that the Japanese are not willing to name their own terms of peace.

Still Hold the Forts.

HIROSHIMA, Feb. 4.—Up to noon yesterday the Chinese still held the forts on Liu Tung Kau island. The Japanese attack continues.

Chinese Officers Degraded.

LONDON, Feb. 4.—A Tien Tai dispatch says two Chinese colonels and two captains have been degraded for retreating from Yung Cheng.

Defendants in the Debs Conspiracy Released.

CHICAGO, Feb. 5.—Four of the defendants in the Debs conspiracy trial were discharged by Judge Grosscup today. They were Dennis Larkin, Frank Dreyer, James McDonald and John Burke. The court reserved its decision as to John F. McVean and John J. Hanahan, directors of the American Railway Union. Regarding the other eleven defendants, including Debs, the judge simply said to the attorneys for the defense "You may go ahead with your side case."

The defense opened by calling President Thomas, of the Western Indiana road. He was asked about the proceedings of the General Managers' Association. He produced reports, but requested they should not be made public. The defense attempted to prove by Thomas' testimony that an agreement existed previous to and during the strike between the general managers and the Pullman Company, but he denied this. President Rosewell Miller, of the Chicago, Milwaukee & St. Paul, was asked if Attorney Walker, who assisted the government, was not attorney of his road. A brisk legal battle followed, the defense claiming Walker's service as attorney for the interested railroad should disqualify him from serving as counsel for the prosecution. The matter was finally ruled out by the court. General Manager Hurley, of the Chicago, Milwaukee & St. Paul, was examined as to the proceedings of the General Managers' Association, but could remember but little of what occurred.

The nature of the propositions I must posi-

tively decline to discuss. I can only say that I expect to see this matter amicably adjusted on Thursday."

Prince of Wales Wants a Son-in-Law—Engineers Want Concessions—China Wants Japan.

Spreckels' Part In It.

SAN FRANCISCO, Feb. 7.—A special from Honolulu gives further particulars of Rudolph Spreckels' connection with the rebellion. Among the papers seized at Liliuokalani's house was a diary with entries made last June and July referring to Rudolph Spreckels' advice that she resort to force to regain her throne. The general impression in Honolulu is that Rudolph Spreckels did not purchase arms for the revolutionists himself, merely advancing funds for the arms which were purchased for the ex-queen by some one else. Liliuokalani's diary refers to the commission appointed by her several months ago to proceed to Washington and ascertain if President Cleveland would take further steps to restore her to power. She writes that she informed Spreckels that she thought Cleveland would favor arbitration rather than force of arms. The special correspondent at Honolulu claims to have positively learned that some of the leaders of the rebellion have been sentenced to death.

WASHINGTON, Feb. 7.—It is confidently expected that the announcement of another bond issue will be made tomorrow or Saturday, independent of the action of the house this afternoon, on the Springer bill.
