The opening exercises of the institute were held in the M. E. church, which was well filled with the citizens of Dufur and the surrounding country.

The day sessions were held in the schoolhouse, and were well attended on Friday. The exercises were all good, and under the skillful management of Mr. Shelley, many good points were developed, and much interest aroused.

The discussions of the subject "Some Necessary Requisites to the Growth of Wasco County Schools" brought out the following points: Teachers need to know more of mental development; the best teachers at the beginning; the terms are too short in many districts; there are too many third grade teachers; a greater and better supply of apparatus and furniture; unanimity among the people of the districts; better school government; more interest on the part of directors and parents; better government of the children at home; parents should not speak against the teacher to their children or in their presence; more attention should be given to moral training; there should be some well defined plan of work in which everything tends

to a definite end. Many helpful things were said, and taken all in all, the institute was a success.

The discussion of the importance of the public schools to the public showed that the public school is firmly implanted in the esteem and affections of the people.

and Mrs. Irvine left for The Dalles with the remains early Wednesday morning, and expected to arrive at the Rock Creek cemetery, Clackamas county, about Saturday evening, where the interment will take place.

I desire to call attention to the fact that a considerable amount of real estate, both city and country, is not on record in the name of the present owners.

My contract requires me to show the volume and page where each person's title is recorded, together with the date and consideration named in the conveyance.

I would therefore suggest that all persons owning any real property in the county, look carefully over their deeds and make sure that all have been recorded as required by law, and thus insure a correct listing of it on the present owner record, which is now being prepared.

The Dalles, Feb 11, 1895. The Flouring Mill. W. E. Chamberlain arrived in Hood River during the week. He has not given up the idea of locating his flouring mill here, and has been prospecting for a site on F. H. Button's land on the east side of Hood River.

Among the list of bills mentioned by the Sun as being acted upon yesterday we note the following: "McGreer's house bill incorporating Dalles City and legalizing certain indebtedness heretofore incurred, and authorizing the city to sell bonds to build a bridge across the Columbia, was read a third time and passed."

Who knows anything about the bridge bonds? The following deeds were filed for record yesterday and today: Lewis Perkins and wife to C. M. Thompson, the sw 1/4, sec 29, tp 1 n, r 14 e; \$150.

I. O. G. T. Entertainment.

The members of Dalles lodge, No. 2, I. O. G. T., will give an entertainment in K. of P. hall, Saturday evening, Feb. 16, at 8 o'clock. A good program has been prepared, after the rendering of which refreshments will be served.

Ten days loss of time on account of sickness and a doctor bill to pay, is anything but pleasant for a man of a family to contemplate, whether he is a laborer, mechanic, merchant or publisher.

I would therefore suggest that all persons owning any real property in the county, look carefully over their deeds and make sure that all have been recorded as required by law, and thus insure a correct listing of it on the present owner record, which is now being prepared.

Four Big Successes.

Having the needed merit to more than made good all the advertising claimed for them, the following four remedies have reached a phenomenal sale.

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather.
