OUR NEW SENATOR.

The long agony is over, the legislature has adjourned, and ex-Secretary of State George W. McBride is elected United States senator to succeed Hon. J. N. Dolph.

George Washington McBride is a native son of Oregon, having been born in Yamhill county in 1854. He is a son of Dr. James McBride, who was well known as one of the earliest and sturdiest pioneers of this state.

Mr. McBride comes from an old and very well-known Oregon family. He has several brothers, who have achieved leading positions in the law and in medicine.

It was Mr. McBride's early purpose to become a lawyer, and with that end in view, after leaving school, he entered the law office of Judge J. C. Moreland of this city.

Mr. McBride is often called an "Oregon boy." With the exception of two years spent in San Francisco, he has always lived in Oregon.

A MAXIMUM RATE BILL.

The \$20,000 item in the appropriation bill was cut out of that document before it passed, so that although the railroad commission was not abolished, no money was provided for paying its members.

We make this statement for the reason that the article in question has been copied in some of the California papers and may work an injustice to Mr. Packard.

them or suffer punitive damages should they kill a few dozen citizens through gross negligence concerning these defective portions of their roads.

The railroads have need of the commission, the public has not. What the people want, and what, if they will do their duty as citizens, they will have two years from now, is a maximum rate law, both as to passengers and freight.

Since the above was in type, we are told by Mr. Mays, who has just returned from Salem, that the \$20,000 for the railroad commissioners was put back in the appropriation bill, and is a part of it as passed.

AN ECONOMIC REVOLUTION

Very few people realize, says the Eugene Register, how great has been the fall in price of the necessities of life during the last twenty, or even during the last 10, years.

When we find that in 1874 England paid \$155,000,000 for 47,000,000 hundredweights of foreign wheat and flour, and that last year 89,000,000 hundredweights cost her only \$133,000,000, we get a realizing sense of more than the significance of cheap bread.

The cheapening of articles of food has been no more remarkable than that of the raw materials of manufacture. In 1874, 14,000,000 hundredweights of raw cotton are valued among British imports at \$255,000,000, while last year 16,000,000 hundredweights cost only \$165,000,000.

N. R. PACKARD'S CASE.

A few days since, commenting on a telegram stating that N. R. Packard had been arrested in California charged with falsifying the county records or something of that kind, we stated that Mr. Packard was at one time county clerk here, and that he left here with serious charges hanging over him.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallowness and blotchy skins.

The returns as to the amount of your income, provided you have any over \$3,500 per year, will have to be made on or before April 15th.

A TELL TALE REPORT.

The following is the report of the government statistician for the months of January and February, and it tells an eloquent story of the hard times. In live stock alone the decrease in values from the same months in 1894 is equal to one-fifth of all the gold, silver, and paper money in circulation in this country.

The estimates of farm animals for January, 1895, show a decrease in the number of horses as compared with January, 1894, of 187,821, or 1.17 per cent; a decrease in mules of 19,123, or 0.81 per cent; an increase in milch cows of 17,229, or 0.10 per cent; a decrease in oxen and other cattle of 2,243,952, or 6.13 per cent; a decrease in number of sheep of 2,753,953, or 6.11 per cent; a decrease in the number of swine of 1,040,782, or 2.30 per cent.

The average values per capita of animals, as estimated, are as follows: Horses, \$36.29; mules, \$47.55; milch cows, \$21.97; oxen and other cattle, \$14.06; sheep, \$1.58; hogs, \$4.97. Total value of live stock on farms is \$1,819,446,306, a decrease of \$351,370,448 from the total value of 1894.

The populists were not in it Sunday. The sun shone down from a cloudless sky upon the glad spring day, which republicans and democrats can claim as their own. The legislature had adjourned, and the pledges of economy and reform, of lopped off railroad and other commissions, had not been kept.

It is confidently asserted by those who claim to be best informed that Dolph will be elected today. The claim is based on the alleged statement of some of the boliers that they would vote for Dolph, rather than leave the office vacant.

This is the last day of the legislative session, which will close in compliance with the joint resolution, at midnight. While the bitter senatorial contest has tended to interfere with the regular business of the legislature, yet considerable work has been done.

Gold for the Bonds.

WASHINGTON, Feb. 23.—Up to and including today the treasury department has received \$29,675,708 in gold on deposit on account of the Belmont-Morgan bond purchase; it has issued \$28,422,774 in certificates for the same, and has carried to the gold reserve \$29,339,289. The treasury interest payments on account of recent bond issues, and the gold bond issues up to date, aggregate this fiscal year \$23,000,000, or about 11 per cent of the total receipts of the government for the fiscal year to date.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallowness and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color.

Professor and Student Not Sufficiently Orthodox.

OAKLAND, Calif., 23.—Charles W. Woodworth, professor of entomology at the state university, and W. C. Maxwell, a student of the same place, have been expelled from the First Baptist church of Berkeley on charges of heterodoxy, preferred against them by the Rev. W. C. Learned and the deacons of the church.

There is much excitement in Wall street over the allotment of bonds. It is said small investors and savings banks will be given the preference.

The syndicate was announced that the total subscription to the new 4 per cent loan in the United States amounts to \$200,000,000.

Four Big Successes.

Having the needed merit to more than made good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, Coughs and Colds, each bottle guaranteed—Electric Bitters, the great remedy for Liver, Stomach and Kidneys.

WASHINGTON, Feb. 24.—The president today nominated Olin Wellborn, of California, to be United States district judge for the Southern district of California, and John W. Showalter, of Illinois, to be United States circuit judge of the seventh judicial district.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with Pneumonia succeeding La Grippe.

Insurgents Successful.

LONDON, Feb. 25.—A Bombay dispatch says: Insurgent Bedouins have captured the greater portion of the city of Muscat. The sultan fled from the palace, but succeeded subsequently in retaking the eastern portion of the town. The results of the fighting are still uncertain.

MOTHERS

and those about to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its torture, terrors and dangers to both mother and child, by aiding Nature in preparing the system for parturition.

Tanks, Cattle Co., Texas. Dear Sir—I took your "Favorite Prescription" previous to confinement and never did so well in my life. It is only two weeks since my confinement and I am able to do my work. I feel stronger than I ever did in six weeks before.

A MOTHER'S EXPERIENCE.

South Bend, Pacific Co., Wash. Dear Sir—I began taking your "Favorite Prescription" the first month of pregnancy, and have continued taking it since confinement. I did not experience the nausea or any of the ailments due to pregnancy, after I began taking your "Prescription." I was only in labor a short time, and the physician said I got along unusually well.

Recently the Albany Democrat mentioned the 60th anniversary of Mr. and Mrs. Robert Palmer, aged 83 and 81, of La Grande. The Lebanon Express completely capsize this record. It says: Lebanon can beat this record by considering in the persons of Mr. and Mrs. D. Peebler. The respective ages of Mr. and Mrs. Peebler are 92 and 90 years.

Many stubborn and aggravating cases of rheumatism that were believed to be incurable and accepted as life legacies, have yielded to Chamberlain's Pain Balm, much to the surprise and gratification of the sufferers.

Count Tolstol the Author.

BERLIN, Feb. 25.—A telegram from St. Petersburg says it is reported there that Count Tolstol, the noted Russian novelist and reformer, is the author of a liberal manifesto recently issued against the czar's declaration that he would uphold an autocracy as ardently as his late father.

Consul Resigns.

WASHINGTON, Feb. 25.—The secretary of state has received the resignation of Charles S. Haseltine, of Michigan, as United States consul at Milan.

Committed Suicide.

VICTORIA, Feb. 22.—The body of Garvin Andrews, a well-known blacksmith, was found last night in his room, a razor at hand indicating suicide. The cause is unknown.

Wants It Made Public.

LONDON, Feb. 22.—Sir John Lubbock has announced his intention of asking the government to publish correspondence respecting the matter of a colonial copyright.

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather.

Appointed a Lieutenant.

LONDON, Feb. 22.—Winston Churchill, eldest son of the late Lord Randolph Churchill, has just been appointed a lieutenant in the Fourth Hussars.

Symptoms of kidney troubles should be promptly attended to; they are nature's warnings that something is wrong. Many persons die victims of kidney diseases who could have been saved had they taken proper precautions.

"I guess my hat's my own! I paid for it," snapped the young woman at the matinee, turning round and addressing the two men who were making audible remarks about her towering head-dress; "and I paid for my seat, too."

O. W. O. Hardman, Sheriff of Tyler Co., W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy.

"My furnace," said the man who keeps house, "is out of sight." "So is mine," replied another; "out of anthracite."—Washington Star.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for a lame back with great success.

Winks—Did Mckick have much to say on the subject of railroad monopoly while you were there? Minks—Well no. You see, just after I called, a cartman drove up with a box for him. The railroad freight on it for 100 miles was a quarter, the cartman's charges for hauling it six blocks was 50 cents.—New York Weekly.
