HAYWARD IS FOUND GUILTY

He Was Removed From the Courtroom Before the Verdict Was Made Public--Fearing Violence.

GUILTY AS CHARGED.

MINNEAPOLIS, March 8.—The jury's verdict in the Hayward case is "guilty as charged." The verdict was kept a secret while the prisoner was being conducted back to jail.

No one was allowed to leave the court house, and immense crowds gathered.

The judge's order that no one should be allowed to enter or leave the courtroom until Hayward was safe behind the bars was effective in preventing trouble. When word was brought back that the prisoner was safe the verdict was read. A poll of the jury was demanded, and without hesitation each man answered "guilty." Up to the time the verdict was read counsel for the defense expressed the greatest confidence in his acquittal. Hall, assistant county attorney, moved for immediate sentence, but owing to the absence of Erwin, the passing of sentence was postponed until Monday morning at 10 o'clock.

Erwin finished his argument for the defense today. He pointed out that the loan Harry Hayward made Miss Ging had not been attacked in the evidence except by the word of Blixt. The validity of this loan was a citadel of defense. It was evident that had the police machine been properly set in motion the mystery surrounding Miss Ging's behavior would have been solved in a manner consistent with the noble character of the girl, and an innocent man would have been relieved from the charge under which he now rests. In closing, he said this was the most monstrous persecution in history.

It took Judge Seagrave Smith 40 minutes to read his charge to the jury. He declared the verdict must be guilty as charged or not guilty. If the defendant was guilty it was premeditated. He explained the reasonable doubt theory at great length. He continued: "It is necessary for you to be satisfied that Blixt killed Miss Ging; second, that Hayward incited him. If when you retire you are satisfied that Blixt killed the girl, you may proceed, if not, do not consider the verdict further, but if Harry did incite as charged, your verdict will be guilty."

The charge was perfectly satisfactory to both sides and no exceptions were noted. The ruling passion in Harry Hayward was strong in the presence of death. He placed a bet of \$10 this morning that a verdict of acquittal would be reached inside of two hours.

Court adjourned until two o'clock. It is believed in case a verdict of "not guilty," there will be rioting. There is no way in which Hayward can be taken from the room except through the crowd, and rumors of violence are heard.

River Stern Sunk.

CINCINNATI, March 8.—During a heavy fog this morning the steamer Longfellow, belonging to the Cincinnati, Memphis & New Orleans Packet Line Company, going to New Orleans, in some way not yet clearly explained, lost her course, crashed against a pier of the Chesapeake & Ohio railway bridge and sank.

Her 26 cabin passengers were all rescued by the company's harbor boat, Hercules Carrell, except a lame man named Aldrich, of Cleveland, who is still missing. Those of the crew who are missing are: Captain I. Lawrence Carter; second mate, name unknown, and three roundabouts also unknown.

The steamer literally crumbled to pieces immediately following the collision, and sank bow first.

The Longfellow was valued at \$22,500 and insured for 15,000. She was carrying 500 tons of freight.

The real cause of the accident is said to be that the boat was unweildy. The towboat Hercules Carrell was sent along with the steamboat to aid her in passing the bridges, and was attached to the stern of the steamboat for the purpose of keeping the stern clear of the bridge piers, but proved unable to do this.

Many passengers were in their staterooms when the collision occurred, but the blasts of the whistles of both the Carrell and Longfellow awakened them and they hurried on deck. The Carrell ran alongside of the sinking boat, and the passengers were quickly transferred

to it. But for the presence of the Carrell the loss of life would have been fearful. The Longfellow was one of the hand-somest packets on the Ohio. Second Clerk Colbert and Second Engineer Hart each had a foot crushed.

The known list of dead numbers three; David Aldrich of Rome, New York, who was lame; Captain I. L. Carter, the clerk of the boat, and James Miller, a colored porter. The others reported missing have been accounted for. The loss of the steamer is one of those tragedies there seems to be no means of preventing short of the removal of the bridge piers.

The Haytian Rebellion.

KINGSTON, Jamaica, March 8.—The revolution in the republic of Hayti, reported yesterday to have begun in the north, has extended already to the south. Haytian exiles who have been living in Jamaica waiting for a chance of overthrowing Hippolyte, are preparing to leave.

The Haytian minister of war, General Adelson Verene, has fled to San Domingo. This makes two members of the cabinet that have deserted President Hippolyte. Finance Minister Fouchard being the first to go, after a bitter quarrel. The public treasury is empty and the president is unable to raise money by loan.

Canadian Cheers Given for the American Flag.

St. John's, N. F., March 8.—The steamer Grand Lake arrived here from Halifax last evening. At 6 o'clock, when the ship was sighted, an immense crowd began to gather until about 3000 people were on the wharf. As the ship came near the wharf, the American flag was hoisted at the foremast head and excitement ran very high. Cheer after cheer went up for the American flag, for the United States and for Boston. When the ship was moored a delegation from the relief committee went on board and were met by Mr. Faye, who is in charge of the relief, which amounts to about 1700 barrels of provisions.

Protestant Worshipers at Lompans, Bulgaria, Attacked.

SOFIA, March 8.—During religious services at the Protestant church at Lompans, the building was invaded by a mob members of the orthodox Greek church, who assaulted the worshipers, tore up their prayer books and completely wrecked the interior of the church.

Several Germans and Americans were seriously injured during the disturbance. The Americans are under British protection.

Caught in Time.

BUFFALO, N. Y., March 8.—A trunk containing jewelry samples, valued at \$100,000, was stolen from the sidewalk in front of a prominent hotel this afternoon. It was only left for a few minutes by the porter. Detectives found it in an alley where two men had broken it open and were busy burying its contents in a hole. The men were arrested.

Swindled an Englishman.

ZACATECAS, Mexico, March 8.—Louis J. Foot, an Englishman, representing a wealthy British syndicate, has been swindled out of \$50,000 by two American mining prospectors. They salted a non-paying mine west of here and sold it to the Englishman for \$100,000. One-half of the amount was paid in cash. The Americans immediately left the country.

Killed by Wild Animals.

HUNTINGTON, Va., March 8.—Yesterday afternoon Rev. Elijah Teller, who lives on Pigeon creek, Logan county, left home for a short walk down the creek. This morning pieces of his body were found scattered along the road. It is thought he was attacked by wild animals and torn to pieces.

NEW NATIONAL PARTY

Quite a Gathering of Prominent Silver Men.

ANXIOUS TO CONTROL A PAPER

They Are Said to Be Negotiating for One That They Might Boom Their Presidential Candidate.

New York, March 9.—A story came to this city today from Washington that certain men, prominent in the silver states of the West, were negotiating for the purchase of a morning newspaper in this city, with a view to booming a silver man for the next nomination for the presidency. It was considered significant that a number of United States senators from the silver states have arrived in the city within the past few days. Senator Edward O. Wolcott, of Colorado, has been at the Holland house since Thursday night, and Senators Francis E. Warren, of Wyoming; William Bate, of Tennessee, and Pettigrew, of South Dakota, and ex-Senator Thomas C. Power of Montana, are domiciled at the Fifth-Avenue hotel. Senator Wolcott could not be found at the Holland house this morning. At the Fifth-Avenue, Senator Warren was seen. When asked about the story, he said: "I am here on purely personal business, and have not heard the slightest rumor that the silver men intend to buy a New York newspaper. Our people in Wyoming look to the next congress to settle the financial question in a way to unite and satisfy the whole country. Perhaps we may get an international agreement establishing the ratio of silver to gold, or the problem may be worked out in some other way here at home. The question is one that will not down, and must be settled before we have the free exchange between all parts of the country which alone can bring renewed prosperity. The present administration has been simply imbecile in its treatment of the financial question. It promised us that if the Sherman act were repealed, immediate improvement would be felt. The condition of the country has grown worse, instead of better, and the last congress and the administration stand on record as having deceived the country in a game of bunco."

Senator Pettigrew and Bate and Ex-Senator Power also denied any knowledge of the story.

Indians Are Citizens, Except as to Alienating Lands.

PENDLETON, Or., March 9.—Troop A, of the Fourth cavalry, from Walla Walla, arrived here at 8 o'clock this evening, on a special train, and will be taken, without delay, to Mission station, on the reservation, from which point it will proceed to the agency, which is near the station. Indian Agent Harper had been notified from Washington that troops were held in readiness at Walla Walla, but kept his counsel, saying nothing until about time for the arrival of the train, when he gave out information that he had requested that they come. He alleges it may be necessary, in order to protect the agency and the whites who live on the reservation, to have the soldiers at hand.

This afternoon Judge Fee, of the circuit court, rendered a decision in the habeas corpus case.

It declares that the Indians are citizens, and under the Dawes act entitled to all rights, privileges and immunities of other citizens, except as to the power to alienate their allotted lands on the reservation, title to which was transferred subject to the trusteeship of the United States government. The release of No Shirt and Young Chief was also ordered. Counsel for the Indian court will appeal in this and in another case, pending. The Indians' counsel were seen, and said they had told the Indians they must not resort to violence in any event, but go about quietly and await the final supreme court decisions. This the Indians promised to do, and the head men asserted they would use their influence to prevent any disturbance. There is no danger, in the opinion of every one here, unless the Indians get drunk and become involved in trouble with the Indian policemen.

WASHINGTON, March 9.—The secretary of the interior has requested the secretary of war to send troops from Walla Walla to the Umatilla reservation, if the agent there makes a request.

By telegraph, Agent Harper advised the interior department, from Pendleton, Or., that Judge Fee upholds his decision in the habeas corpus case of No Shirt and Young Chief, Umatilla Indians, and if they were released he feared trouble.

The agent did not state what the difficulty was with the Indians.

WALLA WALLA, March 9.—Acting upon orders from headquarters, troop D, Fourth cavalry, officered by Captain J. R. Richards and Lieutenant H. S. Hawkins, with 40 men, left by special train at 6 o'clock this evening, for the Umatilla reservation.

Compensation for Transportation to Be Paid Branch Lines.

WASHINGTON, March 9.—Secretary Carlisle today issued an order directing that hereafter all compensation for mail and other services rendered the government by certain nonaided or leased lines of the Union Pacific shall be paid the receivers of the respective companies, instead of being applied, as heretofore, to the sinking fund and the bond and interest account of the Union Pacific. This action is based upon the decisions of the courts, and the showing made that these roads are not under the control of the Union Pacific, and that the retention of the compensation earned is illegal. None of the payments authorized are to be made except on the filing with the treasury department of a properly certified order of the court appointing the person or persons named in the said order, receiver or receivers of the said companies. This order is to apply to all payments for compensation for services rendered since the appointment of said receivers, and which have, heretofore, been withheld, awaiting the action of the treasury department, and to all future payments to the respective companies until further ordered.

No More Patents to Be Issued.

WASHINGTON, March 9.—Secretary Smith has determined that no more patents for land granted the subsidized railroads shall be issued until there has been a settlement of the debt due the government from these roads. An attempt was made to get a resolution to this effect through congress, but it failed. As soon as the resolution was presented, Commissioner Lamoreaux, of the general land office, immediately suspended work upon the preparation of lists of lands within the grants, and none were sent to the secretary for approval while the resolution was pending. Afterward, when congress adjourned, the commissioner felt compelled to go ahead with the patenting of lands to the Union Pacific and Central Pacific, but with the announcement of the secretary that he will not approve further patents to these roads, work was again suspended. Secretary Smith will soon make an order to that effect, and give reasons for such action. He says that he thinks it just that no more patents should be granted when the roads owe the government such large sums. It has been stated that a suit for mandamus, to compel the secretary to continue patents, will be brought by the railroads. When this was suggested to Secretary Smith today, he said it would be time enough to begin work on the patents when the courts granted such mandamus. The lands affected are within the grants to the Union Pacific and the Central Pacific between Omaha and Sacramento. It is also thought the lands within the grants to the Oregon and California road will be affected, as it is operated as a part of the Central Pacific system.

Situation at Hot Springs Said to Be Much Worse Than Reported.

JACKSONVILLE, Fla., March 9.—A letter received by R. W. Adams, of this city, from a relative at Hot Springs, Ark., states that the smallpox epidemic in that place is much worse than the newspapers reports would indicate. The letter says that not a newspaper in Hot Springs dares to publish the truth about the situation, for the publishers were told that if they printed the truth the papers would be burned and the offices wrecked. Correspondents for outside papers have been similarly intimidated. The letter describes the situation at the famous resort as harrowing in the extreme. Many are dying daily, and new cases are being constantly reported. The hospitals are crowded, and doctors and nurses are unable to give proper attention to the patients.

The Removal of Governor Hughes.

PHOENIX, A. T., March 9.—The long-looked-for removal of Governor Hughes today assumed the semblance of reality. This morning a telegram was received from Secretary Wilson by E. F. Kellner, in which Kellner was asked if he would accept the governorship, Kellner is a wealthy and prominent merchant, the president of the chamber of commerce, and a strong democrat. He is not identified with any of the warring democratic members of the legislature. It is understood he has signified his willingness to accept by telegraph.

Count Castellane might remind the Rothschilds that he is right in their class in the matter of American railroads.

SENTENCED TO DEATH

Hayward Has Three Months More to Live.

THE PRISONER LISTENED UNMOVED

Grounds for a New Trial Will Be Considered the Latter Part of the Month--The Sentence.

MINNEAPOLIS, Minn., March 11.—Harry T. Hayward came into court today in the same leisurely, calm manner that has characterized his demeanor throughout the trial, and surveyed the crowd coolly while his handcuffs were being removed. Judge Smith agreed to examine the grounds urged for a new trial by March 25. He said he had no doubt whatever that the verdict was a just and righteous one, and while he did not believe in capital punishment, it was his painful duty to pass sentence in accordance with the law.

"The sentence of this court," he continued, "is that you be taken hence to the county jail, and there confined until after a period of three months' time, and that you then be taken to the place of execution and hanged by the neck until you are dead."

Harry listened calmly and sat down without the slightest show of feeling.

Brazilian Estate Which Will Descend to American Heirs.

NEW YORK, March 11.—Three brothers whose surname is Buffenberger, and who lived in Springfield, O., received a visit from another brother, Elijah, in the fall of 1853. Nothing more was heard from him until several months ago when the children of the three brothers were advised by the consul-general at Rio Janeiro that Elijah had died in Brazil, a bachelor, apparently intestate, and had left a fortune estimated to be worth \$8,000,000. His heirs, among whom were Mrs. Judge D. C. Badger, of Columbus, O., and Mrs. John Crawford of this city, engaged ex-speaker Warren L. Kiefer, of Springfield, as counsel, and sent an attorney to Brazil. A telegram received from Springfield says that a letter has just come from the lawyer sent to Brazil, in which he estimates the estate at \$16,000,000, and says that the heirs will get their money in a few months, if nothing unforeseen occurs. The share of Mrs. Crawford, of this city, is put at \$1,000,000.

Dr. Whitman's Mission.

CHICAGO, March 11.—Dr. Marcus Whitman's mission was the theme yesterday of sermons of a number of congregational ministers.

This was in accordance with a resolution that on March 10 sermons should be preached about the work of Dr. Whitman and that offerings should be taken to aid in providing a memorial for him. The memorial proposed is \$200,000 endowment of Whitman college, at Walla Walla, Wash., which is near the site of Dr. Whitman's martyrdom. D. K. Pearson, of this city, offered to give \$50,000 upon condition that an additional \$150,000 should be raised. Of this amount the city of Walla Walla has already contributed 300,000. The offerings made yesterday were liberal.

California's Supreme Court Decided Against a Bankwrecker.

SAN JOSE, Cal., March 11.—H. M. Leonard, the Santa Clara bankwrecker, who, together with Cashier C. C. Hayward, now deceased, precipitated the failure of the bank by their "loans" to themselves, bids fair to go to jail for at least three years, as the supreme court has sustained Judge Reynolds in denying a new trial. Leonard's counsel, H. V. Morehouse, says he will move for a rehearing. Besides this case there are several other indictments for embezzlement and one for falsifying the records that are yet untried. The aggregate of his and Hayward's speculations was about \$240,000. Leonard is out on bail of \$11,000.

On the Umatilla Reserve.

PENDLETON, Or., March 11.—A visit to the reservation disclosed everything quiet with the exception of a few minor disturbances with Indians who show an inclination to get drunk under the new order of things. A former Indian police-

man and an Indian had a fight near the agency, and one drunk Indian, who was clubbed in town by the city policeman, makes a complete list of the trouble thus far. All day Sunday the Indians counceled at Young's Chief's and decided to raise a purse to defray the expenses of a delegation to go to Washington and make numerous representations.

A few fiery fellows show a desire for retaliation for alleged wrongs and indiscreet remarks attributed to Chief No Shirt regarding his feeling toward Agent Harper. Captain Richards came in from the reservation and telegraphed General Otis, Vancouver that all was quiet. He says his stay on the reservation is indefinite.

Excitement Dying Down on the Umatilla Reservation.

WASHINGTON, March 11.—Upon representation of the agent of the Umatilla, Or., Indian agency, that trouble might follow the release upon habeas corpus of the two Indians now under arrest, the war department has ordered General Otis, commanding the department of the Columbia, to send troops there if in his judgment it is necessary and prudent to do so.

The Indian office has received information that Indians No Shirt and Little Chief, arrested on the Umatilla agency, for whose safe-keeping the Indian agent asked United States troops, have been released and no further trouble will follow. It is expected No Shirt, Little Chief and Peo, of the Umatilla tribe, will visit Washington in a short time.

Being Tried for Murder.

BUFFALO, March 11.—Clarence and Sadie Robinson were put on trial here today for the murder of Lawyer Montgomery Gibbs, April last. Gibbs' body was found lying in the driveway on Delaware avenue with two pistol shot wounds. It was thought the matter would never be solved, but a few months after the murder, Mrs. Robinson was arrested in Cleveland, O. She made a confession which was in substance that her husband and herself being hard-up, waylaid Gibbs and demanded his money. The latter struggled and was shot by her husband. The husband says his wife did the shooting.

Many Were Disappointed.

MENTONE, France, March 11.—Many people came today from Cannes, Nice and other places in the expectation of seeing a race between the Alisa and Britannia. The Alisa did not appear, and she may have to go to Marseilles for repairs.

The race today was for a prize of 1,000 francs, offered by the president of France. The course was 20 miles. The Britannia, Consair and Valkyrie entered. The Britannia won the race for yachts of her class, and the Dakota for smaller yachts.

It is Possible Mexico Will Receive One Soon.

SAN FRANCISCO, March 11.—The party of Chinese dignitaries who left this city in July last under orders from their government to make full and thorough investigation of Mexico, its resources, fertility of soil, climate, cost of living and many more details, indicating that the Chinese government contemplates locating a large number of its subjects in that country, have just returned and have forwarded a full and complete report of their investigations to the Chinese minister at Washington. They say it is very favorable for Mexico.
