Shiplands of Flour. SAN FRANCISCO, March 13.—The steamer City of Peking sails tomorrow for China and Japan, and all of her available space for freight has been taken.

The reason given for this rush for freight space on the part of flouring men is the demand for room made by Portland millers. Strange as it may seem to San Franciscans, flour is being manufactured in Oregon and shipped to Hong Kong by way of San Francisco, and put on the Oriental market to compete with the products of California.

What arrangement has been made with the Pacific Coast Steamship Company to transport flour to San Francisco is a secret. A special rate is understood, has been given to Oregon manufacturers by local China lines, which enables them to compete with California mills.

Anti-Toxine of Tetanus. NEW YORK, March 14.—Before the Medico-Legal society a paper was read last night by Paul Gibier, director of the New York Pasteur institute, in which he presented the interesting facts of a discovery in which he claimed that antitoxin of tetanus is a positive preventive if not an absolute remedy for lockjaw.

Through a large microscope, which Dr. Gibier had previously set upon the platform, his hearers were enabled to peep at magnified bacilli of tetanus with which he had charged the glass.

"These are the globes which produce the terrible tetanus," said Dr. Gibier. "The bacilli of tetanus cover all sections of the earth inhabited by man or beast. The germs are indigenous, I might say, to the soil where man or animal lives. Particularly in the stable myriads and myriads of these germs of disease have their being. The horse, more than any other animal, is susceptible to tetanus, and this may be accounted for from the fact that the filth of the stable is more conducive to the development of the tetanus bacilli than any other condition."

"The disease is not contracted by inhalation. It is the result of the germs being introduced into a wound or opening of the skin. Once in the wound the germs of tetanus thrive wonderfully, and in a few days produce that awful condition which results in the stiffening of the muscles of the jaw, terrible rigidity of frame and ends in death."

Dr. Gibier quoted statistics showing that 65 per cent of the cases of tetanus resulted fatally, these figures including deaths on the battlefield and in railway accidents. The development of the tetanus among victims of railroad accidents, he said, was due to the introduction of the germ charged rail into the wounds.

Pacific Coast Wheat for Europe Via the Isthmus.

MINNEAPOLIS, Minn., March 13.—An experimental shipment of Pacific coast wheat from Portland, Or., to Liverpool by way of Panama, undertaken by F. H. Peavey & Co., of this city bids fair to be a success. The firm today received mail advices from Colon that the transshipment had been effected at the isthmus without injury.

The new route saves the long voyage around the Horn. It was a question whether the wheat would not be spoiled by the weather it would encounter in crossing the isthmus, but this fear is now proved groundless, and it is probable that much of the coast wheat will go by this route in future.

The Washington legislature will cease from troubling at midnight tonight. The doxology will be heard with great and fervent thankfulness by the people of our sister state, even though they are somewhat used to the Kansas style of politics.

AYER'S SARSAPARILLA. CURES OTHERS. PURE BLOOD. CLEAR SKIN. HEALTH. MENTAL ENERGY. SOUND SLEEP. LONG LIFE. VITALITY. STRONG NERVES.

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would wonder me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day."

Ayer's Sarsaparilla. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Cures others, will cure you.
