CAIRO, Egypt, March 16 .- Following are the particulars of the escape of Slatin Rey from Bahdi's camp, Omdurman, Khartoum, where he has been a prisoner for eleven years past. Slatin escaped with the assistance of a Soudan merchant named Evail, who arrived here from Omdurman some months ago bearing a letter from Slatin Rey in which the latter asked if some arrangement could be made with Eyail so as to enable him to escape. Eyail was placed in communication with the Austrian consul here, who made a contract with the merchant, the latter agreeing to try and effect the escape of Slatin Rey. When the arrangements were completed, Eyail returned to Emdurman and laid his plans to get Slatin away, but the first attempt failed. Eyail persisted, however, and eventually succeeded in getting Slatin Rey out of Omdurman. After Father Oherwalder effected his escape in December, 1891, he stated that there were forty Europeans still held at Omdurman, that they were kept lodged with manacles and were often cruelly beaten and were so strictly guarded that they had lost all hope of ever escaping. He also stated Slatin Rey was stitl alive and belonged to a bodyguard of Mahdi's successor, but that he also was closely watched.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimo nials. Address,
